CAMPAIGN BOILING

Election Drive Nearing Climax

By NORMAN CRIBBENS, Times Political Reporter

British Columbia's bitter election battle enters a climatic phase this week with party leaders stumping the province and party organizations going all out to capture voters before the Sept. 19 polling day.

From his hometown of Kelowna today, Premier Bennett started a blitz tour of the Okanagan, while Premier T. C. Douglas of Saskatchewan flew to B.C. to spearhead an all-out CCF drive ranging from Fort St. John in the Peace River to Victoria, Vancouver and Abbotsford.

Mr. Douglas flew to Vancouver today after addressing meetings at Fort St. John and Dawson Creek. He arrives in Victoria tonight at 6.45 and will address a mass CCF meeting in the Central Junior High School at 8 p.m.

PAYING BACK

In his own words, he is "returning the compliment paid us by Premier Bennett when he campaigned against us in the Saskatchewan election."

Speaking with Premeir Douglas here will be CCF candidates Frank Snowsell (Saanich), Elvan Walters (Esquimalt), Neil Hindle, William Caird and Mrs. May Campbell (Victoria) and P. H. Thomas (Oak Bay).

[illegible] p.m. Wednesday, the CCF will have a slate of 51 candidates in the field. This is one short of a complete slateas the CCF is not contesting Tom Uphill, Labor Independent member for Fernie.

SOCRED SLATE FULL

Social Credit now leads the field with a complete slate of 52. Liberals and CCF are close on their heels with 51 each. Conservatives have 18 and Labor Progressive 10.

At Dawson Creek, Premier Douglas declared the CCF was not taking over B.C.'s election campaign forthe CCF party.

"We are merely lending a hand."

He saidthe CCF believed in three kinds of ownership,—private, co-operative and public.

"We believe certain industries are monopolistic in character. They are monopolistic if they control the life of a community. And industry, which controls the life of any community, should be owned by the people."

He said Saskatchewan's power corporation will have brought electricity to 40,000 farms by the end of the year, whereas only 19,000 farms had been electrified in B.C.

"The residential natural gas rate in Saskatchewan averaged 66 cents a thousand cubic feet compared to a $1.16 rate when Vancouver gets natural gas this fall," he declared.

George Gregory, seeking reelection in Victoria as Liberal candidate, left today for a southern B.C. tour in which he will address six meetings in five days.

Gregory recently retired from handling the defence of Vancouver lawyer David Sturdy in order to bring the Sommers Sturdy case before the electorate.

Jammed Roads Kill 538 in U.S.

By The Canadian Press

At least 75 Canadians died accidental deaths during the Labor Day weekend, according to reports from all parts of the nation.

Ontario and Quebec accounted for 52 of them, and 14 of the fatalities were in B.C. Another fatality today, when an unidentified elderly man was struck by a car at Whalley, near New Westminster, was not included in the holiday total.

A Canadian Press survey from 6 p.m. local time Friday to midnight Monday shows 46 traffic deaths, 14 miscellaneous and 15 drownings, five of them in a single boating mishap at Kenora, Ont.

Seven of the B.C. victims were killed in traffic accidents, two were drowned, and five others died in miscellaneous mishaps.

Fred Gass of Trail was killed when his car plunged over a 300-foot embankment late Monday. An unidentified woman passenger was injured.

Michel Pete of the Chu Chua Indians was drowned in the North Thompson River, 65 miles north of Kamloops.

James Dubpermell, 23-year-old Seattle school teacher, died in a 100-foot fall on a mountain seven miles north of Harrison Hot Springs, 75 miles east of Vancouver.

The mishap occurred Sunday while he was climbing in the Rainbow Falls area wth a companion. A rescue party reached him Sunday night but it was not until Monday night his body was brought out by a U.S. navy helicopter from Sand Point, Wash.

James A. McLeod and his wife, Lina Barbara, of Kamloops, were killed Sunday when their lght car crashed more than 700 feet down an embankment from the Hope-Princeton highway, 30 miles west of Princeton.

Mrs. Jessie Munson of Vancouver, died instantly when she fell from the back verandah of her home to a concrete sidewalk nine feet below. Police believe she fell through a broken guard rail while shaking out a rug.

Fishing Trip Ends in Tragedy

In the United States the highway death rate dropped in the closing hours of the Labor Day holiday weekend Monday night and the United States safety council held out hope that the final toll would fall for the [illegible] deaths.

Although millions of homeward-bound motorists were jamming country's highways, an Associated Press survey reported only the relatively low number of 46 traffic deaths in a seven-hour period between 4 and 11 p.m. EDT. That raised the traffic-leath toll to 402. In addition, there have been 74 drownings and 62 deaths from miscellaneous causes for an over-all total of 538.

The worst holiday fatality in Canada was at Kenora, Ont., where five persons drowned Monday in a boating accident on the choppy waters of Lake of the Woods.

The victims: Mrs. Margaret Baker, 23; and Mr. and Mrs. Gordon Wieser, both 24, all of Kenora; Mr. and Mrs. [illegible]

A sixth member of the party, Robert Ebers Baker, 27, of Kenora, husband of one of the victims, was able to swim to shore.

The body of Mrs. Baker was recovered a few hours after the accident. It had remained afloat, suspended in the water by an air-inflated windbreaker. Dragging was started today for the other bodies.

The mishap occurred off Spruce Point near Ptarmigan Bay, 15 miles southwest of Kenora and six miles from Clearwater Bay, where the trip started.

Militiamen Patrol Town As Negroes Start School

CLINTON, Tenn. (AP) — Nine of 12 negroes enrolled in Clinton high school reported for classes today and many of the 796 white pupils stayed away as militiamen, busy during the night quelling a mob at nearby Oliver Springs, patrolled this centre of anti-integration tension.

While some of the white students lined the entrance jeers [illegible] the school's front entrance just before the 8.30 a.m. opening bell. Three negro girls arrived by private car and entered by a side door.

The comparatively quiet resumption of classes at the school, which integrated white and Negro students a week ago, was in sharp contrast to a tumutuous night in which a national guard force raced to Oliver Springs to put down a gun-shooting mob.

TROOPS CIRCLE AREA

National guardsmen in jeeps circled the block around the school as the students began arriving.

Adjutant General Joe Henry, commander of the guardsmen, mounted the school steps and talked briefly to the white pupils congregated outside. He suggested they go to their classes. The assistant athletic coach, Ronald Gust, joined Henry. He told the pupils "I think we ought to go to school." About 20 boys followed him in.

School officials later estimated attendance at about 50 per cent.

UNDER INJUNCTION

As the school doors opened U.S. Marshal Frank Quarles stood on the school steps and read a federal court order putting the entire citizenry of Clinton under injunction.

Few citizens were in the crowd to hear the order, issued Monday night. The injunction bans anyone from interfering with the peaceful integration of the Clinton high school.

At Mansfield, Tex., an Episcopal priest who walked into an angry mob to call for "Christian action," was led to safety today by a Texas Ranger when the racial demonstrators began arguing violently with him.

Rev. D. W. Clark of St. Timothey's Church in Fort Worth, Tex., was not harmed and no hand was laid on him.

The mob, which has vowed to keep Negro students out of the high school here despite federal court orders, was estimated at 150, far short of the 400 Friday. [illegible] earlier today announced that any Negroes who sought to register would be transferred to another school district immediately. Crowder made the announcement after conferring with school superintendent R. L. Huffman.

The priest told the crowd God had commanded man to love his neighbor.

One man exclaimed "Who is our neighbor?". Another de[illegible] rick.

Nasser Replies Tonight To Suez Control Plan

By JAMES M. LONG

CAIRO (AP)—President Nasser met today with his top advisers, presumably to frame his reply tonight to an 18-power plan for international control of the Suez Canal.

Prime Minister Robert Menzies of Australia also was in consultation with members of his five-country committee. The committee presented the majority plan of the London Suez conference to Nasser Monday.

The committee spokesman said Menzies so far has done most of the talking, but Nasser is expected to have his say at the evening conference. Nasser has rejected international control of the canal he seized July 26.

DENIES ULTIMATUM

Menzies committee spokesman took time to label as nonsense rumors afloat in Cairo that Menzies had handed Nasser an ultimatum.

"The atmosphere of the talks has been friendly with no sign of any hostility from either side," the spokesman said.

Despite the announced cordiality of the eetings, storm clouds still hung over Suez.

British and French military stores poured ashore at the British island base of Cyprus, 230 miles north of the Mediterranean entrance to the canal.

REQUISITIONS SHIPS

The French news agency said France's national defence department had requisitioned 45 merchant ships for duty with the "Suez squadron" in event of trouble over the canal.

The commander of Egypt's army said his forces are "strategically deployed to meet any situation."

Egypt's secret police arrested another British subject and charged him with spying. He is the fourth Briton to be arrester.

In Paris, the Suez Canal Company, operator of the canal before Nasser seized it, said in a statement it has ordered its pilots and other employees to stay on the job during the current Cairo talks.

PRAYER FOR TODAY

O Thou who didst remind us that we must become as little children, grant that we may share in their simplicity of faith. Make us teachable as little children. Shape us as a potter shapes the clay, Make us humble, expectant, trustful. Lead us in life's way for Jesus' sake. Amen.

Liberal Dares Martin to Debate Socred Books

VANCOUVER (CP) — Perry Millar, Liberal candidate for Vancouver-Burrard in the September 19 British Columbia election, has challenged Health Minister Eric Martin to a radio debate on the Social Credit government's bookkeeping record.

He sent a telegram Monday to the health minister, Social Credit candidate in the same constituency, to "defend the questionable bookkeeping practices of the Socred government." He suggested that the debate topic be, "How can the provincial taxpayers' dollar be clearly accounted for."

Soviets Admit Nina Hides In Embassy

LONDON (Reuters) — Nina Ponomareva, Russian discus throwing champion sought by British police, remained hidden in the Soviet embassy here Monday as her fellow athletes flew home to Moscow.

A Russian embassy official confirmed for the first time that Mrs. Ponomareva was in the Embassy, where she is immune from arrest.

"She will probably leave for Moscow in two or three days time," he said.

Nina, 27, brawny Olympic record holder, was tossed into the middle of a diplomatic storm by five feathery hats which a London store accuses her of stealing.

A court warrant has been issued for Nina's arrest because she did not turn up to face the shoplifting charge. Nothing except her presence in court can satisfy this.

The question is—what will happen when Nina leaves the Soviet embassy to go home? As soon as she steps out of the gates, her immunity ends and she can be arrested.

Despite the international repercussions of the affair, London police are dutifully keeping a watch for her. They were on the spot when the other Russian athletes flew off.

Injured Last Week, Cyclist Died Monday

Carl Nielsen, 73-year-old cyclist injured in a collision with a car on the Patricia Bay Highway last Thursday evening, died in Royal Jubilee Hospital Monday.

His death was the 12th of the year resulting from traffic injuries in the Greater Victoria area.

An inquest will be held at 11 a.m. Wednesday at McCall Bros. Funeral Home. Funeral services will be held Thursday at 3 p.m. in the chapel.

Mr. Nielsen, a widower, is survived by three sisters and two brothers in his native Denmark. He moved to Victoria from Alberta in 1940 and lived alone at 705 Piedmont.

The accident occurred at 5.45 p.m. as Mr. Nielsen was pulling out on his bike from Richards' Store at Elk Lake.

Saanich police said today he rode across the highway to get on to he northbound lane directly in front of an oncoming car driven by Gustave Steinbeck, 2718 Rock Bay.

Mr. Nielsen suffered head and leg injuries and his condition was described as poor when he was admitted to hospital.

MAYBE 'IT' WILL STILL LEARN TO 'MEOW'

Donald, No Daisy, Just Duck With Shattered Personality

BOTHELL, Wash. (AP)—Donald, the misnamed duck, is a creature with a puzzling personality. It isn't just a split one; it's high onto being shattered.

In the first place, says Mr. and Mrs. Edward Ringstad, the four-month-old waddler should have been named Daisy instead of Donald.

No. 2: She didn't have much justification for being born at all; a bantam hen, which wanted any old kind of egg to sit on, hatched Donald from a refrigerated one.

Lastly, Donald thinks she's a kitten. She was hatched about a week after the Ringstad's cat had kittens and moved right in on the feline family.

She tried to nurse from the cat without success, but started on a milk diet by eye-dropper. She went along as the mother cat taught the kittens to forage. For the first six weeks she slept with the kittens. She spurns water like any sensible cat.

She refuses to eat grain, preferring cat food. And she's crazy about horse meat.

"There's only one thing cats do that Donald can't," observed Mrs. Ringstad. "She can't meow."

B.C. ELECTION ROUND-UP

Mrs. Murray Hurls Defi at Bennett

Mrs. Margaret Murray, wife of former Liberal Member of Parliament George Murray, will run as an Independent in Peace River South.

The fiery woman editor of The Alaska Highway News, announced her decision after she heard Premier Bennett say that Independent candidates are not acceptable as Social Credit candidates.

"Mr. Bennett cannot issue an ultimatum to me," Mrs. Murray said. "I shall run whether he wants me to or not. But I shall still support the Social Credit government for its northern development policy if nothing else."

Stanley Carnell is the official Socred candidate for Peace River South, which is being contested for the first time in this election.

Smith said he would press for establishment of a railway commission "free of political influence" to control the Pacific Great Eastern Railway. He said he would also press for completion of the highway from Vancouver through Squamish to Lillooet.

John Beltz CCF candidate for North Vancouver, has promised to aid office workers "condemned to 52 weeks closed up in offices."

There are 12,011 names on the voters' list for the North Okanagan electoral district. The number is 500 more than were on the last voters' list.

There were 3,000 new registrations this year but more than 2,000 names were deleted from the last list.

SURROUNDED BY HIS WORLDLY POSSESSIONS, John Bickford, 81-year-old pensioner, sits in the rain on the lawn of his Toronto home after being evicted by the sheriff. He claims he was the "victim of a quick deal" because he wanted to sell his home for cash to go back to England, his homeland, to see his son. He said he was promised $8,000 but never received any of it and he claims he has yet to receive any payment. His son died last January and now Mr. Bickford doesn't want to go back to England.

Early Prairie Cold New Threat to Crops

EDMONTON (CP) — Out-of-season cold weather has settled over Alberta and Saskatchewan and the weatherman says farmers in the two provinces will have "at least two nights to worry over possible 'frost damage' to their crops.

The weather office said Monday cloud had prevented any serious frost damage Sunday and Monday but it would be mid-week before temperatures crept slowly back to September norms.

The coldest Labor Day on record in Edmonton brought no lasting snow to any Prairie points although there were a few snowflakes in the air in a light precipitation west of Calgary in the foothills. The snow, a little of which fell overnight in Edmonton and Calgary, melted as soon as it hit the ground.

A light frost was reported throughout southwestern Alberta Sunday and Monday but it was insufficient to cause real crop damage.

FROST IN CALGARY

Overnight temperatures Sunday fell to a record low for Sept. 3 of 33 in Edmonton and tied the record at Calgary, the coldest spot in the West, at a freezing 28.

The previous low in Edmonton for Sept. 3 was 49.8 on Sept. 3, 1952, while the temperature dropped to 28 in Calgary Sept. 3, 1929.

In Saskatchewan the coldest point was Swift Currrent where the temperature dropped to 33 Sunday night. Prince Albert and North Battleford temperatures were only two degrees higher while Saskatoon and Regina had overnight lows of 36.

Heavy Rains Downgrade Wheat Crops

WINNIPEG (CP) — Government officials said today that heavy rains which halted harvesting last week will likely cost Manitoba farmers thousands of dollars in reduced grades and yields.

Some grain authorities said wheat would drop at least one grade through bleaching caused by rain. Shelling and lower bushels weights would reduce yields by as much as 10 per cent in many areas.

Heaviest losses and longest delays were expected in eastern and northern sections of the province where about two inches of rain fell.

In the Red River valley, and northwestward to the Swan River district, combining is not expected to get under way again until late next week. Officials said that if current unfavorable weather persists, the lull may be longer.

Government officials said there was still a distinct threat that frost will cut into Manitoba special crops. Flax is generally 10 days to two weeks from maturity and soybeans and sunflowers are susceptible to severe frost damage.

Third Russian Nuclear Blast Revealed by U.S. Atomic Chief

WASHINGTON (AP) — A third explosion in the series of Russian nuclear tests in Siberia was announced Monday by the Atomic Energy Commission.

An AEC statement, issued by chairman Lewis L. Strauss, said the latest blast Sunday was about the same size as the two the Russians have acknowledged setting off Aug. 24 and Aug. 30.

President Eisenhower announced the two earlier detonations and for the first time located the site of the secret Russian proving grounds as in southwest Siberia. Moscow radio later confirmed the tests were under way and said the Soviets were perfecting "nuclear weapons" suitable "for arming of different kinds of troop formations."

Whether the devices are atomic or hydrogen bombs had not been revealed. But Eisenhower pinned the size of the first blast at "less than a megaton," which is the equivalent explosive force of 1,000,000 tons of TNT.

Asked Friday if the latest Russian tests would mean any changes in the U.S. defence planning of spending, the president said none were indicated.

AT WILLOWS BEACH

4,000 See Thrilling Powerboat Regatta

The Oak Bay waterfront echoed for close to four hours Monday afternoon with the high-pitched whining of some 20 powerboats competing in the annual Labor Day regatta.

A crowd of close to 4,000 holidayers watched the antics of the bouncing hydroplanes and runabouts from Willows Beach.

The sea was flat and referee Graham Fraser of Vancouver said overall conditions were near perfect.

Only one accident marred the afternoon. That occured when Jack Butterworth of Port Alberni, driving the 136-inch hydroplane Miss Mischief owned by George Mowatt of Port Alberni, piled into a submerged log.

BOAT SALVAGED

Butterworth escaped unscathed when the craft flipped over and sank after the shaft and propeller were twisted in the crash and a hole torn in the bottom. The boat was salvaged and towed to shore.

Butterworth was travelling at about 45 miles an hour at the time, getting set for the start of a race.

The meet was directed by the Victoria Inboard-Outboard Association and attracted boats from Island and Mainland groups.

George Murdoch, chairman of Oak Bay council's celebration committee, opened the regatta.

The coveted Native Sons of Canada Trophy was won by Jim Simpson of Port Alberni in Nemesis, who drove to victory in the outboard marathon.

Most exciting race of the day was the Crackerbox (inboard runabout) class, won by Ron Bestward of South Burnaby in Firecracker after a five-lap duel with Ken Cameron of Victoria in Hot Canary and Phil Wilkinson, Victoria, in the Maggie 2.

Lucky ticket in the draw for an 11-foot open car-top runabout with six-horse motor was held by Robert C. Watt of 721 McKenzie.

CUTTING SAANICH BIRTHDAY CAKE is 80-year-old Mrs. May Ludlow, crowned "Golden Jubilee Pioneer Queen" at the municipality's 50th anniversary celebrations at Beaver Lake Saturday. Pioneers each received a portion of the cake. (Times Photo.)

OLD-TIMERS HONORED

Saanich Cheers Golden Jubilee

As more than 3,500 cheered, old-timers of Saanich pioneers or immediate descendants of pioneers gathered at Beaver Lake Saturday to celebrate the municipality's Golden Jubilee.

It was a great day for Saanich.

There was a picnic, a water gymkhana, a baby show, the crowning of an 80-year-old Queen and two septuagenarian Princesses, a vaudeville show, a treasure hunt, an old-time bathing beauty contest and the judging of a beard-growing contest, and dancing on the green as night fell.

The big centre of attraction, of course, were the 80 or more pioneers who sat recalling the old days or took part in nail-driving and horseshoe pitching contests.

There was 94-year-old Frank Hobbs, a resident of Saanich since 1889, who delighted the crowd with his keen sense of humor about the old days in Saanich.

S. J. Jackman, 91, Wilkinson Road, who worked for Saanich 50 years ago, and was the municipality's first foreman, remembered the days when most of Saanich roads were sloughs.

The celebrations were opened by Reeve Arthur Ash, who paid tribute to the pioneers and introduced the guests who included former reeves, councillors and school trustees.

Public Works Minister W. N. Chant, representing Premier W. A. C. Bennett, and Austin Curtis, acting on behalf of Mayor Percy Scurrah, also brought messages of congratulations to the people of Saanich.

Highlight of the gala party was the crowning of 80-year-old Mrs. May Ludlow, West Saanich Road, as "Golden Jubilee Pioneer Queen." She was attended by two princesses, Mrs. Carrie Pope and Mrs. Annie Ferguson, both 78. All received gifts.

The queen was also given the honor of cutting a birthday cake which was divided among the pioneers.

Another attraction was an old-time bathing contest won by Carol Townsend, with Ruth Scott and Madeline Miskulin, pacing second and third respectively.

THE SUITS WERE ANCIENT, but the girls who filled them were young in an "old-style" bathing suit contest held at the Saanich anniversary celebrations Saturday. It was one of the big attractions. Left to right, Ruth Scott, who placed first; Carol Townsend, second; Winnie Francis and Jo-Anne Morrison.

Silver Tray Given Swimming Chef

The crowd cheered when Ben Laughren, a Saanich resident, was presented with an inscribed silver tray, for swimming the Strait of Juan de Fuca last month.

Saanich surveyor Bill Muir was also congratulated by Reeve Ash for his many attempts to swim the strait and for the publicity he brought to the municipality.

One of the big events of the party was a baby contest. Eighty mothers submitted their babies to be judged by Drs. John Hunt and J. C. Patterson.

The contest lasted longer than it was anticipated as the latter was obliged to leave suddenly to deliver a baby at the Royal Jubilee Hospital.

Winners of the contest who were presented with engraved cups were:

Laurie Ann McLeod, four and one-half months, 349 Gorge West, best baby under six months.

Elizabeth Nancy and Margaret Lucy Hopes, 11 months, 1072 Davie, best set of twins under two years.

Shirley Florence Robertson, 15 months, 521 Ker, best Saanich baby under two years.

Patsy Anne Lynch, 23 months, 847 Villance, best baby of the show under two years.

While children were being given free pony rides and entertained with games, hundreds of spectators were attracted to a diving contest. The competitors were members of Charles Constable's diving instruction classes.

Pat Burton and Norm Setzer placed first and second in the 16-and-under diving competition while Tom Humphrey came first and Gerald Burton, second, in the 18-and-under class.

Another major event was the beard-growing contest, won by Saanich Police Constable Jack Stone. Alex Marshall, 129 Island Highway, placed second, and R. Barnes, 4130 Glanford, third.

In the early part of the evening, over 100 children took part in a treasure hunt won by Marie Parsons, 3212 Maple street.

The entertainment also included the finals in the amateur shows which were held throughout August at Beaver Lake and performed on the moored float. Keith Donaldson, a saxophone and clarinet player, won the first prize of $100.

Alecia Tubman received second prize.

In the evening, two orchestras provided the crowd with old-time and modern dancing.

250,000 Hail Marilyn

TORONTO (BUP) — Swimmers Marilyn Bell and Cliff Lumsdon today were showered by ticker tape in a noontime parade up the crowded canyon of Bay Street from Toronto's Union Station to the city hall.

A crowd estimated at more than 250,000 cheered the swimmers, both conquerors of the Strait of Juan de Fuca, and their coach, Gus Ryder.

A week ago Lumsdon failed to finish the distance in the organized $27,000 Lake Ontario swimming race.

British Trade Unions Spurn Cabinet Plea

BRIGHTON, Eng. (Reuters) — The governing body of the British Trade Unions Congress Monday side-stepped a government appeal for a restraint in pay raise demands and announced it would remain neutral in a vital wage debate Wednesday.

The 1,000 delegates, representing 8,50,000 organized workers, opened their annual meeting determined to spurn treasury chief Harold Macmillan's plea for a soft-pedal to wage demands.

It will be the first time in recent years the union leaders have refused to put a restraining hand on calls for pay boosts.

Macmillan, in an eve-of-congress appeal, asked the unions not to cripple Britain's trading prospects by "another round of wage increases unaccompanied by corresponding increases in production."

Jailbreaker Caught

WINNIPEG (CP) — William Mullen, 31-year-old Toronto convict, was on his way back to Stony Mountain, Man., penitentiary today after two weeks' liberty following his escape Aug. 20 from the prison, 15 miles north of here.

Mullen was apprehended Monday in the Melita district, 234 miles southwest of Winnipeg, by RCMP following a tip-off from a Pierson, Man., district insurance salesman who recognized him from newspaper photos.

The arrest was made on the farm of Albert Cruyse where Mullen had taken on a job as a laborer under the assumed name of James Morris.

When arrested, Mullen put up no struggle. He was identified by numbered prison boots he still wore along with prison overalls which were splattered with paint so they would not be recognizable.

Arrest Ends 10-Year Hunt For Murderer

LONDON (Reuters)—A manhunt that stretched to the far corners of the earth, including a small room on the Isle of Man Sunday with the arrest of an American negro for the murder of a policeman 10 years ago.

Freeman Reese, 36, of Anderson, La., had eluded police on three continents since a warrant was issued for his arrest in Burton-on-Trent, England, in 1946.

A police constable, James Booth, 31, died from head injuries after stopping a man pushing a baby carriage containing a safe on a street in the early hours of the morning.

Reese, a deserter at the time, joined the French Foreign Legion and was drafted to Indochina. He was reported missing in 1950 after action against Vietminh rebels.

But when he arrived at the Isle of Man with a girl friend last week six policemen walked up to a small boarding house in Ramsey, and took him into custody.

Open Minds and Homework

IF DELEGATES FROM MUNICIPAL councils concerned with the Greater Victoria amalgamation report proved anything by their meeting last week, they proved that too many of the representatives haven't done their homework.

The meeting called upon Alderman Austin Curtis, newly-elected chairman of the group, to prepare a digest of the report presented by the Citizens Research Institute of Canada in May of this year.

Why a digest? The report itself runs to 75 pages. The past three months should have been adequate time for even a slow reader to cover its contents. And they concern matters of vital interest and importance to all people of Greater Victoria.

When the document was compiled on a fact-finding basis by the Citizens Research Institute it was presented to the city by the Victoria Senior and Junior Chambers of Commerce which financed the survey. It did not cost the city and municipalities a cent. Is that the valuation they are placing upon it?

A few days ago, before the meeting, Reeve A. C. Wurtele of Esquimalt gave what has been called his "rebuttal" to the plan.

The points he raised were familiar and negative. The reeve conveys the idea that unification would submerge Esquimalt, eliminate its identity and community spirit and, by inference at least, would overlook its particular interests because administration would be undertaken by eight men at the city hall.

This is an attitude of distrust conventionally associated with plans for unification. Yet no impressive argument was given by the reeve or his supporters to suggest that these assumed disadvantages would occur.

Perhaps the most useful course Esquimalt and other municipalities could follow would be to study those services for which amalgamation has already been effected. They might ask themselves whether or not they are suffering because the water utility has come under the jurisdiction of the Greater Victoria Water Board, because the educational system is now administered by the Greater Victoria School Board, and, in some cases, because health services have been unified.

Are the records of these administrative bodies so bad that the idea of unification is repugnant? If they are, the public has yet to be told.

Reeve Wurtele, his supporters and others on the committee can surely see that the amalgamation report, with its recommendations, is only a starting point for study—though it is a very good starting point.

They are not called upon to buckle on the armour of municipal pride and ride out on white chargers to battle the idea. Their responsibility to the people they represent is to weigh the issues posed in the report—the complete report, not a thumbnail condensation of it—and to determine how the different proposals would affect the community.

It is easy enough, of course, to seek to inflame local sentiment by waving the flag of parochial interest. But how valid is such a course? Has Victoria city, for instance, suffered merely because the residences of most of its mayors in recent years have been in Oak Bay? Has Victoria West, with its highly developed community consciousness, been submerged merely because it is part of the city?

Amalgamation calls for open minds among municipal representatives on the committee, and serious study of all the information available. The issue is not one for compression into a capsule for easier disposal.

Getting Around Suez

THE IMMEDIATELY-RECOGnized significance of President Nasser's seizure of the Suez Canal was, of course, the effect of this action on the West's supplies of oil. Unhindered passage of the world's tankers through the canal was the basis of oil economy in most of the world. The thought of this vital economic thoroughfare falling into the hands of one ambitious man was enough to send a shudder through a score of capitals.

But now that the West has had an opportunity to assess the threat more closely, the danger appears somewhat less critical. This aspect may also have occurred to Colonel Nasser by now.

In other words the value to him of Suez control may have depreciated in the light of later revelations. His trump card turns out to be something less than the ace of spades.

Such a second look, indeed, may have moved the Egyptian leader to reconsider his refusal to have anything to do with the London conference on the Suez. He gave in to the extent of sending an observer, and then conceded a further important point by agreeing to meet the delegation commissioned by the conference to deliver a report to him.

He has refused to be bound by anything the delegation may have to say, but the way is still open to reach agreement.

In the background are the new facts now being made known. Oil experts have surveyed the possibility of losing the Suez shortcut and announced that far from being a disaster, such a loss could be replaced within six months, and at no great expense. Within two or three years, it is said, the construction of giant tankers could make the canal obsolete for oil transportation.

It has been estimated that a 13 per cent increase in tanker tonnage could keep the east-west oil flow going without the use of Suez. There are also prospects of a pipeline across Arabia that would by-pass the canal entirely.

Such projects would entail shifts in accustomed methods, but they are said to be quite feasible from both the economic and engineering points of view.

The real threat posed by President Nasser as far as oil is concerned emerges in the possibility that his pan-Arabic strivings may cause sufficient unrest in the Middle East to result in revolt of the oil-producing states. If they should cut the cap[illegible] of the West [illegible] immediate and drastic.

West Europe gets 75 per cent of its oil from the Middle East. Britain imports huge amounts for its industry. Even the oil-rich United States now imports 15 to 20 per cent of its consumption from the Middle East.

The situation would be so serious—amounting to industrial stagnation in a very short time—that Britain has made it plain that war would be the result of any such deprivation.

There are alternative sources of course—South America, western European fields, Canadian discoveries, and others. But the Middle East, with nearly 70 per cent of the world's known oil reserves within its boundaries, still remains a key factor in the world's economy.

Colonel Nasser has indeed chosen a spotlighted theatre for his personal drama. He should not be surprised if many hands itch to lower his curtain at the first opportunity.

The Stubborn Applicant

THE UNANIMITY OF BOTH American political parties on the question of keeping Red China out of the United Nations will certainly have been strengthened by the loss of a U.S. plane off the China coast.

It is difficult to understand Peiping's policy of seeking a seat in the U.N. Assembly, yet continually creating situations which rouse the United States to anger. Even without such disturbing incidents it would be difficult for any U.S. administration to bring the public to accept Red China. The periodic affronts to Americans turn difficulties into impossibilities.

The New York Times lists numerous reasons for American reluctance to admit China's communist regime. Imprisonment of missionaries, suppression of religious thought, the still-keen sorrow for casualties of the Korean fighting—all these continue to maintain resentment.

By western standards, the obvious policy of Red China, if it really wishes a seat in the U.N., would be to free foreign political prisoners, avoid shooting incidents such as the recent one and generally give some indication of friendly intent. These steps surely could be carried out without loss of face—a prime factor in international dealings.

The fact of Chinese aggression in Korea is a more difficult one to handle. Peiping still hides behind the obviously false assertion that Chinese troops in Korea were all volunteers, without official government authority. In the eyes of the West, China was an aggressor—a military adversary against the very world organization it wishes to join.

While Britain, Canada and some other western nations are more willing to let bygones be bygones and cast a more tolerant eye on the Red Chinese request—even to contemplate acceptance sometime in the future—the United States cannot forget that it bore the brunt of the Korean fighting and that Peiping has yet to make an amicable gesture.

Meanwhile the Chinese attitude is such that neither Republicans nor Democrats could dare to propose a U.N. seat for Peiping. The Chinese communists must alter their policies to the point where recognition of their government does not carry the stigma of appeasement, before any responsible American political group will even consider them.

Mrs. Noggins Enjoys a Ride

AS Social Credit candidate for Rattle Snake Bluff, my friend, Mrs. Noggins, has found time to campaign throughout the interior and to travel the PGE as an honored guest of the British Columbia Government.

Hutchison

"Wot you don't understand," she told me on her return today, "is that Mr. Bennett 'as refused to play polytics like the other leaders. They just bore the public with a lot of facts and figures and all like that. Mr. Bennett rises above that kind of thing, 'e loads everybody on the PGE and takes 'em for a ride, 'e makes the helection a dramatic production like a 'Ollywood spectacular, he turns the dull business of gover'mint into a show in technicolor, 'e makes democracy a struggle of Abominable Showmen.

"WELL, there we were speedin' up the brand new PGE, bands playin', Mr. Bennett in one car rejucin' the public debt a million dollars a mile, and Mr. Bonner with a police report buttoned tight in 'is inside pocket, Mr. Chetwynd in the next car talkin' through $800 worth of steson 'ats that 'e'd luckily won on a bet or 'e'd 'ave been silenced for the whole campaign, and in the next car Mr. Anscomb thankin' Mr. Bennett fer stealin' the Conservative party off of 'im before it was too late, and in the next car good old 'Arry Perry full of unadulterated Liberalism, and away back in the caboose all by himself was the B.C. taxpayer who [illegible] any attention to 'im, of course when Mr. Bennett was savin' the country at every flag station.

"I TELL you, sir, there never was such a show since Barnum and Bailey and it sure put polytics on a 'igher plane. Twas all very well fer the CCF and the Grits and the Tories to be talkin' about the public's affairs in some dingy 'all and nobody listenin', all very well fer the courts to be talkin' solemn about contempt and such-like and Mr. Sommers reposin' sub judice with 'is whitewash brush and 'is tarbrush, but we 'ad no time for them amachures. Like Mr. Bennett, the old trouper, says, the show must go on.

"Why, even mother nacher was impressed and laughed so 'ard that 'alf a mountain fell on the tracks to provide the final stage effect and Mr. Chetwynd shouts sabotage through 'is last stetson but Mr. Bennett says it only goes to show that the faith of Social Credit can move mountains, so after a brief delay of a day or so we move into the Cariboo makin' the old-time gold rush look like a piker.

"AND outside Williams Lake the local hinhabitants shows their happreciation of Mr. Bennett by 'anging 'im on a gibbet, all in good clean fun, you know, very quaint and refined, addin' a touch of poetry to the dull business of runnin' the country and helevatin' polytics to a still 'igher plane.

"But Mr. Bennett woudn't stoop to playin' polytics like the others. The show must go on and, besides, the hopposition vote was safely split three ways and the taxpayer was securely locked up in the caboose with a nice green book let from the Social Credit League provin' that 'is taxes was geftin' smaller at every whistlestop and by the time we reached Prince George the public debt was practically wiped out by new loans from New York.

"AS fer the country, it was gettin' along fine without any gover'mint at Victoria, except Mr. Chant who 'ad been left behind to get a court 'ouse started, by a mere coincidence, before the polls opened, but Mr. Bennett 'ad no time fer details like gover'mint, 'e wouldn't demean 'imself by takin' any part in the helection, 'e was keepin' the PGE out of polytics and liftin' democracy to such a 'igh plane that I could 'ardly breathe in that dizzy stratosphere and the voice through the stetson 'ad sunk to a 'oarse whisper and all the Abominable Showmen was silent on a peak in Darien.

"BUT the show must go on. So they turned a sod for a new public buildin' at Prince George—no polytics in that—they made non-political speeches at every street corner, they paid off the last dollar of debt, they kept the taxpayer locked up in the caboose for a week at the edge of town fer fear 'e might interjuce a disagreeable note of partisan debate, and they come back in a blaze of glory like 'Ollywood 'ad never seen in its wildest dreams.

"That's why I'm runnin' fer Social Credit. It's taken polytics clean out of gover'mint. It's put glamour into democracy. It's made our helection the greatest show on earth and all fer free, as the taxpayer remarked just before they carried 'im out of the caboose in a neat wooden box."

Policies vs. Fads

Mrs. Lydia Arsens, Socred candidate for Victoria, boasted in her nomination speech, "Never have I made a speech in the Legislature or on the public platform that I have had to withdraw."

As an M.L.A. Mrs. Arsens has made a good many statements in favor of health foods and various fads. But health foods and fads are not issues when one considers the welfare and "progress and prosperity" of B.C. and its people.

Why doesn't Mrs. Arsens express her opinion on such vital issues as public vs. private ownership and development of hydro power in B.C., or on hospital insurance expanded to include medical and dental services, or on the need for aid to fruit and vegetable growers and dairy farmers, or above all on the loss of our heritage through the sell-out of our rich timber, oil, gas, mineral and hydro resources to the U.S. monopolies for a fast dollar?

I hold that a correct policy on these fundamental issues is vital to the "progress and prosperity" of our people — not a frothy debate about health foods—and I am prepared to debate these issues at any time or place in this election campaign with Mrs. Arsens.

Indian Flag

We have seen the article on an Indian flag which appeared in the August 20 issue of the Victoria Times.

We the Katsey Tribe of the Fraser Valley are against the flag chosen by a small group of individuals to represent B.C. Indians. We also support the statements of Chief Percy Ross of the Songhee Tribe that the flag is not Indian in design.

The traditional colors of the Indians are red, black and brown. Red stands for ta-mult; black bee-ject, brown suqui-it. Each color has its use and a meaning of its own.

Our symbol is the Thunderbird, beaver and the wolf.

We favor the Thunderbird as a symbol of B.C. Indians.

Youth

As in the case of most of your editorials I found that of the 23 inst. entitled "Eisenhower-Nixon" of great interest.

In my opinion it is no impertinence for Canadians to show an interest in American political affairs, nor for that matter for Americans to be interested in our political affairs and to comment freely upon them. As a matter of fact, next to the public affairs of our country and Great Britain the average Canadian follows with knowledgeable interest the politics of our closest friend and neighbor.

One statement in your editorial is, however, I think, open to question, viz: "So sure are the Republicans of Mr. Eisenhower's personal vote that they did not hesitate to renominate Mr. Nixon though knowing him to be a political liability." Your editorial merely repeated Democratic propaganda that has been levelled against Mr. Nixon for some time past. They have singled him out for criticism because they dare not attack the great President of the United States who is a world figure and who holds the affection and respect not only of the majority of Americans but those of the free world and I suspect also by many behind the iron curtain.

I question very much indeed whether Mr. Nixon is a "political liability" regardless of the attacks that have been made upon him. He has undoubtedly been the most active vice-president ever to hold office. In fact no other vice-president has ever shown the ability, the aggressiveness and the competence that Mr. Nixon has demonstrated in his important office. In fact he has made the office important. Even the redoubtable Mr. Truman when vice-president did not show any degree of the ability or the energy that has been shown by Mr. Nixon.

His very success, of course, has been a source of irritation and aggravation to the Democrats. Never before has any vice-president come under the same degree of attack and in my opinion the criticism upon him does not lie in the fact that there is a possibility that he may succeed to the presidency during Mr. Eisenhower's term of office although the Democrats undoubtedly are making the most of whatever issue they can find in this regard.

In my opinion, far from being a political liability, Mr. Nixon will prove an asset to the Republican Party — the great conservative party of the United States in the forthcoming election.

To end this letter on a personal note and having in mind the great need for young men in politics in both our countries and having reference to a much smaller field, Mrs. Harvey and I, lifetime and continuing Conservatives in this election and those to come, in spite of the commiseration of well-meaning friends, take genuine pride in our son's nomination at the age of 29 by the Party that he has adhered to since university days. This pride is paramount in our minds although we cannot possibly agree with him. Whatever the result, however, his youth too will stand him in good stead!

Ethical Training

Nearly all of your readers will agree that children would be likely to grow up into better citizens if they had the training recommended by your correspondent "Oldster Taxpayer" under "Ethical Training" in your issue of August 29.

Such training does not require the teaching of any supernaturalism nor that of Bible stories, which many children do not believe, and concerning which the late Bishop Barnes of Birmingham, England, said "We must stop teaching lies."

Such training does not require the "religious" teaching that is sought after by the professionals of organised religion.

It will make for better citizenship if children are trained to act decently on the basis of self respect, conscience, and neighborliness; rather than on that of fear of some bogeyman called Devil and a place of punishment and torture called Hell.

TAXPAYER AND VOTER

FROM WASHINGTON — By WALTER LIPPMANN

Politics by Dial and Screen

THE conventions appeared to have annoyed a sizeable number of television fans who found them a very boring interference with their favorite entertainers. There were also many others who were repelled by the noise and the buncombe to a point where they wanted somebody, the networks or the party managers, to do something about it. I am not much of a fan when it comes to entertainment or television. But as a feat of reporting the peculiar, indeed the unique, business of these national conventions, the networks can do what no other journalistic medium can do. They have in fact become not only a medium for reporting the story of the conventions to the general public. They have become also a prime medium of communications for those participating in the convention itself as candidates, managers, and delegates.

Lippmann

Except for part of an evening toward the end of the two weeks vigil, when the audience was sentenced to eight seconding speeches, I watched and usually listened rather conscientiously.

A lot, perhaps most of the oratory, canned and packaged by automation, was hard to take. It taught me, however, how to tell the difference between a Democratic and a Republican orator.

Hall Marks

If everybody and if every state and every act was "great," then the speaker was a Democrat. If they were "of all time" and "dedicated," the speaker was indubitably a Republican.

For relief from those who were unbearably intoxicated with the exuberance of a ghost-writer's verbosity we would turn to the other networks, hoping to find one of them engaged in interviewing, uncanned and unrehearsed, and in an unresonant voice a real politician, or failing that, doing a singing commercial and station identifications.

Often, however, there was no escape from the orator, all the networks feeling themselves in honor bound to broadcast him. Then, the best remedy was to turn off the voice until the picture on the screen, which cannot bite you, showed that someone else, anyone else, was talking.

Speaking as a member of the audience, and with no experience in the television business, I would say that the problem which must be studied arises from the fact that a national convention operates at two levels — on stage in the convention hall and off stage in the hotels.

For the most part, except when a contest goes to the floor, the on-stage performance is a bore. The fascinating part of a convention is what goes on off stage, in the caucuses and in the negotiations and the bargaining.

Speaking broadly, the more the television directors favor the off-stage reporting, which they do so very well, at the expense of the on stage, the more they will serve the public and the more they will interest it.

With Suspicion

We must look with much suspicion, it seems to me, on the idea that the managers of the convention should arrange it so that it produces a good television show. The effect of that, as witness the San Francisco convention, is to hide the real business of the convention, to keep it out of sight and sound in the private meetings of the political managers.

A national convention is a kind of market place at which political leaders from all parts of the country meet, get to know one another, count noses, make deals, and come to working arrangements.

American parties are rooted in the states and the localities, and they become national parties every four years by federating for the contest for President. The U.S. party system, which is the cement of the union, could not work without the convention.

But much of their working is off stage, and the more fully and accurately it is reported, the more will the people understand how they are governed.

'Mr. Bennett in Trouble'

From The Calgary Albertan

PREMIER BENNETT of British Columbia may find that in calling a surprise and unnecessary election, he is in for a bit of a surprise too. His stunt is in danger of back-firing.

No government ever went into an election more sure of itself. His opposition was badly split and totally demoralized. He had offered, in return for votes, to refund $28 in over-taxation to each property-owner, and an offer like that is usually irresistible.

But another issue has cropped up, one which is capable of destroying public confidence in the Bennett administration and therefore capable of defeating it at the polls. We won't say it will be defeated. The abandonment of the transferable ballot means that the top candidate wins without necessarily having a majority, and with the vote split three or four ways in most constituencies it can be expected that Social Credit will hold most of its seats. But no matter what the outcome of this vote, the government will suffer permanently in prestige.

Mr. Bennett has found that the Sommers-Sturdy case cannot be hushed up, simply because it is before the courts. The substance of charges by Mr. Sturdy, a Vancouver lawyer, against Mr. Sommers, a former cabinet minister, are of secondary importance. The issue now is the government's attempt to use the courts as a means of evading its responsibility to the public.

ON THE TIMES — By ART STOTT

Dream of the Wilderness

To my way of thinking the great appeal of R. M. Patterson's book "Dangerous River" rests in the author's ability to make his reader a participant in the Nahanni adventure.

Stott

Patterson doesn't merely describe incidents. He has the faculty of making you the man with the paddle, the pole or the trackline working the canoe up-river against angry currents, over rapids, through white water crests and along back-eddies.

He brings out the Walter Mitty in readers. Through his pages a person comes as close as possibly vicariously to doing the things most men want to do while red blood pumps through their arteries.

Patterson met the wilderness of the North-west Territories head-on, lived a razor's edge enjoyment of survival to experience nature's rages, her cruelties, her beauties and compassions.

I wish I had the capacities to do what he did—not to mention the ability to write as he does. And I wonder why I'm so lacking in get-up-and-go that I don't venture out into the wilderness closer to home.

OUR OWN WILDERNESS

Last week I had the good fortune to fly over a fair section of Vancouver Island. The plane was sturdy and comfortable, the pilot excellent and my host a model of graciousness and information. The day was perfect, the green cloak of forest and the lift of mountains an inspiration.

It's probably a part of my immature attitude, but any time I see the wilderness of Vancouver Island, British Columbia or Canada, I'd bust the buttons off my weskit with pride if I wore a vest.

The flight over part of the Island was no exception. Down below we could see lakes and ponds high up in the hills—some of them apparently nestling in depressions at the peaks. We could look at twisting rivers, unmoving from a plane's altitude, and catch the painted white of rapids, the blending greens of shallows and, on occasion, the deep brown of depths where the water lay shadowed between high banks.

Out on the West Coast we saw the rolling line of Pacific breakers coming in from the fog off Long Beach. We picked out small off-shore islands, timber-green with weathered driftlog beaches centred in the white lace doilies of surrounding surf.

At times we flew along valleys from which mountains lifted their snow crests above us.

In a good part of his lifetime a man could cover a lot of that territory afoot. He could break his way into streams that have never been fished. He could fight his way up through close-growing timber to the small lakes and ponds that lie like dark glass in hills where no one seems to have been.

READY TO HAND

He could make his own relative Nahanni adventure right on the Island, meet the wild life he can't see from the air, study the flowers and ferns that are too small to catch from a plane's window, smell the woods in the day's heat and the sharp refinement of night's cold. He could know the deep satisfaction of survival, if he were made of the stuff of a man like Patterson.

Most men who hit typewriters in an office almost all their working lives might not be able to make too long a trip into the Island's wilderness. They wouldn't be equipped for the packs demanded of them or be able to live off the country.

But they could go into the woods and break limited trails—though the Rangers might have to bring them out. It's my belief that a lot of the people who put on colored jackets and heavy boots for hunting junkets at this time of the year, go in for just that sort of enjoyment and not merely to kill.

It's the kind of journey I keep promising myself that I'll make—without a gun. But somehow the closest I get to it is a day's hike once every two or three years over the hills back of Shawnigan to a stream and a lovely pool at the end of a marshy meadow.

I suppose some of the better parts of a man's life are built on promises like that, even if they're never fulfilled. They give a speculative zest to living—something to dream about after you've taken an eagle's eye view of Vancouver Island wilderness, or laid aside, with regret, a book like "Dangerous River". Someday, you say to yourself, someday . . .

HOME GARDEN — By HILDA BEASTALL

Houses Oust Trees In Saanich 'Garden'

Plant a tree in Saanich!

For a good many years the Municipality of Saanich has used the slogan The Garden of Vancouver Island. We have indeed been blessed with natural planting of flowering dogwood, native currant, spiraea, Oregon grape and snowberry.

Hilda

In this Jubilee year, however, we find a strange situation developing. Soon there will be no trees in the Garden of Saanich.

Almost every house or store erected means the removal of trees and shrubs. In many instances no attempt is made at replanting.

Possibly the owners have no liking for a garden, yet I guarantee they will gravitate to the shade of a tree on a hot day. Just one tree in each of these new gardens, and on store properties also, would soon create an effect of tranquility and permanence. Many young owners would doubtless find that one tree led to another, and to planting of shrubs in the area—thus, the beginning of another garden.

There are many suitable trees of medium stature, without too invasive root systems, and of such foliage as is desirable in the limited area of a single building lot. Any local nurseryman growing ornamental and shade trees will be able to advise on kinds for your particular situation. September, October and November are the planting months for most kinds.

In this Jubilee Year of Saanich let us all plant even one tree in the Garden of the Island, and next year begin to enjoy the fruit, or even foliage and flowers, of our thoughtfulness.

Campney Certain Canada Will Stay In NATO Armies

OSLO (CP)—Defence Minister Ralph Campney of Canada today renewed assurance that Canada has no plans at present for reducing her armed forces in Europe.

The Canadian minister, here in the final stages of a tour which has included Canadian defence establishments in France and Germany, was replying to questions at a press conference.

Bandits Grab $12,000 In Montreal Raid

MONTREAL (CP) — Three armed men escaped with an estimated $12,000 from the Modern Bread Company in suburban St. Laurent early today after surprising the night watchman.

Police identified the watchman as 55-year-old Willie Chalifoux, brother of the late Capt. Ernest Chalifoux who was slain in a gun battle in Ste. Agathe, Que., last month.

Canadian Up in Air; Cannot Leave Plane

HONOLULU (UP) — Victor Clark, who may become another man without a country, was en route back to Australia today after U.S. immigration authorities refused to permit him to continue on to his native Canada.

Clark, 43, arrived here last week after working for 18 months in Australia to buy an airline ticket to his home in Vancouver, B.C. Immigration authorities ordered him deported to Australia because of his past American criminal and deportation record.

Clark is scheduled to arrive in Sydney Wednesday aboard a Canadian Pacific Air Lines flight, but airline officials fear he may not be readmitted for the same reasons he was excluded from the United States.

The airline is worried that Clark may become a man without a country, shuttling back and forth between Australia and Honolulu with the airline paying a $300 fine every time he hits Hawaii.

Clark said: "The whole thing is a complete mystery to me. I haven't been in trouble for roughly 10 years, and I have a job awaiting me at Yellowknife."

Actor, Marine In Fist Fight

HONOLULU (AP) — Actor Burgess Meredith got in a fist fight with a marine sergeant at a Waikiki restaurant at 3 a.m. Monday. Neither the actor nor the marine was hurt. Patrolman George Perreira said the fight started after Mrs. Meredith and the sergeant threw water on each other. Meredith is vacationing here after making a movie in Japan.

YOUR HEALTH — By DR. WALTER C. ALVAREZ

Addiction to Drugs

Dr. Alvarez is Emeritus Consultant in Medicine, Mayo Clinic and Emeritus Professor of Medicine Mayo Foundation

Many people with a relative who is addicted to drugs beg me for information that would help them in dealing with the afflicted person. How can they help him to get off of the drug? Where can they find a hospital that will take him in? How must they behave with him when he comes home? Must they keep snooping on him, or had they better leave him alone?

Dr. Alvarez

I have just been reading an advance copy of a book which will soon be out (Grune-Stratton, N.Y.) called the "Drug Addict as a Patient." It is written by Dr. Marie Nyswander, who has been well trained in the science and art of helping these unfortunate people. She tells what addicts are like, and what makes them act the way they do. She tells of possible treatment at home as well as in hospitals. There are sections on the technique of withdrawing a drug, and on the symptoms which then appear; there is also a section on the rehabilitation of the patient.

She says that in spite of the tremendous amount of work done by the devoted officials who administer the law, enormous amounts of morphine keep coming into the country.

Many persons have kept saying what is obvious—that the easiest and surest way to put an end to this illegal traffic would be to make the drugs available at cost to the addicts. Then the gangsters, with their customers all gone, would have to go out of business.

BRITISH EXAMPLE

As Dr. Nyswander says, we ought to study the way in which the problem has been handled in Great Britain, because there they haven't much trouble with it. They have succeeded where we have failed. They allow a doctor to prescribe for an addict, giving him just enough to keep him comfortable. The doctor can try to treat him, if he wishes. In England the addict is regarded as a sick man whose trouble is closely allied to psychosis. He is not looked on as a criminal. The authorities know that he just cannot stand on his feet without the help of drugs. One can get him off the drug, but when any little thing goes wrong in his life, back he is likely to come, asking for more morphine or heroin or cocaine.

One of the greatest failings of man is his willingness to blunder ahead, trying to cure some disease of the body public without first consulting the experts who can tell us what the problems facing us are. Often, when the experts tell us what to do, we do not listen to them, but forge ahead, basing our actions on some ancient prejudice.

A while ago, Dr. Hubert S. Howe, professor of neurology at Columbia University, urged the government to provide addicts with morphine at cost. He thought we would do such a sensible and money-and-effort-saving thing if only we could rid our minds of the false idea that these unfortunate and often psychotic and weak-minded persons are criminals. As Dr. Howe said, they tend to become criminal only when they are crazed with suffering, and must somewhere find the money with which to buy the morphine they want.

Today, we have come to fear the peddler of morphine because he will sell the drug to teen-agers. It pays him to introduce more persons to the habit. As many doctors keep asking, why spend millions trying ineffectually to get rid of peddlers and their gangster overlords when, underselling them, we could put them out of business overnight?

City Flier's Condition Improved

VANCOUVER (BUP) — Two of the seven survivors of Thursday's Canadian Pacific Airlines 15-death crash in Alaska today took a turn for the better while a third remained in "poor condition."

Officials at St. Vincent's hospital reported Navigator Robert Short, an Australian now living in Vancouver, and second officer Robert Love of Victoria, were in "satisfactory condition." Earlier their conditions were described only as "fair."

Still in critical condition in hospital at Kodiak, Alaska, with serious injuries which included a fractured skull was Capt. Thornton Tweed, 33, Burnaby, pilot of the crashed airliner.

FRANCE TIES WAR BONDS TO STOCK EXCHANGE PRICES

PARIS (AP)—Premier Guy Mollet today announced that a new loan to pay for the fighting in Algeria will be tied to price of stocks and bonds on the Paris bourse stock exchange, with the idea to hedge investors against inflation.

Subscriptions to the loan will open Sept. 10. If the 150,000,000,000-franc ($428,571,300) quota has not been reached by Oct. 20, taxes will be levied to make up the rest.

Sept. 13 Hearings in U.S. On Canadian Gas Imports

WASHINGTON (AP) — Francis L. Hall, United States power commission examiner, has set Sept. 13 for argument on motions to dismiss applications involving the proposed import and export of natural gas from and to Canada.

Hall said the argument will enable Tennessee Gas Transmission Co. and Midwestern Gas Transmission Co., both of Houston, "to complete more fully" their direct evidence on the proposals.

It also would enable the parties in the proceedings to argue on motions to dismiss the Tennessee and Midwestern applications and a related application by Iron Ranges Natural Gas Co., St. Paul Minn.

Hall heard evidence last spring in consolidated proceedings on the proposals of the three companies.

GAS FROM TRANS-CANADA

Midwestern proposes a pipeline system extending from a connection with Tennessee's system near Portland, Tenn., to a point on the border near Emerson, Man., where it would receive 204,000,000 cubic feet of gas a day from Trans-Canada Pipe Lines Ltd.

Midwestern also would buy another 204,000,000 cubic feet a day from Tennessee at the Portland connection.

Tennessee seeks authority to sell to Midwestern and also to sell up to 48,000,000 cubic feet of gas daily to Trans-Canada near Niagara Falls, N.Y., for export to the Montreal area.

Iron Ranges would build a pipeline system in Minnesota to be supplied with gas by Midwestern.

Ex-Socred MLA Criticizes PGE

More Slides Feared By Tomlinson

NORTH VANCOUVER (CP) —A Social Credit member of the British Columbia's last legislature has criticized the provincial government for the way it built the Squamish-North Vancouver extension of the Pacific Great Eastern Railway.

George Tomlinson, ex-MLA for North Vancouver, said at Deep Cove that the 40-mile addition to the publicly-owned line should have been "driven through rather than engineered through."

He added it was unfortunate that the first slide should occur on the inaugural run but predicted there would be many more rock slides.

Commenting on the railroad's future he said "It is going to be a source of trouble. They should have taken more time to build it."

Mr. Tomlinson, who was not re-nominated, is running as an independent. He pledged himself to carry out a "true Social Credit campaign" if re-elected.

"I believe the election was forced too quickly on the people," he said.

Mr. Tomlinson's running mate Stan Wilcox also spoke.

"I always took Mr. Bennett with a pinch of salt," he said. "He has not carried out a Social Credit program but sold out to vested interests and put a millstone around the neck of the public."

Mr. Wilcox said "The government, which was supposed to work for the people has become a class government which is continuously running to the barons of finance."

Alberta Crude Oil Production Drops

CALGARY (CP) — Alberta crude oil production last week averaged 441,005 barrels daily, a drop from the previous week's 461,890 barrels daily but well above the 318,823-barrel-a-day pace set during the corresponding week last year.

The average for the last week was down slightly, but production during August has been higher than ever before in the history of Alberta oil.

Pembina last week remained ahead of all other oil-producing regions with a daily average output of 102,656 barrels. Redwater remained second with 90,113 barrels daily and Leduc-Woodben was third with 63,327 barrels daily.

Trinidad Oil Sale To Texas Co. Approved

LONDON (Reuters)—Control of the Trinidad Oil Company passed from Britain to America Monday as a special meeting of stockholders approved the sale of the company to the Texas Oil Company for £63,000,000 ($176,400,000).

The solitary protest came from Col. W. H. Gardiner, who said that the "magnificent offer" made by the Texas company showed that they "visualized vast profits from the deal."

BOAC Revenues Up $16.8 Million

MONTREAL (CP) — British Overseas Airways Corporation had net profit in the year ended March 31 of $329,646, compared with $732,723 in the preceding year, marking the fifth consecutive year in which the state-owned corporation has made a profit.

An accumulated deficit of $2,400,000 was erased and an accumulated surplus of $50,066 carried forward.

The figures were released by BOAC here.

Operating revenue was $[illegible]429, up $16,800,000 to create a record. Operation costs rose by 15.5 per cent to $115,541,944.

Revenue from mail and freight increased by eight per cent to $37,179,620 and cargo carriage yielded $10,628,000, up $960,440.

Revenue from trans-Atlantic operations was $34,300,000 compared with $29,800,000, and trans-Atlantic passengers numbered 97,129 compared with 81,972.

Need of Foreign Capital Stressed By CMA President

TORONTO (CP)—Without investment from other countries Canadians would have fewer industries, fewer jobs, lower wages and fewer of the good things of life, J. J. T. Bulman of Winnipeg, president of the Canadian Manufacturers' Association, said today.

Addressing the Canadian National Exhibition's directors' luncheon on Manufacturers' and National Health Day, he said Canada's need for productive capital, both domestic and foreign, was hardly less urgent than her need for people.

Canadians needn't be ashamed to admit this fact. Exactly the same thing happened in the United States a century ago.

Ike Will Let Adlai See His Dispatches

WASHINGTON (AP) — The White House said Saturday President Eisenhower will formally offer Adlai Stevenson, his Democratic opponent, intelligence reports on foreign affairs.

Press secretary James C. Haggerty told newspaper men he expects the offer will be made this week.

Reporters had asked Hagerty about a statement by Stevenson at a press conference in Chicago Friday that he would "welcome such an offer very much."

Similar offers have been made in the past to avoid harm to national security through bitter partisan conflict in the presidential campaign, and to provide continuity in the conduct of foreign affairs in the event of a change in administration.

"Of course," Hagerty replied when asked whether President Eisenhower would make such an offer to Stevenson. "The president has always expected to offer this."

$2.2 Million Profit For Opemiska Copper

TORONTO (CP) — Opemiska Copper Mines Quebec Ltd. had net profit in the quarter ended June 30 of $1,173,975 and of $2,261,848 in the six months ended that date.

Opemiska, with operations in Quebec's Chibougamau district, went into production in December, 1953, and had profit of $2,382,861 in the full year 1955.

BOEING JET TANKER MAKES MAIDEN FLIGHT

SEATTLE (AP)—The first jet-powered tanker for the Strategic Air Command took its maiden flight Friday.

The 600-mile-an-hour plus KC-135 Stratotanker took off from the field at the Boeing Airplane Co. Renton plant where it was built. It landed an hour and 19 minutes later at Seattle's Boeing Field.

It is the first jet tanker-transport to come off a Western Hemisphere production line. It is modeled after the 707 Prototype which has been flying for two years and "cruised" across the nation from Seattle to Washington, D.C., non-stop at a 592-mile-an-hour average.

MARKET SUMMARIES

Industrials Lead General Upswing

With industrials showing the way the stock market at Toronto continued to roll forward in afternoon trading.

The advance, which started Friday, was slowed down a little shortly after noon but buying pushed through again to raise prices in all sections. The industrial index was ahead almost two points and western oils a point. Base metals were easier but moved up from the session's lows.

At New York the market broke away from its irregularity late in the afternoon as steels and motors improved in active trading, bolstering previous leadership by aircrafts.

Pivotal stocks posted gains ranging to about three points while the losers remained generally in a one-point range.

AT TORONTO Ford A, with the announcement of a favorable semi-annual report, climbed 2½ points. Regent Refining was up 2⅜.

Hayes Steel lost a point. Hudson Bay and International Nickel featured senior base metals, each gaining 1½ points. United Asbestos advanced 40 cents in juniors.

Dome Explorations (Western), Scurry Rainbow, Del Rio, Cree and Consolidated Mic Mac led western oils with 15-cent gains. Calgary and Edmonton added 1¼ points.

AT NEW YORK Bethlehem Steel, which had traded unchanged or lower, suddenly picked up around 3 points and U.S. Steel gained a point.

Chrysler went ahead better than a point spurring other motor stocks to activity at slightly higher prices.

Coppers joined in the rise. Rails remained mixed and sluggish. International oils lost most of their early gains.

Among Canadian issues International Nickel gained ½. Distillers-Seagrams and Canadian Pacific went ahead ¼. Walker-Gooderham slipped ¾.

AT LONDON trading remained quiet on the London exchange today with gilt-edged securities steadier.

Foreign issues were dull.

Industrials showed small losses.

Kaffirs were firm and coppers showed useful gains. Oils moved erratically.

Investors were reductant to open new commitments on the last day of the account.

AT MONTREAL industrials generally moved forward today in quiet afternoon trading. Scattered gains ranged over a point.

In a strong steel section, Algoma jumped three points and Stelco advanced 1¼. International Nickel climbed 1½ and Consolidated Smelters firmed ⅜ in base metals. Price added ½ in a firm paper group.

McColl advanced a point to lead refining oils up. Utilities were quietly mixed with B.C. Power up ¼ and Bell Telephone off a similar fraction.

In a mixed beverage group Seagrams improved ⅝ as Walker dipped ½.

Mines and western oils were generally lower in moderate turnover, Opemisca Explorers [illegible] cent.

AT VANCOUVER a dull market saw prices vary. Vantor moved up four cents on a turnover of 13,900 shares. Trojan sold 6,200 at 58.

TODAY'S GRAIN

WINNIPEG (CP)—Prices inclined to be irregular in dull trade today on the Winnipeg grain exchange.

Commercial demand was modest. Early buying, influenced by poor harvest weather on the Prairies, weakened with hesitation on U.S. markets.

Oats and barley trade was mostly domestic with a little American interest in oats. There was also some U.S. selling of barley. Flax eased under small hedges and lacked aggressive buying.

Rye was irregular and eased after opening strength with U.S. prices.

Overnight export loadings of Canadian wheat included: Switzerland 750,000 bushels; Japan 700,000, United Kingdom 400,000 Netherlands 100,000, Italy 55,000.

Lakehead prices for Class Two, IWA and domestic wheat were unchanged.

CHICAGO (AP)—Grains sold off on the board of trade today although wheat showed resistance to the selling pressure.

Corn also was under mild pressure with September weakest.

Some commission house demand was noted in wheat as export business was returned to the private trade. It was also felt that some demand came from export houses. Large local traders were mostly on the selling side.

B.C. Tragedy Recalled as Mine Revived

PRINCETON, B.C. (CP) — A thriving coal industry is being revived 12 miles west of here where 45 coal miners died in an underground explosion 26 years ago.

Only one member of the underground shift of April 13, 1930, survived the blast at Blakeburn Mine. He was Johnny Porchella who was only a few feet down the slope when the blast occurred. He emerged with most of the clothing torn from his body.

Many of the men deeper in the mine survived the initial blast only to succumb minutes later to seeping coal gas or be crushed under caving mine roofs.

Cause of the blast was never accurately determined. Several witnesses told a special inquiry there was a loud crack when lightning struck at the mine portal at the moment of explosion. This theory was discounted by authorities.

After 23 years' operation the camp was shut down in 1940. But it is back on its feet again today operating on a safer basis.

Where 250 men worked underground to produce 500 tons of coal a day, there now are 13 men producing 250 tons daily. But none of them go underground. Bulldozers tear at the mountainside exposing the coal seams.

Loaders fill dump trucks and transport the coal to the Granby Mining Company at Copper Mountain where the entire production of the mine is used to keep steam turbines spinning.

HUGE NEW ECONOMIC BASE

Siberia Jumps Ahead In Industrial Surge

NOVOSIBIRSK, Siberia (AP)—Siberia, long considered a frozen wilderness, is in a vast upheaval, moving at break-neck speed into the modern industrial age.

Its 20,000,000 old settlers and countless new immigrants display the typical traits of persons rushing ahead into a new era—including nostalgia for the old and eagerness for the new.

The fact that this industrial and agricultural surge is directed from above by party chief Nikita S. Khrushchev along strictly Communist party lines does not lessen the pioneering aspect.

This central Siberian city of about 800,000, long forbidden territory for Westerners, is the heart of an effort to create a huge new economic base for the Soviet Union.

Its inhabitants proudly call it "the Chicago of the Soviet Union." It is a microcosm of the Soviet Union's vast interior. It has a rich agricultural hinterland, grain elevators, slaughterhouses. It is a big railway junction and river port. It is an administrative centre. It supports many publishing houses and educational institutions.

All the pulls and tugs currently assailing the Soviet people may be studied here as though a cross sampling had been gathered specially.

The downgrading of Joseph Stalin, for instance, made a profound impact on these people 2,000 miles from Moscow.

"The people were a little hurt in their feelings," a high woman party functionary told this reporter while driving out to a collective farm the other day. "The criticism of the cult of personality was a little unexpected, but the people realized it was just. In general, it has been met very favorably."

The woman, Valentina Melinikova, is a member of the district Soviet (council) and chairman of its permanent committee on culture.

The majority of people this reporter talked with from the Ural Mountains to the Ob River declared determinedly they were thrilled to be here and taking part in the building of Siberia.

Naturally, persons who moved out to new farms where the housing and working conditions were better than the old ones were happiest. This was especially true of women, many of whom for the first time had their own homes—even when it was just a two-room unheated lean-to, with no bath.

"Oh, yes, I'm satisfied, so satisfied," said the good looking wife of a state farm tractor driver. She had formerly lived in a one-room Novosibirsk apartment.

Noted Cariboo Prospector Dead

VANCOUVER (CP) — Fred M. Wells, 95, veteran prospector, sometimes called the "father of the Cariboo," died here Saturday.

In 64 years of mining and prospecting he has been credited with bringing more mines into production in British Columbia than any other person.

[illegible] miles east of Quesnel, in the Cariboo country, is named after him.

Born in New Hampshire, Mr. Wells came to British Columbia in 1882. He first became interested in a lead prospect at Spillimacheen, on the Columbia River.

Now it is Lead Mountain, where the Giant Mascot mines are located.

He also developed Paradise mine, near Windermere; one of the first golf claims near Rossland; Nickel Plate mine near Rossland; Surf Inlet mine; Cariboo Gold Quartz mine near Barkerville; Lorne mine in the Bridge River valley, and the Bralorne mine.

Recently he had been developing a copper and iron ore property in the Namu area.

Canada Ford Profits Up 60%

TORONTO (CP) — Ford Motor Company of Canada Ltd. had estimated net income, after taxes, in the six months ended June 30 of $12,030,686, or $7.25 a share, compared with $7,430,460, or $4.48 a share, in the corresponding period last year.

The figures are contained in the first semi-annual report ever issued by the company, which states that it is being initiated to keep shareholders more closely abreast of current information, and in keeping with a growing Canadian practice.

The report notes that first half-year results last year were adversly affected by a strike which kept Canadian plants shut down in January.

my side of the story

A Continuing Series
By THE DUCHESS OF WINDSOR

Perhaps reports of these small but heartfelt demonstrations of affection for David reached the Palace. In any event, David one day was suddenly summoned to the War Office, to be informed by Field Marshal Sir Edmund Ironside that he was to be assigned to the British Military Mission at Vincennes and was to report for duty as soon as possible.

David heard nothing more from his brother. The civil job was never mentioned again. David and I suspected — perhaps unfairly — that some of the older members of the court had recommended that, rather than encourage any possible revival of the former king's popularity, he be posted safely and obscurely outside the country.

Naturally David was disappointed but he chose not to make an issue of the matter. He still retained the rank of admiral of the fleet and of field marshal in the army, and marshal of the Royal Air Force. Rather than confront the war office with an awkward problem, he cheerfully agreed to waive temporarily his rank and accept that of major-general.

We remained in England only long enough for David to be briefed on his new duties. One forenoon late in September we left Portsmouth in the destroyer Express and were put ashore at Cherbourg in the late afternoon.

Directly on our return to France, David reported to his military mission at French general headquarters outside Paris. Because he would have to live at headquarters and travel a great deal, and as there was no telling when the lull following upon the collapse of Poland would explode into furious action, our first decision was not to open our house but to stay at the Trianon Palace hotel in Versailles.

Being anxious to do my bit, I joined a French relief organization, the Colis de Trianon, that had been started by the indefatigable Elsie Mendl. Its purpose was to pack and distribute comfort kits among the French troops.

Paris on Tiptoe for War's Next Paroxysm

Now followed that odd interlude known as the phoney war—a period when the Wehrmacht stood silent and menacing behind the Rhine and along the northern frontier of France. A considerable part of the French army had meanwhile disappeared into the concrete casements of the Maginot Line, braced for the blow that mystifyingly held in abeyance.

Paris, or rather the part of Paris that I knew, waited as on tiptoe for the next paroxysm.

Wearying of hotel life, I soon decided to take a chance and reopen our house. But it was never again the same. I left it exactly as the staff had closed it for the summer, with the dust covers shrouding the furniture and the rugs rolled up alongside the walls.

The tall windows were hung with heavy black curtains, drawn tightly each night to prevent even a sliver of light from showing.

I took another job, joining the motor branch, called the Section Sanitaire, of the French Red Cross, and contributing my car. This job required my making frequent trips to the hospitals behind the Maginot Line, delivering plasma, bandages and cigarets.

Between the Section Sanitaire and the Colis de Trianon I was busier and perhaps more useful than I had ever been in my life. There were weeks when I did not see David at all, but he telephoned when he could. He too was continuously shuttling back and forth between Vincennes and the French lines.

In Paris it was the unreality of the lull that dominated one's thinking. No bombs fell and the hope grew that perhaps none would ever be dropped.

On the Maginot Line one gained an entirely different view. There, in the presence of hundreds of thousands of men concealed under camouflage or in their underground posts, one sensed that events were under compression, as when a spring is coiled. There was no telling when a button might be pushed, the spring released and savage violence unleashed.

The winter passed. David, like me, was all the while on the move. His personal position, I had come to realize, was delicate and even difficult. There was no precedent in British military protocol for regularizing the role and position of a former monarch who had taken subordinate rank.

There had even been an awkward incident involving his brother, the Duke of Gloucester, also a major-general, but now outranking him as a royal duke in the table of precedence.

ISLAND DIGEST

Herring Catch Below B.C. Mark Last Year

British Columbia's herring fishery for 1956-57 is expected to be below the 250,000 tons taken from coastal waters last year, according to F. H. C. Taylor of the Fisheries Research Board, Departure Bay.

He predicted a decrease in many areas which last year were high producers.

Lower east coast sub-district, recognized as the main producing area of the coast, is expected to yield its normal quota of 40,000 tons.

In Burnaby Narrows, where heavy fishing took place in the winter half of the last herring fishing season, a decrease is expected.

Improvement is expected in the northern sub-district, although it is unlikely that the quota will be exceeded. In the central sub-district a catch of less than the 40,000 tons quota is predicted.

Regular winter fishing in the upper east coast sub-district may also be below average unless a large proportion of summer herring from Queen Charlotte Sound are of upper east coast origin.

Some decrease is anticipated in the middle east coast sub-district, but the area still is expected to yield double the amount of its normal 10,000 tons quota.

Herring fishing off the lower west coast of Vancouver Island will be much the same as last season.

Improved fishing and fair catches may feature herring operations in the Esperanza-Nootka area, provided fish move inshore before close of the season. In the balance of the area northwards it is predicted that the catch will remain below average.

Hunter Blamed for Fire; Area Closed to Sportsmen

CAMPBELL RIVER, B.C. (CP) — A fire apparently started by a hunter having breakfast early Monday morning led to a closure of the Elk River Timber Co. forest to hunters only a few hours after permission had been given them to go in with guns to open the grouse shooting season.

At the end of the day, 406 hunters had been checked at other points by game commission biologogists Don Robinson and Ernest Taylor and 530 birds counted. This represented 1.3 birds per gun from Camp 5 and Salmon River areas. The poor bag was attributed to the hot weather which has driven the grouse higher up the Island.

FRED HUTCHINSON SUCCUMBS . . . . . WHILE PLAYING GOLF

'Hutch' Died, as He Lived—Sport Was His Life

By BILL WALKER

He knew no other life, did Fred P. Hutchinson.

And he died as he lived—in sport.

"Hutch" passed away Sunday on a golf course, suddenly, and many years too soon. He was 44.

Managing director and vice-president of the Victoria Hockey Club (the Cougars), Hutchinson collapsed on the 18th fairway of the Colwood Golf Club. He was dead when his opponent in a club match, E. Brooks, reached his side.

He had complained of feeling tired before the match, and he had remarked on the 16th green, where he was one up, that if he won the 17th he'd rather not play the 18th.

It was necessary, however, and he succumbed shortly after reaching his drive.

But he was like that—stubborn in his affable way, but righteous and a credit to all sport which was his life.

Hutchinson came to Victoria on Aug. 5, 1949, as general manager of the Victoria Cougars in the first year of the re-activated post-war Pacific Coast Hockey League.

He had acted in that capacity ever since.

Last year when ownership of the club changed hands, Lester Patrick relinquishing his interest in the club, Hutch was instrumental in the reorganization. He was named managing director and vice-president.

His life was devoted to sport, and in the brief span of seven years when he came to call Victoria home, he was a respected member of the community, and one who, without fanfare, devoted his time to all sport.

His advice to all was gracious and from the heart.

He crowned his arrival here with immediate success, which was a pattern on his life from cub reporter to newspaper and sport executive.

He was a former sports editor, executive sports editor of two papers in the Minneapolis-St. Paul area, arena manager and general manager of the St. Paul Hockey Club of the United States Hockey League, and general manager of the Minneapolis Baseball Club of the American Association. He resigned the latter post to accept the hockey position in Victoria.

Hockey fans knew him as an affable, courteous, and highly capable official. Hockey players knew him as a tough taskmaster, but always fair in his dealings. He struck a hard bargain but he stuck to any bargain he made.

If there was a moroseness in his manner from time to time, and there was, it was understandable to those close to him.

A diabetic for many years, Hutch lived almost alone with this ailment.

At times it would knock him down, but he was too stubborn to let it floor him. He was like that in life.

If there was an argument, Hutch would be fair as a listener, and reasonable in his comments. Too, there was always the suspicion that he could have presented a better case for the prosecution. That was "Hutch", and never did he castigate one unfairly.

Several of the Western Hockey League rule changes can be attributable to him.

He was held in high esteem in the hockey world, and was a right-hand man to WHL president, Al Leader in many instances, many times acting in an advisory capacity to the league and other member clubs. All without fanfare.

He played each game as hard as any player. He revelled with the team in victory, and he suffered deeply in defeat.

He asked no more of the players than they give their best. It was his mode of life and he expected others to do the same. He knew no other way.

A member of the Royal Colwood and Victoria Golf Clubs, Hutch played at sport as diligently as he worked at it. He was a former director of the Colwood Club, and also a member of the Pacific Club.

This year, according to coach Colin Kilburn, he "was working harder than ever. He was really looking forward to the season and had planned several innovations for the fans. He was always sincere, but this summer, he worked harder than ever. He felt he had a duty to the public."

Club president, Dr. Reg Wride, "deeply saddened by Fred's sudden passing," said "plans for the coming season were practically completed, and it will be only a matter of carrying out the plans that Fred had made. At the present moment, it is the intention of the executive to carry on until such time as a successor to Fred is named. Fans may be sure that they and hockey in Victoria will not be let down."

This was Fred all over again. He always had everything up to the minute.

His sense of humor was a trademark, particularly on the golf course, and as he teed off for the final hole in this life, he was the same Hutch that many came to admire, and because of which many more wished they could have called him "friend".

For on that final hole, he jokingly remarked to Bill French, playing in another match to that which he was engaged in with E. Brooks:

"Would you like to take my tee shot, I'm beat."

Minutes later, he died, as he had lived—for sport.

Tributes Paid to 'Hutch'

Hockey executives and close friends of Fred Hutchinson today paid verbal tribute to the popular general manager of the Victoria Cougars, who died Sunday while playing golf at Colwood Golf Club.

The tributes praised "Hutch" as an expert in his line and as a friend.

Lester Patrick, former Cougar owner, who brought Hutchison to Victoria—"It's been quite a shock. Fred was an easy fellow to know and he made friends wherever he went. I think his staff revered him. His word was as good as his bond and he always worked harder than anyone else. It's a great loss to hockey and to myself."

Dr. R. J. Wride, Cougar president—"I am deeply saddened by Fred's death. Our association with him had been a particularly happy one as Fred had a great capacity for friendship. His business ability, his astuteness and his dependability will always be remembered and admired. Victoria will miss Fred Hutchinson."

Al Leader, Western Hockey League president—"The Western Hockey League has lost one of its best executives and one of the best general managers in the game. I have lost a good friend."

Joe Dukowski, Memorial Arena manager—"Fred's death comes as a great shock to me as we were close friends as well as business associates. He was certainly one of the top general managers in the business and his detail work was perfect."

Coley Hall, Vancouver Canuck owner—"Hutch's death will certainly be a loss to Victoria and the WHL as a whole. I've known him for a long time, both in hockey and baseball and I'll certainly miss him."

Bill Court, Colwood Golf Club professional—"I just don't know what to say, it was such a shock. Ever since Fred came to Victoria, we have been close friends; we did everything together and we went everywhere together. For me, it is like losing a brother."

[illegible] coach and player—"It's a sad thing to lose a guy like Hutch. He did a wondertul job here and will be hard to replace. He was a terrific hockey man and there was no one in the world more thorough than him. I had talked with him the day before he died and, ironically enough, we were talking about Lynn Patrick's heart attack."

Babe 'Comfortable'

GALVESTON, Tex. (UP)—Golfer Betty Dodd, an old friend of Mrs. Babe Zaharias, visited the Babe yesterday in her room at John Sealy Hospital.

Hospital attendants said Mrs. Zaharias' condition, which has grown weaker recently in her long fight against cancer, was unchanged.

The Babe and Miss Dodd talked over old times after Babe awoke from a "comfortable night's rest."

Longden Sets New Mark; Rides 4,871st Winner

By BOB MYERS

DEL MAR, Calif. (AP)—On a day 'way back in 1927 a willing but completely anonymous young jockey rode a horse with the incredible name of Hugo K. Asher for a win at the fair grounds at Salt Lake City.

The exact date is obscure, the event most inauspicious, but the rider, a man named John Eric Longden, has come a long way since then.

Today Johnny Longden, almost 30 years later and some 24,143 trips aboard a horse around a race track, has won more races than any man in the history of the thoroughbred sport.

The galloping grandpa, 46-year-old Johnny moved into the all-time winner's circle in dramatic manner here Monday when he tied and then surpassed the international record held by England's Sir Gordon Richards.

The mark was 4,870. It had held firm since Sir Gordon retired in 1954.

SETS TRACK RECORD

Johnny hung up a riding triple Monday, climaxed with win No. 4,871 registered in sensational fashion in the feature race of the holiday weekend, the $33,350 Del Mar handicap.

Longden scored on Mr. and Mrs. Dick Griegorian's Arrogate for the second straight year in the Del Mar feature, and just for good measure, piloted the chestnut five-year-old, an ex-Calumet Farm horse, around the strip in new track record time of 1.47 for the 1⅛-miles.

He started the day with two to tie and three to break Sir Gordon's record. He advanced a notch in the second on a favorite, Dennis.

Then Longden tied Sir Gordon aboard a third choice horse, Big Rush, in the fifth, for a $15.70 payoff.

Arrogate took the issue by a nose over Honeys Alibi, with Brisk 'n' Bright third, and the crowd of 21,945 fans went wild.

Longden, who was born in Wakefield, England, but grew up in Taber, Alta., where his father worked as a coal miner, and after the race:

"I'd say it was a great day all around, a real long way since the crackers and cheese."

Johnny indeed was a long way from the crackers and cheese, Salt Lake City and the horse named Hugo K. Asher.

He has won in purses some $15,600,000. He has earned all he has, which is a large bank account, a fine home, a fine family.

"I've made mistakes, but I have always done my best." This was the main part of a Longden thank-you speech over specially rigged loudspeakers in the winner's enclosure.

Next week he flies to England to ride Calgary Court, owned by Max Bell and Alberta Ranches of Calgary.

JOHNNY'S THE BEST NOW

Jockey Johnny Longden looks over the likeness of Sir Gordon Richards, whose world riding record of 4,780 victories he broke Monday at Del Mar track. Longden rode three winners for 4,781 total.

Four Canadian Marks Fall to Olympic Squad

TORONTO (CP)—The three-day Canadian Olympic training program championships wound up Monday with four Canadian records smashed—three by Western Canadian members of the Olympic team.

The first record of the day was set by Eleanor Haslam, 16, of Saskatoon. The petite youngster edged fellow Olympic team member Dorothy Kozak, 24, of Calgary, in the semifinal 100-metre run in record-making time of 11.9 seconds.

Her time was one-tenth of a second faster than the old Canadian record of 12.0.

Second record-breaking performance was made by Calgary's Doug Kyle with a 14-minute-18.2-second run in the 5,000 metres. The old standard was 15.16.2.

Stan Levenson of Toronto won the 200-metre race three yards ahead of Jack Parrington, both members of the Olympic squad, in 20.9. The previous mark was 21.4 seconds, and the new time compares favorably with the world record of 20.6.

Dorothy Kozak, who Friday leaped 18 feet, 5¾ inches, in the qualifying heat of the women's broad jump to set a Canadian record, Monday jumped 18 feet six inches to increase her distance on the record.

The women's Olympic 400-metre relay squad covered the distance in 47.2 seconds, six-tenths of a second faster than the old Canadian mark. Members of the squad were Miss Kozak, Miss Rever, Miss Haslam and Diane Matheson of Montreal.

MEETING POSTPONED

Victoria and District Football Association has postponed its meeting at the Chamber of Commerce board room, Black Ball Ferry building, until Wednesday night at 8.

McLarnin In Boxing Hall of Fame

NEW YORK (AP) — Seven boxing greats including a native Canadian and one who spent many years in Vancouver were elected to Boxing's Hall of Fame Saturday.

Four of them were former champions of the "modern era"—Irish-born Jimmy McLarnin, who lived for many years in Vancouver, Tony Canzoneri, Barney Ross and Tommy Loughran.

McLarnin was voted Canada's outstanding boxer of the half century in a Canadian Press poll. He also is in the Canadian Sports Hall of Fame at the Canadian National Exhibition in Toronto.

George Dixon, a native of Halifax, and once holder of the weight titles, Jem Driscoll, the Welsh will o'the wisp and one-time British lightweight champion, and Peter Jackson, a formidable heavyweight of the bareknuckle days, were chosen to represent another era of the sport. All three are dead.

Bums Bag Branca

BROOKLYN (AP) — Brooklyn Dodgers, suffering from an acute pitching shortage in the late stages of the National League pennant race, Monday signed one of their former mound stars, Ralph Branca, as a free agent.

Branca, who was with the Dodgers from 1944 to 1953, has been out of organized baseball since last season, when he had a 3-3 record with Minneapolis

O'BRIEN CRACKS RECORD

EUGENE, Ore. (AP)—Parry O'Brien cracked his own pending world record three successive times Monday with a final throw of 62 feet, 6⅜ inches in the shotput at an exhibition track meet of Olympic stars.

It was more than a foot beyond his throw of 61 feet, 4½ inches, which is up for recognition as a world record.

The former University of Southern Californa weight man, now with the air force, tossed the shot 62 feet, three inches on his first try and 62 feet even on his second.

Before Monday's performance, O'Brien was the only man ever to throw the shot more than 61-feet. The Olympic record, also held by O'Brien, is 57 feet, 1½ inches, set at the 1953 Olympic Games.

TRIBUTE TO JOHNNY

'Marvellous Achievement' —Sir Gordon

MARLBOROUGH, Eng. (AP) — "It's marvelous, a wonderful achievement and Johnny has my congratulations."

This was the reaction of Sir Gordon Richards, now a trainer, when told Monday night that Johnny Longden had broken his world riding record of 4,871 with three winners at Del Mar, Calif.

"We're old friends, of course—have been for years," Richards said. "Johnny and his wife often stay with us over here and we have a standing invitation from them whenever we go to the States.

"Johnny is coming over to ride in the St. Leger next week and I'll see him and congratulate him then. We'll have a drink together to celebrate his feat."

Brodies Lose In B.C. Final

Brodies' Bakery was knocked out of contention Sunday in the B.C. Senior B Softball tournament at Vancouver.

Winner of the tourney was undefeated Prince George, which shaded Grand Forks, 5-4, in the final game of the series.

Grand Forks had earlier defeated Victoria Sunday by the same score, rapping out ten hits off two Brodies' pitchers, while winning pitcher Bill Perigodeff spun a four-hitter.

Dixie Harper, who started on the mound for Brodies, was the loser.

Saturday, Harper pitched a three-hitter as Brodies downed Grand Forks, 8-2.

Angels Home Free; Certain of PCL Tie

By virtue of their 100th win this season, Los Angeles Angels have cinched at least a tie for the Pacific Coast League pennant.

They accomplished this Monday, sweeping both ends of a doubleheader from Seattle 11-7 and 5-3 in the nightcap. The losses pushed second-place Seattle 14½ games behind Los Angeles.

Portland Beavers also made a clean sweep of a doubleheader Monday, downing Vancouver Mounties 7-0 and 6-4.

Two other twin bills were halved. San Diego Padres took an opener 10-4 and dropped the nightcap 3-0 to Sacramento while San Francisco beat Hollywood 8-5 and Hollywood came back to blank the Seals 4-0.

Don't Count Redlegs Out

By The Associated Press

Cincinnati Redlegs are getting downright uncooperative in that National League pennant chase. They just won't die.

Remember when they lost three straight in Brooklyn? And when they dropped three or four at Milwaukee? Or when they won only three of seven from the Braves and Dodgers in Cincinnati? It looked like it was time to buy beer for the wake.

Trouble is, the beer, not the Redlegs, wound up on ice.

They had a dandy chance to get measured again in the Labor Day doubleheader at Milwaukee. They blew a 2-0 lead and lost the first game 3-2. Then they blew a 2-0 lead in the nightcap, but bounced back to pack it away on Ted Kluszewski's 34th home run and a long-haul relief job by Brooks Lawrence that beat the Braves 7-5.

The split kept the Redlegs within 3½ games of first place Milwaukee and in a second-place tie with Brooklyn, which split a pair with Pittsburgh. The Dodgers rallied to take the opener 4-3, but then got beat at their own game as the Pirates pulled a squeeze bunt to win the nightcap 3-2.

The other NL twin bills also were split. St. Louis defeated Chicago Cubs 4-2, then lost 8-0. Philadelphia smacked the New York Giants 5-1 before losing 2-1.

In the American, Baltimore's Orioles kept Mickey Mantle homerless — putting him even with Babe Ruth's record 60 - homer pace in 1927 with 47 in 33 games—but lost a doubleheader to New York Yankees 6-1 and 5-0. Second-place Cleveland slipped 8½ games behind, losing 5-2 in a morning game at Kansas City, then winning the afternoon contest 2-1.

Chicago White Sox split with Detroit, losing 11-8 and winning 5-3. Boston walloped Washington twice, 7-5 and 16-0.

Frank Robinson hit his 36th home run, two shy of the rookie record, for the Redlegs in the opener Monday, but Hank Aaron busted his 22nd and 23rd for a 2-2 tie. Joe Adcock broke it up in the ninth with a single after Aaron's double and Lew Burdette had his 18th victory. Johnny Klippstein was the loser, getting banged on the leg by Adcock's winning blow.

Farmers Capture Island Ball Tourney

Farmer Construction pitching mowed down the opposition in brilliant fashion over the Labor Day weekend as Victoria's Farmers won the annual Courtenay $500 baseball tournament with ease.

Veteran Bill Prior capped the three-game undefeated streak of Farmers Monday with a seven-hit pitching job as Campbell River was routed, 13-1, in the final.

Charlie Boyd and Ron Martin helped Prior along with a home run each.

Earlier Monday, Farmers disposed of Vancouver Longshoremen, 6-1, in a semifinal game. This time it was Don Donahue with a [illegible] pitching effort.

Southpaw star Bill Garner started the Farmers off on the right track Sunday, with a three-hitter of his own as Farmers downed a Vancouver White Spots, 3-0, in the opening game of the tourney.

Dick James Wins Salmon Derby

Dick James, president of the RCN Anglers' Association, won the Cowichan Bay salmon ladder derby fishoff Sunday with a 21-pound, 10½-ounce spring.

Dick had just 20 minutes to go until the 8 p.m. closing time when he boated the winner.

Second was Vern Palliser, Lake Cowichan, with a 21-pound, [illegible]-ounce spring, while Roy Smith, Victoria, was third with a 19-pound, 11-ounce catch and E. Smith, Victoria fourth with a 15-pound four-ounce fish.

Thriftway's Owner Scores Detroit Racing Officials

SEATTLE (AP) — Hydroplane owner Willard Rhodes, as hot under the collar as the throbbing engine of his Miss Thriftway, said Monday night if the Thrifty isn't declared winner of the 1956 Gold Cup, the sleek craft will never be raced in Detroit again.

Rhodes' heated statement was another volley in a battle that has raged since the Thriftway was disqualified by the Detroit International Regatta Association in the Gold Cup Race last Saturday for allegedly striking a buoy in the final heat.

The Thrifty, with Bill Muncy at the wheel, apparently had won the bowl by taking a second in the first heat and winning the second and third heats.

The Detroit committee then awarded the Gold Cup to Miss Pepsi of Detroit, which finished ahead of Muncy in the first heat and second to the Seattle boat in the last two heats.

That decision subsequently was reversed, and the Detroit Regatta committee tossed the whole problem to the Inboard Racing Commission of the American Power Boat Association following Seattle claims that Miss Pepsi had hit the buoy Muncey was originally accused of hitting.

Monday, William T. Waggoner, Vernon, Tex., owner of the Harmsworth Cup defender, Shanty, and of Miss Seattle, both sailing out of the Seattle Yacht Club, joined Rhodes.

"From start to finish, the Gold Cup was loosely conducted. Nobody seemed to know what they were doing," he said. "There was a lack of organization all around."

Bess Copeman Takes Triple Archery Crown

Victoria and Vancouver archers shared top honors Monday as the Canadian Archery Association regional championships and the B.C. Archery Association championships came to a close at the Victoria Bowmen's Admirals Road range.

Vancouver Side Takes Cricket Cup

VANCOUVER (CP)—Vancouver cricketers Sunday regained the Flummerfelt trophy by drawing the return intercity match here. They won the first game in Victoria on Dominion Day.

Batting first, Vancouver lost their first seven wickets for 88 runs, then Wallace Tait and Peter Snelling put on 80 runs for the eighth wicket, and Alan Stead assisted Snelling to add 59 more in an unbeaten 10th wicket partnership.

Tait compiled 77, Snelling made 42 not out, Stead 40 not out, and Jack Kyle hit up 28.

The innings was declared closed at 238 for nine wickets.

Victoria replied with a score of 173 for the loss of nine wickets, Dennis Hendra making 38, Jack Sparks 31 and Ned Larson 25.

Bowling honors for Victoria went to Jim Richards, who took three wickets for 51 runs.

For Vancouver it was Frank Sealey, four for 56, and Alan Stead, three for 45, but Sealey bowled 18 no-balls to somewhat spoil his record.

JASPER Alta. (BUP)—Marlene Stewart of Foothills, Ont., competing in the 26th annual Totem Pole golf tournament at Jasper, topped all competitors with a par of 77, to win the [illegible] medal in the ladies' division, one stroke better than Victoria's Marg Todd.

In the men's division Dr. George Bigelow of Victoria led qualifiers with a one-over-par 72. Fred King of Calgary was a stroke behind.

No Decision On Grid Protest

REGINA (CP) — Commissioner G. Sydney Halter of the Western Interprovincial Football Union said Monday that an announcement of his decision on Calgary Stampeders' protest of a 16-15 loss to Winnipeg Blue Bombers would be made public "as soon as I return to Winnipige and can write it out."

Halter said no official announcement would be made before he gets to Winnipeg.

Bedard Lone Canadian In U.S. Meet

Hoad Survives Scare; Rosewall Advances

FOREST HILLS, N.Y. (AP)—Bob Bedard was the only Canadian remaining in the United States Amateur tennis championships after Monday's second round.

The wiry, fast-moving court star from Sherbrooke, Que., came back after a first set defeat to down Clifton Mayne of Fort Monmouth, N.J., 4-6, 6-4, 9-7, 6-3.

Another Canadian hopeful, Toronto's Don Fontana, was ousted by veteran Herbie Flam of Beverly Hills, Calif., 6-1, 6-2, 6-1. Lorne Main of Vancouver and Toronto was ousted in the tournament's first round by Roger Becker, England's No. 1 player, 6-0, 6-3, 6-1.

An obscure 19-year-old Detroiter and a scrappy left-handed Texan threw scares into seeded Australian entries Lew Hoad and Ashley Cooper Monday but fell short of upsets.

RALLIES TO WIN

The top-seeded Hoad, completely outplayed, dropped the first set to Leslie Dodson, son of a Detroit police sergeant, but rallied to prevail 3-6, 6-0, 6-3, 6-1.

Cooper, tall, 19-year-old Aussie Davis Cup prospect who is seeded sixth, had a dingdong centre-court battle with Bernard Bartzen of San Angelo, Tex., former national clay court champion, before winning 9-7, 6-3, 8-10, 6-4.

These were the only exciting developments on a bright, sunny day at the West Side Tennis Club which saw all favorites advance into the third round, most of them without working up a decent sweat.

Hamilton Richardson of Westfield, N.J., seeded third, polished off England's Becker 6-2, 6-0, 6-2.

Others to advance included Ken Rosewall, Australia's second-seeded ace, a casual winner over France's paunchy Paul Remy, 6-1, 6-4, 6-2; Vic Seixas of Philadelphia, seeded fourth, who struggled to a 6-3, 6-3, 3-6, 7-5 victory over France's Pierre Darmon; seventh-seeded Ulf Schmidt of Sweden, victor over John Cranston of San Marino, Calif., 6-2, 6-3, 6-1; and eighth-seeded Dick Savitt, the comeback ex-Wimbledon champion from Orange, N.J., who breezed past David Harum of Coral Gables, Fla., 6-0, 6-1, 6-0.

Racing Cars Prep For Championships

Two big championship races are scheduled for Western Speedway, Langford, on the next two weekends as the local auto racing season nears its end.

Next Saturday night, Vancouver Island Track Racing Association will hold its 60-lap championship stock car race, while on the following Saturday, a 100-lap big car championship race will be staged.

Decision to hold the stock car championship was made Monday following the 40-lap Labor Day gold cup race at the Speedway, after VITRA officials conferred with track owner and operator Andy Cottyn.

Cottyn also announced the 100-lap big car race, with a $1,000 purse. Ten top cars and drivers from the U.S. will be on hand to battle local racers for the purse and lap money.

Monday's racing and Saturday's regular meet were both studded with accidents.

Bill Temple, whose car flipped 20 feet in the air Saturday night during the main event, was in two more smashups Monday.

He turned over twice during the trophy dash, won by Lamont Brooks for the ninth time this season, then returned in time for the fast heat, only to be knocked out for good in a four-car smashup with Brooks, Carmen Pascoe and Gerry Sylvester.

In the time trials, Digger O'Dell was taken to the hospital to have a gash in his chin sewn up after his steering failed on a turn and he crashed into a tree.

Winner of the 40-lap main event was Nanaimo's Ray Pottinger, who took over the lead on the 15th lap and won easily over Brooks and Oiler Newton.

Newton previously had won his first main event of the season Saturday night, edging out Pottinger by half a car length.

Brooks won Saturday's trophy dash, while Jenny Wakelyn took the special ladies' powder puff derby.

Last Play Saves Esks; Lions Drubbed; Als Win

By The Canadian Press

A touchdown two plays after the final gun Monday night allowed Edmonton Eskimos to maintain their unbeaten streak in the Western Interprovincial Football Union.

The converted touchdown enabled Esks to come from behind and defeat Winnipeg Blue Bombers, 21-20.

The result left Winnipeg, Saskatchewan Roughriders and British Columbia Lions all tied in second place with four points, four fewer than Edmonton. Calgary Stampeders are in the cellar of the five-team loop with two points.

At Regina Monday Riders wiped out a 10-point deficit and trounced British Columbia 24-10. In Calgary Saturday night Stampeders defeated Saskatchewan, 27-17.

In the Big Four Football League Montreal Alouettes and Hamilton Tiger-Cats are running one-two after weekend games. And attendance figures soared as fans practically broke down the gates to see their heroes.

The mighty Als squeaked past Ottawa Rough Riders 22-20 Monday to make it two straight in their home-and-home series after plastering Riders 41-10 at Ottawa Friday. Ticats stayed right in line, defeating Toronto Argonauts 31-21 Monday at Hamilton, following up their 18-0 runaway victory at Toronto Saturday.

TIME OUT!

"There's no need for you to blaze your trail, Ruth . . . I know the way back to the course!"

15,000 Witness Weird Finish

A crowd of 15,000 fans at Clarke Stadium in Edmonton saw the wierd finish that compensated for Edmonton's loss to Winnipeg in the WIFU final in 1953 when Bombers intercepted a forward and ran for a touchdown and an upset victory.

Late in the fourth quarter Esks got possession on their own 42-yard line after a Bomber kick. Quarterback Jackie Parker, playing his third year for Edmonton, threw four straight completed forwards.

That put Esks on the Winnipeg 17, and on the last play of the game Parker threw another pass to halfback Rollie Miles.

End Bill Walker of Edmonton caught the ball when it was deflected. As the gun sounded, the officials ruled illegal interference against Winnipeg, nullified the pass and called for another play.

Parker passed again and it was no good. But the officials ruled the Bombers were offside and ordered another play. The two penalties had moved the ball to the Winnipeg five. On the second play after the gun sounded Parker passed to Normie Kwong to tie the score at 20-20.

Then on the third play after the gun sounded end Joe Mobra kicked the convert for Edmonton's 21-20 win.

Roughies Maintain Home Record

At Regina Monday afternoon a chilled crowd of 13,000 fans saw Saskatchewan retain an undefeated 1956 record at Taylor Stadium by whipping the Lions 24-10. But it came after three losses on the road and Riders now have a similar record to Lions—two wins and three losses. Winnipeg has two losses and two wins.

Lions went ahead 10-0 in the opening quarter but the Riders rallied to prevent B.C. from adding another point in the remaining three quarters.

Saskatchewan counted 15 in the second quarter, chalked up a converted touchdown in the third and finished the game off by adding two singles in the fourth.

Both teams earned 17 first downs but Saskatchewan gained 246 yards rushing compared with 161 for B.C.

Paul Cameron and Tony Teresa completed 13 of 26 passes for Lions, gaining 135 yards, without an interception. Riders completed five of 14 for 91 yards with one interception.

Arnie Galiffa making his debut at quarter for the injury-hit Argos, tossed three touchdown passes. One went to Menan Schriewer, in the second quarter and two to Earl Blair in the last quarter. Mike Falls converted all three.

A record crowd of 20,725 saw the game at Hamilton.

Galiffa tried 49 passes and completed 25. With Nobby Wirkowski at quarter most of the way for Hamilton, the Ticats attempted 28 passes and completed 21 for 182 yards. Galiffa made 326 yards through the air for the Argonauts. On the ground Hamilton gained 169 yards to 69 for Toronto. The Argos made 28 first downs, Hamilton 22.

In the Senior Ontario Rugby Football Union, Toronto Beaches pushed their way to a top-place tie with Sarnia Golden Bears with a 49-13 Labor Day victory over Rochester Rockets. The Bears toppled London Lords 25-12.

CAHA Awaits Sponsor's Decision

MIDLAND, Ont. (BUP) — The Canadian Amateur Hockey Association today waited for a sponsor to say whether he would provide $75,000 for a Canadian all-star hockey team to play in the world tournament next year in Moscow.

"We need $75,000 and if the sponsor turns it down, we will start an immediate coast-to-coast canvass," George Dudley, CAHA secretary-manager, said.

"We will start gathering an all-star team in October, and after a month of training, will play a series of exhibitions in Canada and the United States. Then the team will leave for Europe in mid-January for the championships late in February," Dudley said.

Dudley said the sponsor could name the team after his product, but if the product was connected with alcoholic beverages, the CAHA would call another meeting.

Harry Gill Dies

ORILLIA, Ont. (CP) — Harry Gill, 81, former track coach of the University of Illinois and famous athlete of 60 years ago, died in hospital here Friday night.

A native of Coldwater, 12 miles northwest of here, Gill had been in failing health for several years.

This Can-Can Scene Worth $976 for Sam

CHICAGO (AP) — Several hundred persons — including Sam Shein of Chicago — gathered around two trash cans Monday at Washington Park race track looking for $976.

That amount represented the worth of a daily double ticket absent-mindedly tossed into the receptacle by Shein.

"I had seven combinations going on the double," said Sam, a newspaper distributor, "and in the excitement of saying the [illegible] first race and 50-to-1 Age of Consent in the second—I tossed away the wrong ticket."

After Age of Consent came through, Sam suddenly discovered his error and began going through a trash can like a gopher digging his hole.

A crowd of several hundred soon gathered, eager to help. Ushers helped to empty the cans. Finally things got to such a high pitch that Sgt. Paul Nolan, in charge of the track police, took charge.

After wading through cigar butts, hot dog wrappers and so on, Sam finally found his $976 ticket and waved it high while the crowd cheered.

Wylie Captures Alberta Open

EDMONTON (CP) — Bob Wylie, assistant pro at the Calgary Country Club, fired a two-over-par 72 to wind up an easy winner in the Alberta open golf tournament.

Runner-up was Len Collett, professional at Winnipeg St. Charles, who was tied with Wylie at the start of Monday's final round.

Collett ran into difficulties on the back nine and finished five strokes off the pace with a 77.

Wylie's score for the three rounds was 217, Collett's 222.

GIOVANELLI WINS

NEW YORK (AP)—Although his left eye was completely closed in the sixth round, Brooklyn's Danny Giovanelli had too much power for Gene Poirier Monday night as he racked up his second straight victory over the Niagara Falls, N.Y., welterweight in a telecast 10-rounder at St. Nicholas Arena.

Harry, Bobby Nearing Another Mann Cup Berth

Harry Wipper and Bobby Allan are only one game away from edging back into the Mann Cup championship scene.

Harry, who coaches the Nanaimo Timberman in the Intercity Lacrosse League, and Bobby, who performs brilliantly for them, wrapped up a 13-12 victory for the T-men over Vancouver Pilseners Saturday night to take a 3-0 lead in the best-of-seven league final, the winner of which meets the Ontario champions.

Tonight, Wipper, Allan, et al travel to Vancouver's Kerrisdale Arena fully expecting to dispose of the Pils in straight games.

It was just last September that Wipper and Allan, playing for Peterborough Trailermen, Mann Cup champions four years in a row, saw the cup go to the Victoria Shamrocks.

The Eastern duo subsequently joined the Timbermen, and have sparked them to an impressive season.

Saturday night it was Allan on a pass from Wipper that scored the winner with just 37 seconds to go.

It was Allan's third goal of the evening, while Wipper added two goals and three more assists to his game-winning pass.

Bobby Marsh, who has been brilliant throughout the semi-final and final series, scored four goals for the Pils, who had a three-goal lead with four and one-half minutes to play.

Royals Top North Shore

VANCOUVER (CP)—New Westminster Royals out-paced North Shore Aircos in the second half to win, 4-2, in a Pacific Coast Summer Soccer League match Saturday.

The victory edged Royals into top place, one point ahead of Aircos and Vancouver Halecos, tied for second place.

Doug Greig scored the winner midway through the second half. His shot deflected off North Shore fullback. He [illegible] scorers for Royals were John Clifford in the first half and Stewart Crossan and Tom Crame.

Aircos' goals were scored by Bruce Ashdown and Neil McEachnie.

Rosburg Wins Motor City Tee Playoff

DETROIT (AP)—Bob Rosburg of San Francisco defeated Ed Furgol of St. Louis, Mo., on the first hole of a sudden-death playoff Sunday for first prize of $4,000 in the $20,000 Motor City open golf tournament. Furgol missed a six-foot putt for a one over par, letting the 29-year-old Rosburg claim the victory.

Rosburg, noted for his fine putting, needed only a six-inch putt for his par after getting on the green in two shots.

Second place was worth $2,200 for Furgol.

Jack Fleck of Davenport, Iowa, came within inches of making it a three-way playoff but missed a short putt on the 18th hole and took third place, worth $1,700.

Bo Wininger, stockily-built 33-year-old from Odessa, Texas, shot a 286 over the 6,770-yard layout at the Western Golf and Country Club for sole possession of fourth place and $1,200.

Swaps Takes Rich 'Cap

CHICAGO (UP)—Swaps, the fourth richest horse in history, relaxed today after his capture of the $142,700 Washington Park handicap.

Swaps, owned by Rex Ellsworth, came within 1-5 of a second of his own world record for the mile, 1.33 1-5.

Guided by Willie Shoemaker's whip-hand, Swaps raced hard in the stretch to pass Summer Tan. He streaked across the finish line two and one-half lengths ahead of Summer Tan.

A crowd of 40,073, the largest in a Chicago race since 1946, cheered Swaps to victory. He went off as the 2-5 favorite, with Summer Tan the second at 4-1.

Redmen Drop Bays Once More

Victoria's Foul Bay lacrosse team is going to have to find some way to beat the Rossland Redmen if it ever wants to win a B.C. senior lacrosse title.

Saturday in Rossland, the Bays went down 8-7, in overtime in the second game of the best-of-three final, and lost out to the Redmen for the second year in a row.

It was the fourth time in five years that Foul Bay had failed to bring back the senior B crown. Besides losing to Rossland, it lost to Kelowna in 1953, and Vernon in 1952.

For the Redmen, who took the first game Friday, 9-7, it was their third successive provincial title.

Redmen had to come from behind again to beat the Victorians.

Bays twice led in the final quarter, but Wiggy Davis tied it up at 11.50 and Babe Laface scored the winner at 8.06 of the sudden-death overtime period.

The smooth-passing Bays also led the defence department but could not match the Redmen in their fast, rough style of play.

Don Davis paced the Redmen attack with two goals, while Laface, Pete Bouchier, Davis, Gordie McGee and Jimmy Haight added singletons.

For Victoria, George Kelly and George Wilson scored twice each, and Jack Reid, Paul LaPointe and Norm Kowalyk scored once.

Leswick Headed For Edmonton?

DETROIT (AP) — The signing of goalie Glenn Hall and the purchase of Tony Leswick from Chicago Black Hawks were announced Saturday by Detroit Red Wings of the National Hockey League.

"We don't know if Tony can make our club," Adams said. However, should he fail there will certainly be a spot in the Edmonton lineup for him. Either way we look on Leswick as potential coaching material."

Leswick, who is 33, has been in league competition for 11 years.

Movie Fans Enjoying Winnipeg Price War

WINNIPEG (CP)—Winnipeg theatre fans, making the most of free entertainment while it lasts, filled four drive-in theatres to capacity here Sunday in the first showing in the city's history of motion pictures on Sunday.

The Lord's Day Act was not violated since no charge was made for admittance. The theatres are in the midst of a price war.

The price war started in August, when an independent drive-in began showing free pictures in protest to what the management called "monopolistic practices" by a group of theatres in Winnipeg.

DIRECTOR FLAYS MORBID CULT FOR DEAN'S DEATH

HOLLYWOOD—A fascination for speed, no morbid preoccupation with death killed the late movie star James Dean, according to George Stevens who directed Deans' last picture.

Stevens was referring to the flood of magazine articles and books on the handsome star of "East of Eden" under such titles as "Jimmy Dean Speaks From Beyond", and "Why Jimmy Dean Wanted to Die."

The director said they were products of "fast-buck promoters" sparking and cashing in on a weird cult for the dead star.

FUTURE FOR CANADA

British Ballerina Dedicated Pioneer

By SYLVIA HACK
Canadian Press Staff Writer

LONDON (CP) — Dame Ninette De Valois has the fragile elegance of a porcelain figurine. But beneath the dainty features of this 58-year-old woman is the power and strength of a dedicated pioneer.

Twenty-five years ago she created Sadler's Wells Ballet, determined to see it win respect and take its place in the theatre world. She is still working on the project.

Now silver-haired, Miss De Valois says cautiously: "In 25 years our roots are not so deep as not to be shaken; but we are very near stability of course — especially since we received government recognition."

ON THE MOVE

Between ballet seasons, directing the senior and junior ballet companies, and a ballet school, Miss De Valois finds time to write her memoirs and go on world lecture tours.

FUTURE IN CANADA

She said that during a Canadian lecture tour in 1950 she found much enthusiasm for ballet and thinks there is a definite future for a Canadian national ballet company.

"I got the impression many good artists disappear into the United States, which is a great pity."

Her next tour planned for this fall will take her first to the United States and probably Canada. "If it does," she says, "I intend to see more of Canadian ballet."

Born Edris Stannus in the Wicklow Hills of Ireland, her family came to England when she was eight and she began her dancing lessons. At 15, she was being billed as the miniature Pavlova.

"There was a time when I played in pantomime — and I've been hissed off every music hall stage in England.

Stratford Players' Version Of 'Oedipus' Hit at Edinburgh

By ALAN HARVEY
Canadian Press Staff Writer

LONDON (CP) — A Canadian attempt to turn Sophocles' Oedipus Rex into ritual drama is gently criticized today in British newspapers, with reviewers expressing the feeling that the presentation would be better suited to an open-air theatre.

Writing of Monday night's opening performance of the Greek tragedy at the Edinburgh Festival by the Festival Company of Stratford, Ont., the dramatic critic of The Times says:

"The production may be wonderfully suited to the Canadian theatre for which it was designed, but transferred to the Edinburgh assembly hall it encounters all sorts of difficulties.

AT WRONG DISTANCE

"The performers are masked and the play is presented less as human drama than as ritual, but whether looked at from the galleries or from below stage level the spectacle is never at the right distance . . . The chief reason would seem to be that the masks are too big for the auditorium."

The masks gave the impression of "being worn by curious creatures behind aquarium glass going through a series of ungainly and rather mysterious manoeuvres," adds The Times.

The Daily Telegraph says the masks are so elaborate that the players seem "dwarfed rather than superhuman."

"The performance, indeed, is stylized throughout and makes a purely formal appeal to the intellect alone . . . My feelings were completely disengaged."

The Canadian company will give three more performances of Oedipus Rex before the festival ends this week. It will also continue with stagings of Henry V, which opened a week ago today. The players will take a week's holiday before returning to Canada.

A New York Times critic cabling from Edinburgh says the "declamatory methods" of Tyrone Guthrie's actors "recalled rather the chanting of responses in a Church of England service or the pulpit manner of some old fashioned preacher."

But, "all being considered, the reception was remarkably warm."

Trotting Record

MONTREAL (CP) — Kahla Key set a Canadian trotting record Saturday in winning the $10,000 invitation trot at Blue Bonnets Raceway in 2:04 4-5.

The eight-year-old brown mare's time shaved two-fifths of a second off the old mark, set at the Blue Bonnets and Richelieu tracks here by Lord Steward, which finished second in Saturday's race.

This, in our opinion, is the comedy gem of the year. Those of our patrons who remember Guiness in "Kind Hearts and Coronets," "The Lavender Hill Mob," etc., will know that he is the master of the subtle comedy twist which keep you laughing weeks and months after the show. "The Ladykillers" is the hilarious story of a nap hand of crooks whose carefully laid plans are trumped by the implacable charm and quiet dignity of a "dear little, pixilated old lady," played by Katie Johnson—who just about steals the whole picture herself. Don't let anything stop you from seeing this one . . . in Technicolor too. Plan to see it as early as possible to avoid disappointment.

BETWEEN TIMES
By
MONTE ROBERTS

At long last, the ideal job for a ghost writer has turned up.

This, of course, is the job of not writing the speeches Brock Chisholm is not going to make in the election campaign.

You can't say Dr. Chisholm isn't on the right track. The great number of voters who don't attend election meetings to not hear speeches has pointed the way.

All that is needed now is to not have the election, which was unnecessary in the first place.

But, as we appear to be having an election, hear now from a candidate:

"Dear Monteith:

"I must thank you a thousand times for setting the public straight on this matter of a name. The public must be confused enough as it is what with a local newspaper (not the Chinese Times) publishing a photograph of an 18-year-old, one-pip wonder and labelling it M. L. Tyrwhitt-Drake.

"The children were most confused, indeed. What is that on your head, Daddy? they asked, referring to the fine thatch of hair in the photograph.

"Alas, the slender, well-furred young M. L. of yesteryear has indeed become just plain old Monty Drake with a sunburned scalp and a low calories diet, and the latter personage will forever owe you a debt of gratitude for making this dismal fact plain to all.

"Bless you, Monteith, old man. My old colleagues bless you too. Us eggheads must stick together.

"Your devoted reader,

"M. Lawrence Tyrwhitt D."

"NO OTHER CANDIDATE CAN USE THIS NAME."

Well, bless you, too, just plain Monty. I suppose, in your new life, instead of submitting a statement of professional services rendered, you send a just plain bill.

Financial note: I don't see why the premier should have to borrow $100,000,000 for the PGE.

Why doesn't he get on a TV quiz program and win it?

Only 14 more talking days before election.

Saanich Firemen Busy at Weekend

$2,000 Damage Caused by Blaze Sunday; Bush Fires Prove Tough

Damage estimated at $2,000 was caused Sunday in a fire which broke out in an upstairs suite of a two-storey building at 971 Cloverdale.

Owners of the building, Mr. and Mrs. M. Helms, were away at the time the fire was spotted by a neighbor.

The downstairs section, used as a kindergarten, was damaged by water. Cause of the blaze is unknown.

The call was one of a number answered by Saanich fire department over the holiday weekend.

On Saturday, firemen fought a stubborn bush fire near Prospect Lake for seven hours before bringing it under control.

A vacant two-room cabin was destroyed in the fire, on Prospect road near Burnside.

Also Saturday, the department extinguished a roof fire which threatened a house under repair at 3287 Alder owned by John Herda.

Young Couple Injured When Car Overturns

Driver of the car, Charles Alexander Burchill, 16, of 40 Melbourne, was reported in satisfactory condition today with a back injury.

His companion, Barbara Glenn, 643 Goldstream, was in good condition.

Two youths escaped injury early Sunday when their car left Admirals Road near the HMCS Naden parking lot and rolled over. The car was demolished.

Cannery Ship Conversion Job for VMD

Victoria Machinery Depot has been awarded contract for conversion of the cannery ship Pacific Explorer back to her original form as a freighter.

The 410-foot ship arrived at Esquimalt under tow today and work, which will take about six weeks costing about $100,000, will commence immediately.

Pacific Explorer has been laid up at Portland, Ore., for several years, after serving as a floating cannery for the U.S. Navy. She was built in 1919, in Los Angeles, and was used as a freighter by several owners. Pacific Explorer was once known as the West Calumb, later the Mormacrey.

Preliminary work will take place where the ship is now berthed, at the 100-ton crane, after which she will be moved into Government Graving Dock.

Restoration of Ross Bay Pioneers' Graves Urged

Restoration of graves of Victoria pioneers at Ross Bay Cemetery will be suggested to the Greater Victoria Centennial Committee by chairman of the group, city alderman Geoffrey I. Edgelow.

The alderman also said thought is being given to requesting official provincial government celebrations be conducted in the capital city and tied in with Island and local celebrations.

He envisaged a month-long celebration in 1958 highlighted by the annual Victoria Junior Chamber of Commerce Industrial and Agricultural Exhibition and the Greater Victoria Celebrations Association Victoria Day celebrations.

PETUNIA'S NO DUMB CLUCK . . .

Egg Race Ends in Scramble

Petunia, the poultryman's pal, captain of a five-hen team entered in the Saanichton Fall Fair egg-laying contest, showed the way to victory with a blistering personal performance of two eggs a day for six consecutive days.

Inspired by her example, her team-mates pulled together as a unit and brought the grand total during the eight-day contest to 34 eggs, to win out over eight other teams.

Said her owner, A. C. Phillips: "I knew I could count on Petunia."

But she gave him some anxious moments Sunday. Exercising her feinine prerogative, she became tired of the whole deal and led a sit-down strike which ended only after promises of better setting conditions and a more varied diet.

"I knew she wouldn't lay down on the job for long," said Mr. Phillips, and Petunia justified his faith by producing an egg before sundown Sunday.

Runner-up in the contest were hens owned by Olive Kingcott, Wilkinson Road, and Sid Biggs, Carey Road, who tied for second place with a total of 31 eggs.

The teams of H. E. Hubbard, Metchosin, and C. P. Gilmore came third with 27 eggs per team.

Fair officials said a large crowd turned up at 5 p.m. Monday to watch the finish of the race, the first of its kind held on Vancouver Island.

They were jubilant at the results. The 45 hens laid a total of 223 eggs in eight days.

Saanichton Fair Sets New Record

Attendance Tops 20,000 At 88-Year-Old Festival

Residents of the Saanich Peninsula, Lower Vancouver Island and outside points showed up in record numbers for the largest North and South Saanich Agricultural Society fall exhibition Saturday and Monday.

An estimated 20,000 persons crowded through the gates between 10 a.m. Saturday and 6.30 p.m. Monday to shatter all previous attendance records.

It was the 88th time the society put on its show for farmers, gardeners, housewives, stock breeders, horsemen and women, highland dancers, industrialists and the general public—one of the few remaining such "country fairs" in the west.

The old atmosphere of farmyard smells, dust and livestock noises familiar to some evoked fond old memories of childhood on the farm in many others.

As much as anyone's, it was the children's show, and thousands of them came with their parents or grandparents to eat corn-on-the-cob, candy floss and ice cream, poking inquisitive fingers in the animal pens and getting lost in the jostling crowd.

There were the youthful stock raisers, constantly currying their animals and cleaning pens and stables for their biggest day of the year. The youngsters with the prize-winning animals of today will be Canada's agriculturalists tomorrow.

Canada's Only 4-H Goat Club

Even as 4-H-Clubbers they show a spirit of originality. Saanich claims the only 4-H Goat Club in Canada, whose membership competes keenly amongst themselves.

In the old Agricultural Hall on East Saanich Road were the hundreds of exhibits turned out by school children, small fruit and vegetable growers and housewives.

There was home baking and needle work, the result of untold weeks of patient stitching by the little girls, mothers, aunts and grandmothers of the peninsula.

Sprawled outside were the dusty carnival booths and kiddie rides, the livestock exhibits, horse show, agricultural implement displays, refreshment stands and numberless parked cars.

It was Saanichton's biggest two days of an otherwise quiet, rural life.

Everywhere were the fresh-looking, pretty girls, wearing the colorful summer outfits in the blazing Labor Day sun.

And the kids—kids shouting, kids laughing, kids wailing and running and falling off fences; fathers growling at kids and horses whinnying, cattle moaning, goats bleating, bulls roaring and hucksterys crying, in complete but happy confusion.

Many Repeaters in Cattle Class

In the heavy stock judging, always a highlight of the fair, familiar names took the most awards. William Turner and D. S. McHattie cleaned up in the shorthorn section; Alex Turner and Woodwyn Farm ranked high for the Angus breed, and in the Holstein class William Taylor and R. and G. Rendle got the largest share of judge's nods.

In swine, a small field this year, S. J. Hill walked away in nearly all classes.

One of the most unique winners was eight-year-old Peter Cottier, 114 Aloha road, Esquimalt Lagoon, whose guess of 209 brushes was the only correct estimate of the number of kitchen brushes in a large glass jar. Total guesses numbered 682. Peter will get a set of brushes for his win.

Among the uncommon entries was a family of red Chinese chickens called Oriental Silkies dolled up in pastel pink, green, blue, mauve and plain white in their fur-like feathers.

At the other end of the poultry hut was a turkey family—son, daughter, mother all docile and resting in their individual pens. Father, a monstrous bird, filled his cage with spread tail and expanded chest, glaring disdainfully at spectators.

In between, a flock of hens clucked fussily, nervously laying eggs for an egg-laying contest as though their lives depended on it, which they probably did.

Gate committee chairman, V. E. Virgin, allowed it was "the biggest fair they've ever had for attendance, exhibits and every way."

250 Garagemen Put Off Strike For 24 Hours

Meeting Today In Wage Dispute

About 250 Victoria automotive workers due to strike at 11 this morning decided to postpone drastic action in their dispute with 10 local dealers for 24 hours in hopes of a peaceful settlement by Wednesday morning.

Decision followed a meeting of union and management negotiators this morning, where it was decided to call another meeting for 4 p.m. today.

The union asks a five-day, 40-hour work week with 40 hours guaranteed, full union shop, $2.10 an hour pay for journeymen mechanics and 10 per cent raise in other classifications, two weeks' holiday with pay after a year's employment, nine statutory holidays a year and a one-year contract.

Report of a conciliation officer which offered $1.96 an hour, or 17½ cents an hour over the present scale, was turned down by the union.

Towboat Men On Coast Now All Unionized

The powerful Seafarers' International Union has organized deckhands and oilers employed by Island Tug and Barge Ltd. to make the "big three" towboat firms on the Pacific coast completely unionized.

Vancouver port agent for the SIU, Norman Cunningham, said today 75 to 100 men would be covered by a two-year agreement effective from Aug. 1 of this year.

It provides wage increases and changes in working hours, plus two additional statutory holidays per year.

Mr. Cunningham referred to the contract as the standard towboat agreement for this coast. It covers nearly all towing operations, large and small.

TO GET OVERTIME

Employees now work a 40-hour week and will get overtime when asked to work longer hours. Deckhand wage rate is up $25 a month to $196 a month [illegible] month next year to a maximum $236 a month.

Formerly required to work 20 days with 10 days off, deckhands and oilers now work 18 days with 1 off and next year will work 15 days and 15 off.

Total statutory holidays now number seven.

The other two big towing firms are Vancouver Tug Boat Co. Ltd. and Straits Towing Co. Ltd. of Vancouver.

Schools Open Wednesday

A number of city and district children committed the unpardonable schoolboy sin today—they showed up at school a day too early.

However, in most cases the youngsters were brought by parents for first year registration. They were referred to scheduled registration periods later this afternoon.

Senior municipal inspector John Gough said this morning there were many phone calls to school board offices by parents confused about starting times for classes.

All of the district's 17,000 school pupils commence classes Wednesday except for those who will attend the new Colquitz Junior High School. They start Monday.

By PENNY SAVER

Did you have a good holiday? After squeezing another day into the weekend, I'm back to roaming around the stores, trying to find good buys for you.

Here's an idea that may help some of you out. When a friend's child is being christened, the thought of a gift sometimes poses a problem, because often the parents will end up with several mugs, silver sets and such. Of course, you'd like to give something that will be a bit different. And that's what the **silver plate sets** I found are. An **egg cup, napkin ring and spoon** come in a fitted box ready to be wrapped. The pieces can be engraved, or given as they are, plain and very lovely. These are gifts that the youngster will be able to use for years, for they aren't dated like some plate and silverware for children.

An egg cup attached to an English china dish also has a matching spoon, completing a very attractive set. The egg cup is filigree silver plate, and the dish is a floral pattern that will go well with your own set of dishes. The egg cup can be removed for polishing, but as a general rule is washed while still connected to the dish. This set is also $4.

Bar accessories have become very popular gifts. A bar knife that has a hooked fish-tail end has a serated edge for cutting lemons and such. Olives or cherries are picked up with the hooked points, and near the handle is a bottle opener. These come with handles to match other openers.

The new openers are hook types that fit securely over the lid. Press the handle down towards the bottle and off comes the cap, very neatly. A **whangee** handle that looks like bamboo is used for the handle of one set. Opener is $3.95 and knife is $2. An **xylo** handled knife is $1.75, and the opener, $3.50. Regular type openers with this type of handle, which looks like mother of pearl, are $1.50. **Ornate silver plate** openers are $3.50 and knives $2, and **pewter** knives are $2.50 and openers $3.50. **Horn-handled** knives and openers are corresponding prices.

In a fitted **wooden case** that would fit neatly in a drawer or on the kitchen or dining room serving units or on the bar is the opener, a long stainless steel spoon and the hook-ended bar knife with horn handles. This set is yours for $8.50.

Call me at 2-3131 and I'll tell you where to find the items mentioned here in the column.

Bride Holds An Heirloom Prayer Book

A prayer book carried by her mother and grandmother on their wedding days was carried by Lucy Joan Parker when she became the bride of Lawrence Martin Howe in Fairfield United Church, Saturday evening. The book was mounted by a heart of red roses and white streamers. Miss Parker wore a gown of white taffeta with scoop neckline outlined in tiny pin-tuck pleats. Pearls and sequins were embroidered on the low torso waistline, from which swept a full skirt over graceful loops. Her waist-length veil of French illusion was held by a tiara of pearls and sequins.

The bride, daughter of Mr. and Mrs. John (Jack) T. Parker, 103 Bushby street, was given in marriage by her father. The groom is the son of Mr. and Mrs. Henry Howe, Kimberley, B.C.

Rev. T. R. Hayhorne conducted the service in a candle-lit setting of yellow and white chrysanthemums. Organist was Mrs. Rodney Webster.

Mrs. Lyle Robertson, matron of honor, and Miss Barbara Shoemaker, bridesmaid, wore gowns of apricot and yellow taffeta, respectively, styled with low waistlines, full skirts and scoop necklines. Their head bandeaux were of yellow and apricot net and they carried crescent bouquets of bronze and pale lemon feathered chrysanthemums with bronze ribbon.

Lyle P. Robertson was best man and ushers were Trevor James and Glen Valde of Vancouver.

The reception was held in the Flamingo Room of the Crystal Garden, where the newlyweds cut a three-tier wedding cake, which centred a table covered by a hand-crotcheted cloth, a gift to the bride from Mrs. J. Humphries, Port Alberni.

Bernard Duncan, Port Alberni, proposed the toast to the bride.

For motoring Up-Island and travelling ensemble in fall tones. Her beige knitted suit was complemented by bronze accessories and she wore a corsage of bronze chrysanthemums. Gift of the groom was a copper necklace and earrings set.

Mr. and Mrs. Howe will live at Chalk River, Ont., where the groom has accepted a position at the atomic energy research plant.

Ora Helen Williams Wears Gown Of Lace for Exchange of Vows

Gowned in an exquisite Chantilly lace bridal dress, Miss Ora Helen Williams entered St. Andrew's Church, Saturday evening, to strains of wedding music played by organist C. C. Warren. White carnations with blue centres and sweet peas were in their bouquets. Flower girls, Cathy Shore and Janis Boyce wore cornflower blue nylon velvray over white paper taffeta, and carried bouquets of carnations and sweet peas, miniatures of the senior attendants' bouquets.

The groom, son of Mrs. L. Collard, Peatt road, Langford, and the late Mr. Collard, had his twin brother Robert Collard, as best man. Ushers were Frank Shore and Wes Vogler.

A three-tier square cake decorated with blue roses and silver leaves was in a mist of blue tulle dotted with blue bows centring the bride's table at the reception party held in Lougheed's Banquet Club. Ernest Dyson proposed the toast to the bride.

For a motor trip to San Francisco, the bride wore a navy fitted suit with navy and red accessories and desert tan purse. Her corsage was an orchid.

Mr. and Mrs. Collard will make their home in Victoria.

WHY GROW OLD?

By JOSEPHINE LOWMAN

Few women ever think of giving themselves a day of their own once a week or at least twice a month. This would seem impossible to the average woman but actually it is not. Once you get the idea over to your family they will co-operate with you.

The fatiguing factor for a woman is the fact that she has to fit so many pieces into the pattern of her daily life—her husband's interests, her children's interests, and often those of her parents and sisters and brothers and friends. In other words she is meeting deadlines all day long every day. Even though they are pleasant they still are deadlines. She seldom can follow her own inclination of the moment.

You will have to be tough about your day and insist that you do only what you feel like doing all day long. You may wish to stay in bed and read, or you may want to go on a picnic in the country and simply sit and soak up the sunshine, or play bridge or just sit on your front porch. Whatever it is, do it.

This procedure will take you out of the daily rat-race temporarily and will return you to everyday living much refreshed. It will restore energy and give you a new outlook. Surely every woman owes herself this much time! Just writing about this makes me realize that I haven't had a day like that for some time and it's about time I did have one.

We are all apt to get into a rut in the way we think. What seemed impossible wasn't at all. After forming the habit of rest periods during the day we wonder how we ever got along without them. When we count up the time required by our beauty and health and good grooming routines we find that they really take only a small chunk out of each day.

And, we are really not so important that our duties cannot do without us completely for a day every once in a while!

If you would like to have the leaflet, "Essential Daily Routine" send a stamped, self-addressed envelope with your request for leaflet No. 19. Address Josephine Lowman in care of this newspaper.

STORY OF HURRICANE 'DIANE' ON C-4 AT 9.30

MAJOR CHANGES—Willian Ewald, UP's New York columnist, who appears frequently in the Times TV weekend section, has listed some changes in the television world that we thought you might be interested in. Here they are:

Omnibus will dump the word "subscribers" and call them "sponsors" just like everybody else. Ralph Storey, new emcee of "The $64,000 Challenge" and Hal March, pilot of the $64,000 Question, have worked out a deal for next year—they'll spell each other during vacations.

It looks as if Jonathan Winters will get a show of his own at NBC-TV. Danny Thomas who broke his leg early this summer playing basketball with his kids, will appear in a wheel chair for about the first five of his TV shows this season. Ernie Kovacs will take over the Monday, Tuesday spot on Steve Allen's Tonight permanently beginning in October.

★ ★ ★

TALK AROUND CBS has it that Johnny Carson, to be pushed out of his daytime spot by re-runs of "Our Miss Brooks," may move into the "Stand Up and Be Counted" time period.

Warner Bros. has just concluded a pretty unusual deal with NBC-TV—the movie firm bought four one-hour daytime spots, each of them three months apart. The first one will bow on Sept. 22 with Jinx Falkenberg starring in a kind of musical about fashion.

Alabama really has the TV bug. It has the first educational TV network, reaching 90 per cent of its citizens, with stations in Birmingham, Munford and Andalusia. And now it boasts a town called Queen for a Day (the spot used to be called Whitney Junction).

And—concludes Ewald—a bit of philosophy from Pat Buttram of CBS radio who remembers this favorite observation of an elderly aunt: "Wolf whistles are just like train whistles—they both sound good even if you ain't going' no place."

AQUARIUS (Jan. 21 to Feb. 19)—You like to aid others with their problems but you'd be wise to come closer to home today and look at mutual ventures in which you are personally involved. Work out problems in harmonious fashion since you then increase your income.

PISCES (Feb. 20 to March 20)—Talking out every-sort of detail requiring attention with partners brings some very intelligent methods of handling. Be specific about all the essential duties that each must perform. Accept your share willingly. Be cooperative.

Lawyer's Move for Release of Slayer Criticized as 'Regrettable Publicity'

MONTREAL (CP) — Two legal bodies Monday criticized Toronto lawyer Arthur Maloney for making public his report to Justice Minister Garson demanding the release of Louis Bercovitz, now serving a life sentence for the 1946 shooting of gambling kingpin Harry Davis.

The Canadian Bar Association and the council of the Bar of Montreal in separate statements following special private sessions said that Mr. Maloney's report last week resulted in "regrettable publicity" and that it was "contrary to the highest traditions of Canadian justice."

'Babe' Catches Mickey ---Mantle's Task Tough

NEW YORK (UP) — Babe Ruth has at last "caught up" to Mickey Mantle in the race to the home run record.

For many weeks young Mantle of the New York Yankees has been hitting homers at a faster rate than did the late immortal Babe in 1927 when he set the all-time record of 60 circuit clouts for a single season. But when Mickey went homerless in Monday's doubleheader against Baltimore, he dropped down exactly even with the Babe's pace.

Mantle now has 47 homers in 133 games, the same as the Babe.

But, needing 14 in the last 21 games to break the record, Mantle must match the Babe's phenominal finishing spurt. For instance, Babe hit two in his 134th game — so Mickey must hit two in his next, against Boston on Wednesday night, to stay even.

NEW WESTMINSTER — City taxi operators will meet here Wednesday to discuss raising taxi fares.

Ex-Victoria Newsman Dead Of Hanging

NEW YORK (CP) — The Mexico City newspaper Excelsior says the body of a man identified as Brian Jan Loughnan, 33, of Ottawa and Duncan, B.C., was found hanged in a Mexico City jail Aug. 19.

The newspaper quotes police as saying the man was found unconscious on a bench at a Mexico City intersection the previous day, apparently either drunk or under the influence of drugs. He carried a Canadian passport and had two handbags with him.

The newspaper says police took him to a cell at the police station where his body was found early the next day, hanged by a leather strap from his artificial leg.

The Canadian Embassy identified Loughnan as a Canadian newspaperman and writer who had come to Mexico some months ago. He had no relatives in the country.

(Loughnan worked for some time as a newspaperman in Vic

MISSIONARY'S WARNING

West's Selfishness Aid to Communists

Communism will thrive on the misery of the underprivileged unless the people of the West learn to apply the dictate "Love thy neighbor as thyself," Dr. Frank Laubach of New York said here this weekend.

The Westerners have loved themselves and neglected the underprivileged, the eminent interdenominational missionary-educator said.

Dr. Laubach has spent 25 years teaching the illiterate of 90 different nations to read. His phonetic system already has helped approximately 100,000,000 people speaking 262 languages and dialects.

Speaking at three city churches this weekend, he noted a "great new confidence in prayer" in the world today, which has been caused in part by fear of the present danger in the world.

"We have lost our confidence in science," he said. "We are afraid science will blow us up. Science is playing more into the hands of the devil than into human welfare right."

"We have got to remake human nature. To become most like Christ Jesus is the only hope for the world."

He warned that the underprivileged have substituted hope for despair. "They are gritting their teeth and are determined to come up," he said. "If they are frustrated, they are likely to blow up."

SURGERY TODAY — Most Rev. Walter F. Barfoot, 62, Archbishop of Rupert's Land and Angican Primate of All Canada, was to undergo a major operation today in a Winnipeg hospital. Authorities said his condition was "fairly good."

A cow's best friend

Any self-respecting cow likes to know that her precious milk product she supplies is handled with greatest care so it will reach her customers fresh and pure.

From the dairy farm to your doorstep, aluminum is aiding the hygienic handling and processing of dairy products. Milk pails, cans and churns . . . tank trucks and dairy equipment . . . hoods for milk bottles and foil for butter and cheese . . . all are of aluminum. This modern metal's smooth surface prevents contamination, is easily kept shiny-clean. And it does not "pick up" foreign flavors or odors. As one European authority has said, aluminum and milk are made for each other.

Love Soars Over Suez War Clouds

SHEFFIELD, England (AP) —Love triumphed over the Suez crisis today.

Pretty Jill West, 18, married Dr. Shawjat Abdel-Kadel Ismail, 31, an Egyptian.

The bride's parents, who cited the canal dispute in objecting to the wedding, did not attend the ceremony.

Being under 21, Jill appealed to the courts this week and got permission to marry.

"We shall still try to make up this one-sided quarrel with Jill's parents before we leave for Egypt," said Dr. Ismail. "I have no quarrel with them."

LITTLE BRAXTED, England (CP)—Frederick Smith, a dapper 47-year-old baker in this Essex community, claims he is the best "best man" in England.

And well he might. He has acted as best man 21 times in 25 years of seeing his friends to the altar.

Smith's marital status: A bachelor.

SARANAC LAKE, N.Y. (AP) —This brake repair job came too late.

Alfred Gauthier left his autobile at a garage with this note: "Could you fix this noisy tappet adjust the valves and if you have time put master cylinder in the brakes?"

Before making the repairs, mechanics had to fish the car out of the lake.

The brakes had given way and the car rolled into the water. On the way it knocked over a gas pump, crushed a dock and overturned an outboard motorboat.

MONTREAL (CP) — The mournful sound of a Canadian train whistle now can be heard across the barren wastes of Iceland and Canadian airmen stationed there are happy.

Several weeks ago the men said they were lonesome for the sound of a train whistle. The Canadian National Railways heard of their plight and sent them a whistle.

Today the whistle is in operation at the United States Air Force base at Keflavik where the Canadians are stationed.

It's nice to hear a locomotive whistle again," said one airman, "but what a heck of a way to sound reveille."

GASPORT, N.Y. (AP) — If your prize heifer falls into a 30-foot-deep well, just float her out.

That's what they did on John R. Walker's farm.

As hundreds of gallons of water sliced into the well, Intriguer's Mammy, a two-year-old Ayrshire, came floating to the top.

HE GIVES AWAY GRAND PRIZES

Andy sends a complete, 15-volume set of Canadian Edition of **Compton's Pictured Encyclopedia** to Michael Whitfield, aged 12, 1201 Burnside Road West, Victoria, B.C., for his question:

How Does a Cream Separator Work?

Milk is a watery fluid. It gets its body and its colors from tiny white and cream particles suspended in the fluid. Leave a pan of fresh milk in a cool place for a day or so. The cream will float to the top and you can take it off with a skimmer. This is because the cream is made of the lightest particles in the milk. Given time, the heavier particles will sink in the fluid, just as a stone sinks through soft mud. The job is done by gravity, the force which hugs all things to the earth. The heavier substances with greater weight tend to sink through the lighter substances.

Hundreds of years ago, people discovered how to speed up this sorting work done by gravity. You have swung a ball on a string around and around your head. You felt the ball try to pull away from you with the whirling speed. Maybe you have dared to swing a pail of water over and over. If you swung fast enough, the water stayed in the pail, even as it turned upsidedown. The water, like the ball, was trying to pull away from the centre of a whirling circle.

These are simple examples of centrifugal force. This pulling power is gathered by any object whizzing around in a circle. A heavy substance tends to pull harder and get farther away from the centre of the circle. A lighter substance pulls less and whizzes around in a smaller circle. Centrifugal force acts like speeded-up gravity.

The faster the spin, the greater the centrifugal force. An object spinning at 600 times a minute in a circle just under eight inches wide has centrifugal force equal to 41 times the pull of gravity. Twice as fast, it has four times this gravity, 10 times as fast it has 100 times this force. In the laboratory, centrifugal force has been built up to equal 5,000,000 times the pull of earth's gravity.

This is the kind of force that does the work in the cream separator. In the past 60 years, the wonderful machine has taken over the job done by slow gravity. It can separate the cream from the skimmed milk in a few minutes. What's more, it can do a better job. By the old method, maybe 20 per cent of the butter fat was left in the skimmed milk. A modern separator leaves only one blob of fat in a thousand.

The separating is done in a cylinder or dum whirled around by an electric motor. The fluid milk enters the merry-go-round from below. Centrifugal force tosses it away from the centre of the spinning drum. The force acts on the fluid and on each tiny particle of fat or solid suspended in it.

The heavier particles feel more of the centrifugal force. They are thrown farthest from the centre and gravitate to the wall of the drum. The lighter particles of fat feel less of the force and come to the surface of the spinning fluid. The separator revolves from 5,000 to 9,000 times a minute. The job is soon done and the light and heavy particles are separated into layers. The fluid with the light particles is the cream. The fluid with the heavier particles is the skimmed milk. Each fluid is drawn off through its own exit.

Andy send a **Hammond Ambassador World Atlas** to Barbara Jane McCutchin, age 11, Milwaukee, Wis., for her question:

Were the continents once all together?

Mountains grow and wear away, rivers change their courses. Some experts believe that even the great continents are always changing. But there is no proof of this, so we can only state it as a theory. One theory suggests that the land masses of the earth were once all in one piece. And there is much evidence that it was so.

Your gift atlas shows the shape of the great continents. Notice how some of the edges look as though they could fit together like a jig-saw puzzle. This is very plain along the coastlines of Africa and South America. The land masses are thought to be layers of light rocks floating on the surface of heavier rocks. Through the ages, one huge land mass may have broken up and drifted apart.

A new idea suggests that such a break up may have been caused by radio-activity in the earth's crust. The heat may have caused the lighter land area to break up and drift away into separate land masses. There is much evidence to support this theory, though so far no one has been able to prove it.

Tunnel Workers Go Independent

[illegible] Union voted [illegible] to leave the International Hod Carriers' Union and become independent.

The move was the latest development in a dispute between the local and the international union, involving about 1,500 drillers, blasters, tunnel miners and laborers working on several pipeline, highway and construction projects in B.C.

The dispute involved contracts signed by international officers and four firms. Local 168 officials said the contracts were signed at rates 10 to 40 cents lower than pay scales elsewhere in the province for similar work.

Last May, the international suspended Local 168 officers and placed local affairs under a trusteeship. Since then several court cases have resulted from the dispute.

Jammed Roads Kill 402 in U.S.

By The Canadian Press

At least 75 Canadians died accidental deaths during the Labor Day weekend, according to reports from all parts of the nation.

Ontario and Quebec accounted for 52 of them, and 14 of the fatalities were in B.C. Another fatality today, when an unidentified elderly man was struck by a car at Whalley, near New Westminster, was not included in the holiday total.

A Canadian Press survey from 6 p.m. local time Friday to midnight Monday shows 46 traffic deaths, 14 miscellaneous and 15 drownings, five of them in a single boating mishap at Kenora, Ont.

Seven of the B.C. victims were killed in traffic accidents, two were drowned, and five others died in miscellaneous mishaps.

Fred Gass of Trail was killed when his car plunged over a 300-foot embankment late Monday. An unidentified woman passenger was injured.

Michel Pete of the Chu Chua Indians was drowned in the North Thompson River, 65 miles north of Kamloops.

James Dubpermell, 23-year-old Seattle school teacher, died in a 100-foot fall on a mountain seven miles north of Harrison Hot Springs, 75 miles east of Vancouver.

The mishap occurred Sunday while he was climbing in the Rainbow Falls area wth a companion. A rescue party reached him Sunday night but it was not until Monday night his body was brought out by a U.S. navy helicopter from Sand Point, Wash.

James A. McLeod and his wife, Lina Barbara, of Kamloops, were killed Sunday when their light car crashed more than 700 feet down an embankment from the Hope-Princeton highway, 30 miles west of Princeton.

In another double fatality, CNR section foreman Stefan Bylycia of Hutton, and Samuel Beercroft, CNR relief roadmaster, were crushed to death by burning logs that fell from a flat car at Hutton, east of Prince George.

Other traffic victims were Mrs. Gertrude Hawkins, 60, of Vancouver, fatally injured when she was struck by a car Sunday night; Sharon West, 16, of Dawson Creek, killed on the Alaska Highway, 31 miles from Dawson Creek; Douglas Harvey of Dawson Creek, killed when his truck went into a ditch on the Hart Highway, and Mrs. Fred Sweishoff of Grand Forks, who died in hospital at Trail after she was hit by a car Saturday.

Harold Burrows of Burnaby, B.C., was drowned Sunday when he fell from a boat on Lake Tulameen in the Princeton area.

James Patrick McGill, 19, believed from Port Moody, was killed when he fell from a hotel window at Kamloops.

Mrs. Jessie Munson of Vancouver, died instantly when she fell from the back verandah of her home to a concrete sidewalk nine feet below. Police believe she fell through a broken guard rail while shaking out a rug.

Fishing Trip Ends in Tragedy

In the United States the highway death rate dropped in the closing hours of the Labor Day holiday weekend Monday night and the United States safety council held out hope that the final toll would fall far short of its advance estimate of 480 deaths.

Although millions of homeward-bound motorists were jamming country's highways, an Associated Press survey reported only the relatively low number of 46 traffic deaths in a seven-hour period between 4 and 11 p.m. EDT. That raised the traffic-death toll to 402. In addition, there have been 74 drownings and 62 deaths from miscellaneous causes for an over-all total of 538.

The worst holiday fatality in Canada was at Kenora, Ont., where five persons drowned Monday in a boating accident on the choppy waters of Lake of the Woods.

The victims: Mrs. Margaret Baker, 23; and Mr. and Mrs. Gordon Wieser, both 24, all of Kenora; Mr. and Mrs. Lloyd Price of Warren, Man.

A sixth member of the party, Robert Ebers Baker, 27, of Kenora, husband of one of the victims, was able to swim to shore.

The body of Mrs. Baker was recovered a few hours after the accident. It had remained afloat, suspended in the water by an air-inflated windbreaker. Dragging was started today for the other bodies.

The mishap occurred off Spruce Point near Ptarmigan Bay, 15 miles southwest of Kenora and six miles from Clearwater Bay, where the trip started.

CAMPAIGN BOILING

Election Drive Nearing Climax

By NORMAN CRIBBENS, Times Political Reporter

British Columbia's bitter election battle enters a climactic phase this week with party leaders stumping the province and party organizations going all out to capture voters before the Sept. 19 polling day.

From his hometown of Kelowna today, Premier Bennett started a blitz tour of the Okanagan, while Premier T. C. Douglas of Saskatchewan flew to B.C. to spearhead an all-out CCF drive ranging from Fort St. John in the Peace River to Victoria, Vancouver and Abbotsford.

Mr. Douglas flew to Vancouver today after addressing meetings at Fort St. John and Dawson Creek. He arrives in Victoria tonight at 6.45 and will address a mass CCF meeting in the Central Junior High School at 8 p.m.

PAYING BACK

In his own words, he is "returning the compliment paid us by Premier Bennett when he campaigned against us in the Saskatchewan election."

Speaking with Premier Douglas here will be CCF candidates Frank Snowsell (Saanich), Elvan Walters (Esquimalt), Neil Hindle, William Caird and Mrs. May Campbell (Victoria) and P. H. Thomas (Oak Bay).

When nominations close at 1 p.m. Wednesday, the CCF will have a slate of 51 candidates in the field. This is one short of a complete slate as the CCF is not contesting Tom Uphill, Labor Independent member for Fernie.

SOCRED SLATE FULL

Social Credit now leads the field with a complete slate of 52. Liberals and CCF are close on their heels with 51 each. Conservatives have 18 and Labor Progressive 10.

At Dawson Creek, Premier Douglas declared the CCF was not taking over B.C.'s election campaign for the CCF party.

"We are merely lending a hand."

He said the CCF believed in three kinds of ownership,—private, co-operative and public.

"We believe certain industries are monopolistic in character. They are monopolistic if they control the life of a community. And industry, which controls the life of any community, should be owned by the people."

He said Saskatchewan's power corporation will have brought electricity to 40,000 farms by the end of the year, whereas only 19,000 farms had been electrified in B.C.

"The residential natural gas rate in Saskatchewan averaged 66 cents a thousand cubic feet compared to a $1.16 rate when Vancouver gets natural gas this fall," he declared.

George Gregory, seeking re-election in Victoria as Liberal candidate, left today for a southern B.C. tour in which he will address six meetings in five days.

Gregory recently retired from handling the defence of Vancouver lawyer David Sturdy in order to bring the Sommers Sturdy case before the electorate.

Russia Ready To Buy Canadian Fish Machinery

OTTAWA (CP) — The Russian fisheries delegation touring Canada has opened negotiations with a Toronto manufacturing firm for purchase of Canadian fish processing equipment.

Soviet Fisheries Minister A. A. Ishkov told a press conference today that Russia will buy many machines already seen by the delegation.

He said it wouldn't be reasonable to set up a new industry to build fish processing machinery in the Soviet if the machinery can be purchased now from Canada.

Fisheries Minister Sinclair, who accompanied Mr. Ishkov to the conference, disclosed that the negotiations for purchase were begun last weekend between Mr. Ishkov and the John Inglis Company.

Mr. Ishkov and his associates, who have completed a tour of east coast fisheries, will leave by plane Wednesday for a similar tour of the west coast.

Soviets Admit Nina Hides In Embassy

LONDON (Reuters) — Nina Ponomareva, Russian discus throwing champion sought by British police, remained hidden in the Soviet embassy here Monday as her fellow athletes flew home to Moscow.

A Russian embassy official confirmed for the first time that Mrs. Ponomareva was in the Embassy, where she is immune from arrest.

"She will probably leave for Moscow in two or three days time," he said.

Nina, 27, brawny Olympic record holder, was tossed into the middle of a diplomatic storm by five feathery hats which a London store accuses her of stealing.

A court warrant has been issued for Nina's arrest because she did not turn up to face the shoplifting charge. Nothing except her presence in court can satisfy this.

The question is—what will happen when Nina leaves the Soviet embassy to go home? As soon as she steps out of the gates, her immunity ends and she can be arrested.

Despite the international repercussions of the affair, London police are dutifully keeping a watch for her. They were on the spot when the other Russian athletes flew off.

Militiamen Patrol Town As Negroes Start School

CLINTON, Tenn. (AP) — Nine of 12 negroes enrolled in Clinton high school reported for classes today and many of the 796 white pupils stayed away as militiamen, busy during the night quelling a mob at nearby Oliver Springs, patrolled this centre of anti-integration tension.

While some of the white students lined the entrance jeering, six Negro youths went into the school's front entrance just before the 8.30 a.m. opening bell. Three negro girls arrived by private car and entered by a side door.

The comparatively quiet resumption of classes at the school, which integrated white and Negro students a week ago, was in sharp contrast to a tumutuous night in which a national guard force raced to Oliver Springs to put down a gun-shooting mob.

TROOPS CIRCLE AREA

National guardsmen in jeeps circled the block around the school as the students began arriving.

Adjutant General Joe Henry, commander of the guardsmen, mounted the school steps and talked briefly to the white pupils congregated outside. He suggested they go to their classes. The assistant athletic coach, Ronald Gust, joined Henry. He told the pupils "I think we ought to go to school." About 20 boys followed him in.

School officials later estimated attendance at about 50 per cent.

UNDER INJUNCTION

As the school doors opened U.S. Marshal Frank Quarles stood on the school steps and read a federal court order putting the entire citizenry of Clinton under injunction.

Few citizens were in the crowd to hear the order, issued Monday night. The injunction bans anyone from interfering with the peaceful integration of the Clinton high school.

At Mansfield, Tex., an Episcopal priest who walked into an angry mob to call for "Christian action," was led to safety today by a Texas Ranger when the racial demonstrators began arguing violently with him.

Rev. D. W. Clark of St. Timothey's Church in Fort Worth, Tex., was not harmed and no hand was laid on him.

The mob, which has vowed to keep Negro students out of the high school here despite federal court orders, was estimated at 150, far short of the 400 Friday.

Ranger Capt. Bob Crowder earlier today announced that any Negroes who sought to register would be transferred to another school district immediately. Crowder made the announcement after conferring with school superintendent R. L. Huffman.

The priest told the crowd God had commanded man to love his neighbor.

One man exclaimed "Who is our neighbor?" Another declared "Niggers belong in Africa."

Nasser Replies Tonight To Suez Control Plan

By JAMES M. LONG

CAIRO (AP)—President Nasser met today with his top advisers, presumably to frame his reply tonight to an 18-power plan for international control of the Suez Canal.

Prime Minister Robert Menzies of Australia also was in consultation with members of his five-country committee. The committee presented the majority plan of the London Suez conference to Nasser Monday.

The committee spokesman said Menzies so far has done most of the talking, but Nasser is expected to have his say at the evening conference. Nasser has rejected international control of the canal he seized July 26.

DENIES ULTIMATUM

Menzies committee spokesman took time to label as nonsense rumors afloat in Cairo that Menzies had handed Nasser an ultimatum.

"The atmosphere of the talks has been friendly with no sign of any hostility from either side," the spokesman said.

Despite the announced cordiality of the meetings, storm clouds still hung over Suez.

British and French military stores poured ashore at the British island base of Cyprus, 230 miles north of the Mediterranean entrance to the canal.

REQUISITIONS SHIPS

The French news agency said France's national defence department had requisitioned 45 merchant ships for duty with the "Suez squadron" in event of trouble over the canal.

The commander of Egypt's army said his forces are "strategically deployed to meet any situation."

Egypt's secret police arrested another British subject and charged him with spying. He is the fourth Briton to be arrested.

In Paris, the Suez Canal Company, operator of the canal before Nasser seized it, said in a statement it has ordered its pilots and other employees to stay on the job during the current Cairo talks.

PRAYER FOR TODAY

O Thou who didst remind us that we must become as little children, grant that we may share in their simplicity of faith. Make us teachable as little children. Shape us as a potter shapes the clay, Make us humble, expectant, trustful. Lead us in life's way for Jesus' sake. Amen.

Liberal Dares Martin to Debate Socred Books

VANCOUVER (CP) — Perry Millar, Liberal candidate for Vancouver-Burrard in the September 19 British Columbia election, has challenged Health Minister Eric Martin to a radio debate on the Social Credit government's bookkeeping record.

He sent a telegram Monday to the health minister, Social Credit candidate in the same constituency, to "defend the questionable bookkeeping practices of the Socred government." He suggested that the debate topic be, "How can the provincial taxpayers' dollar be clearly accounted for."

Injured Last Week, Cyclist Died Monday

Carl Nielsen, 73-year-old cyclist injured in a collision with a car on the Patricia Bay Highway last Thursday evening, died in Royal Jubilee Hospital Monday.

His death was the 12th of the year resulting from traffic injuries in the Greater Victoria area.

An inquest will be held at 11 a.m. Wednesday at McCall Bros. Funeral Home. Funeral services will be held Thursday at 3 p.m. in the chapel.

Mr. Nielsen, a widower, is survived by three sisters and two brothers in his native Denmark. He moved to Victoria from Alberta in 1940 and lived alone at 705 Piedmont.

The accident occurred at 5.45 p.m. as Mr. Nielsen was pulling out on his bike from Richards' Store at Elk Lake.

Saanich police said today he rode across the highway to get on to the northbound lane directly in front of an oncoming car driven by Gustave Steinbeck, 2718 Rock Bay.

Mr. Nielsen suffered head and leg injuries and his condition was described as poor when he was admitted to hospital.

MAYBE 'IT' WILL STILL LEARN TO 'MEOW'

Donald, No Daisy, Just Duck With Shattered Personality

BOTHELL, Wash. (AP)—Donald, the misnamed duck, is a creature with a puzzling personality. It isn't just a split one; it's nigh onto being shattered.

In the first place, says Mr. and Mrs. Edward Ringstad, the four-month-old waddler should have been named Daisy instead of Donald.

No. 2: She didn't have much justification for being born at all; a bantam hen, which wanted any old kind of egg to sit on, hatched Donald from a refrigerated one.

Lastly, Donald thinks she's a kitten. She was hatched about a week after the Ringstad's cat had kittens and moved right in on the feline family.

She tried to nurse from the cat without success, but started on a milk diet by eye-dropper. She went along as the mother cat taught the kittens to forage. For the first six weeks she slept with the kittens. She spurns water like any sensible cat.

She refuses to eat grain, preferring cat food. And she's crazy about horse meat.

"There's only one thing cats do that Donald can't," observed Mrs. Ringstad. "She can't meow."

B.C. ELECTION ROUND-UP

Mrs. Murray Hurls Defi at Bennett

Mrs. Margaret Murray, wife of former Liberal Member of Parliament George Murray, will run as an Independent in Peace River South.

The fiery woman editor of The Alaska Highway News, announced her decision after she heard Premier Bennett say that Independent candidates are not acceptable as Social Credit candidates.

"Mr. Bennett cannot issue an ultimatum to me," Mrs. Murray said. "I shall run whether he wants me to or not. But I shall still support the Social Credit government for its northern development policy if nothing else."

Stanley Carnell is the official Socred candidate for Peace River South, which is being contested for the first time in this election.

The CCF have added Austin K. Greenway in Lillooet to their slate and Conservatives topped their nominations with the world-famous psychiatrist Dr. Brock Chisholm in Esquimalt.

Highways Minister P. A. Gagliardi will give the Social Credit government's endorsement to the candidacy of Robert Sommers in Rossland-Trail tonight.

Agriculture Minister Kenneth Kiernan is billed to speak with Sommers later in the campaign.

James Smith, a teacher at Squamish Junior-Senior High School, was unanimously nominated by the Liberals in Boston Bar over the weekend to contest the Lillooet riding. The nomination completed the Liberals slate of 52 candidates.

Smith said he would press for establishment of a railway commission "free of political influence" to control the Pacific Great Eastern Railway. He said he would also press for completion of the highway from Vancouver through Squamish to Lillooet.

John Beltz CCF candidate for North Vancouver, has promised to aid office workers "condemned to 52 weeks closed up in offices."

Hugh Ramsay, Liberal candidate for Saanich, will address a meeting in St. Andrew's Hall, Sidney, tonight, at 8 o'clock.

Dennis Williams, Vernon newspaperman and RAF veteran, has been elected Progressive Conservative candidate in the Salmon Arm riding.

Capt. C. R. Bull, Kelowna fruitgrower, has been nominated Liberal candidate in the South Okanagan riding.

Frank H. Abbey, Lardeau rancher, was nominated by Liberals of Kaslo-Slocan as their candidate.

Progressive Conservatives have nominated James A. Macauley, 27, and Winifred Caine, 66, for Vancouver-Burrard riding.

Felix R. Konge, 36-year-old sawmill operator, will be Liberal candidate for the Cariboo riding. An ex-wrestler, he is president of the Canadian Legion at Williams Lake.

There are 12,011 names on the voters' list for the North Okanagan electoral district. The number is 500 more than were on the last voters' list.

There were 3,000 new registrations this year but more than 2,000 names were deleted from the last list.

SURROUNDED BY HIS WORLDLY POSSESSIONS, John Bickford, 81-year-old pensioner, sits in the rain on the lawn of his Toronto home after being evicted by the sheriff. He claims he was the "victim of a quick deal" because he wanted to sell his home for cash to go back to England, his homeland, to see his son. He said he was promised $8,000 but never received any of it and he claims he has yet to receive any payment. His son died last January and now Mr. Bickford doesn't want to go back to England.

Early Prairie Cold New Threat to Crops

EDMONTON (CP) — Out-of-season cold weather has settled over Alberta and Saskatchewan and the weatherman says farmers in the two provinces will have "at least two nights to worry over possible frost damage" to their crops.

The weather office said Monday cloud had prevented any serious frost damage Sunday and Monday but it would be mid-week before temperatures crept slowly back to September norms.

The coldest Labor Day on record in Edmonton brought no lasting snow to any Prairie points although there were a few snowflakes in the air in a light precipitation west of Calgary in the foothills. The snow, a little of which fell overnight in Edmonton and Calgary, melted as soon as it hit the ground.

A light frost was reported throughout southwestern Alberta Sunday and Monday but it was insufficient to cause real crop damage.

FROST IN CALGARY

Overnight temperatures Sunday fell to a record low for Sept. 3 of 33 in Edmonton and tied the record at Calgary, the coldest spot in the West, at a freezing 28.

The previous low in Edmonton for Sept. 3 was 49.8 on Sept. 3, 1952, while the temperature dropped to 28 in Calgary Sept. 3, 1929.

In Saskatchewan the coldest point was Swift Currrent where the temperature dropped to 33 Sunday night. Prince Albert and North Battleford temperatures were only two degrees higher while Saskatoon and Regina had overnight lows of 36.

Heavy Rains Downgrade Wheat Crops

WINNIPEG (CP) — Government officials said today that heavy rains which halted harvesting last week will likely cost Manitoba farmers thousands of dollars in reduced grades and yields.

Some grain authorities said wheat would drop at least one grade through bleaching caused by rain. Shelling and lower bushels weights would reduce yields by as much as 10 per cent in many areas.

Heaviest losses and longest delays were expected in eastern and northern sections of the province where about two inches of rain fell.

In the Red River valley, and northwestward to the Swan River district, combining is not expected to get under way again until late next week. Officials said that if current unfavorable weather persists, the lull may be longer.

Government officials said there was still a distinct threat that frost will cut into Manitoba special crops. Flax is generally 10 days to two weeks from maturity and soybeans and sunflowers are susceptible to severe frost damage.

Third Russian Nuclear Blast Revealed by U.S. Atomic Chief

WASHINGTON (AP) — A third explosion in the series of Russian nuclear tests in Siberia was announced Monday by the Atomic Energy Commission.

An AEC statement, issued by chairman Lewis L. Strauss, said the latest blast Sunday was about the same size as the two the Russians have acknowledged setting off Aug. 24 and Aug. 30.

President Eisenhower announced the two earlier detonations and for the first time located the site of the secret Russian proving grounds as in southwest Siberia. Moscow radio later confirmed the tests were under way and said the Soviets were perfecting "nuclear weapons" suitable "for arming of different kinds of troop formations."

Whether the devices are atomic or hydrogen bombs had not been revealed. But Eisenhower pinned the size of the first blast at "less than a megaton," which is the equivalent explosive force of 1,000,000 tons of TNT.

Asked Friday if the latest Russian tests would mean any changes in the U.S. defence planning of spending, the president said none were indicated.

AT WILLOWS BEACH

4,000 See Thrilling Powerboat Regatta

The Oak Bay waterfront echoed for close to four hours Monday afternoon with the high-pitched whining of some 20 powerboats competing in the annual Labor Day regatta.

A crowd of close to 4,000 holidayers watched the antics of the bouncing hydroplanes and runabouts from Willows Beach.

The sea was flat and referee Graham Fraser of Vancouver said over-all conditions were near perfect.

Only one accident marred the afternoon. That occured when Jack Butterworth of Port Alberni, driving the 136-inch hydroplane Miss Mischief owned by George Mowatt of Port Alberni, piled into a submerged log.

BOAT SALVAGED

Butterworth escaped unscathed when the craft flipped over and sank after the shaft and propeller were twisted in the crash and a hole torn in the bottom. The boat was recovered and towed to shore.

Butterworth was travelling at about 45 miles an hour at the time, getting set for the start of a race.

The meet was directed by the Victoria Inboard-Outboard Association and attracted boats from Island and Mainland groups.

George Murdoch, chairman of Oak Bay council's celebration committee, opened the regatta.

The coveted Native Sons of Canada Trophy was won by Jim Simpson of Port Alberni in Nemesis, who drove to victory in the outboard marathon.

Most exciting race of the day was the Crackerbox (inboard runabout) class, won by Ron Bestward of South Burnaby in Firecracker after a five-lap duel with Ken Cameron of Victoria in Hot Canary and Phil Wilkinson, Victoria, in the Maggie 2.

Lucky ticket in the draw for an 11-foot open car-top runabout with six-horse motor was held by Robert C. Watt of 721 McKenzie.

ON THE TIMES — By ART STOTT

Dream of the Wilderness

To my way of thinking the great appeal of R. M. Patterson's book "Dangerous River" rests in the author's ability to make his reader a participant in the Nahanni adventure.

Stott

Patterson doesn't merely describe incidents. He has the faculty of making you the man with the paddle, the pole or the trackline working the canoe up-river against angry currents, over rapids, through white water crests and along back-eddies.

He brings out the Walter Mitty in readers. Through his pages a person comes as close as possibly vicariously to doing the things most men want to do while red blood pumps through their arteries.

Patterson met the wilderness of the Northwest Territories head-on, lived a razor's edge enjoyment of survival to experience nature's rages, her cruelties, her beauties and compassions.

I wish I had the capacities to do what he did—not to mention the ability to write as he does. And I wonder why I'm so lacking in get-up-and-go that I don't venture out into the wilderness closer to home.

OUR OWN WILDERNESS

Last week I had the good fortune to fly over a fair section of Vancouver Island. The plane was sturdy and comfortable, the pilot excellent and my host a model of graciousness and information. The day was perfect, the green cloak of forest and the lift of mountains an inspiration.

It's probably a part of my immature attitude, but any time I see the wilderness of Vancouver Island, British Columbia or Canada, I'd bust the buttons off my weskit with pride if I wore a vest.

The flight over part of the Island was no exception. Down below we could see lakes and ponds high up in the hills—some of them apparently nestling in depressions at the peaks. We could look at twisting rivers, unmoving from a plane's altitude, and catch the painted white of rapids, the blending greens of shallows and, on occasion, the deep brown of depths where the water lay shadowed between high banks.

Out on the West Coast we saw the rolling line of Pacific breakers coming in from the fog off Long Beach. We picked out small offshore islands, timber-green with weathered driftlog beaches centred in the white lace doilies of surrounding surf.

At times we flew along valleys from which mountains lifted their snow crests above us.

In a good part of his lifetime a man could cover a lot of that territory afoot. He could break his way into streams that have never been fished. He could fight his way up through close-growing timber to the small lakes and ponds that lie like dark glass in hills where no one seems to have been.

READY TO HAND

He could make his own relative Nahanni adventure right on the Island, meet the wild life he can't see from the air, study the flowers and ferns that are too small to catch from a plane's window, smell the woods in the day's heat and the sharp refinement of night's cold. He could know the deep satisfaction of survival, if he were made of the stuff of a man like Patterson.

Most men who hit typewriters in an office almost all their working lives might not be able to make too long a trip into the Island's wilderness. They wouldn't be equipped for the packs demanded of them or be able to live off the country.

But they could go into the woods and break limited trails—though the Rangers might have to bring them out. It's my belief that a lot of the people who put on colored jackets and heavy boots for hunting junkets at this time of the year, go in for just that sort of enjoyment and not merely to kill.

It's the kind of journey I keep promising myself that I'll make—without a gun. But somehow the closest I get to it is a day's hike once every two or three years over the hills back of Shawnigan to a stream and a lovely pool at the end of a marshy meadow.

I suppose some of the better parts of a man's life are built on promises like that, even if they're never fulfilled. They give a speculative zest to living—something to dream about after you've taken an eagle's eye view of Vancouver Island wilderness, or laid aside, with regret, a book like "Dangerous River". Someday, you say to yourself, someday . . .

HOME GARDEN — By HILDA BEASTALL

Houses Oust Trees In Saanich 'Garden'

Plant a tree in Saanich!

For a good many years the Municipality of Saanich has used the slogan The Garden of Vancouver Island. We have indeed been blessed with natural planting of flowering dogwood, native currant, spiraea, Oregon grape and snowberry.

Hilda

In this Jubilee year, however, we find a strange situation developing. Soon there will be no trees in the Garden of Saanich.

Almost every house or store erected means the removal of trees and shrubs. In many instances no attempt is made at replanting.

Possibly the owners have no liking for a garden, yet I guarantee they will gravitate to the shade of a tree on a hot day. Just one tree in each of these new gardens, and on store properties also, would soon create an effect of tranquility and permanence. Many young owners would doubtless find that one tree led to another, and to planting of shrubs in the area—thus, the beginning of another garden.

There are many suitable trees of medium stature, without too invasive root systems, and of such foliage as is desirable in the limited area of a single building lot. Any local nurseryman growing ornamental and shade trees will be able to advise on kinds for your particular situation. September, October and November are the planting months for most kinds.

In this Jubilee Year of Saanich let us all plant even one tree in the Garden of the Island, and next year begin to enjoy the fruit, or even foliage and flowers, of our thoughtfulness.

Campney Certain Canada Will Stay In NATO Armies

OSLO (CP)—Defence Minister Ralph Campney of Canada today renewed assurance that Canada has no plans at present for reducing her armed forces in Europe.

The Canadian minister, here in the final stages of a tour which has included Canadian defence establishments in France and Germany, was replying to questions at a press conference.

Bandits Grab $12,000 In Montreal Raid

MONTREAL (CP) — Three armed men escaped with an estimated $12,000 from the Modern Bread Company in suburban St. Laurent early today after surprising the night watchman.

Police identified the watchman as 55-year-old Willie Chalifoux, brother of the late Capt. Ernest Chalifoux who was slain in a gun battle in Ste. Agathe, Que., last month.

Canadian Up in Air; Cannot Leave Plane

HONOLULU (UP) — Victor Clark, who may become another man without a country, was en route back to Australia today after U.S. immigration authorities refused to permit him to continue on to his native Canada.

Clark, 43, arrived here last week after working for 18 months in Australia to buy an airline ticket to his home in Vancouver, B.C. Immigration authorities ordered him deported to Australia because of his past American criminal and deportation record.

Clark is scheduled to arrive in Sydney Wednesday aboard a Canadian Pacific Air Lines flight, but airline officials fear he may not be readmitted for the same reasons he was excluded from the United States.

The airline is worried that Clark may become a man without a country, shuttling back and forth between Australia and Honolulu with the airline paying a $300 fine every time he hits Hawaii.

Clark said: "The whole thing is a complete mystery to me. I haven't been in trouble for roughly 10 years, and I have a job awaiting me at Yellowknife."

Actor, Marine In Fist Fight

HONOLULU (AP) — Actor Burgess Meredith got in a fist fight with a marine sergeant at a Waikiki restaurant at 3 a.m. Monday. Neither the actor nor the marine was hurt. Patrolman George Perreira said the fight started after Mrs. Meredith and the sergeant threw water on each other. Meredith is vacationing here after making a movie in Japan.

YOUR HEALTH — By DR. WALTER C. ALVAREZ

Addiction to Drugs

Dr. Alvarez is Emeritus Consultant in Medicine, Mayo Clinic and Emeritus Professor of Medicine Mayo Foundation.

Many people with a relative who is addicted to drugs beg me for information that would help them in dealing with the afflicted person. How can they help him to get off of the drug? Where can they find a hospital that will take him in? How must they behave with him when he comes home? Must they keep snooping on him, or had they better leave him alone?

Dr. Alvarez

I have just been reading an advance copy of a book which will soon be out (Grune-Stratton, N.Y.) called the "Drug Addict as a Patient." It is written by Dr. Marie Nyswander, who has been well trained in the science and art of helping these unfortunate people. She tells what addicts are like, and what makes them act the way they do. She tells of possible treatment at home as well as in hospitals. There are sections on the technique of withdrawing a drug, and on the symptoms which then appear; there is also a section on the rehabilitation of the patient.

She says that in spite of the tremendous amount of work done by the devoted officials who administer the law, enormous amounts of morphine keep coming into the country.

Many persons have kept saying what is obvious—that the easiest and surest way to put an end to this illegal traffic would be to make the drugs available at cost to the addicts. Then the gangsters, with their customers all gone, would have to go out of business.

BRITISH EXAMPLE

As Dr. Nyswander says, we ought to study the way in which the problem has been handled in Great Britain, because there they haven't much trouble with it. They have succeeded where we have failed. They allow a doctor to prescribe for an addict, giving him just enough to keep him comfortable. The doctor can try to treat him, if he wishes. In England the addict is regarded as a sick man whose trouble is closely allied to psychosis. He is not looked on as a criminal. The authorities know that he just cannot stand on his feet without the help of drugs. One can get him off the drug, but when any little thing goes wrong in his life, back he is likely to come, asking for more morphine or heroin or cocaine.

One of the greatest failings of man is his willingness to blunder ahead, trying to cure some disease of the body public without first consulting the experts who can tell us what the problems facing us are. Often, when the experts tell us what to do, we do not listen to them, but forge ahead, basing our actions on some ancient prejudice.

A while ago, Dr. Hubert S. Howe, professor of neurology at Columbia University, urged the government to provide addicts with morphine at cost. He thought we would do such a sensible and money-and-effort-saving thing if only we could rid our minds of the false idea that these unfortunate and often psychotic and weak-minded persons are criminals. As Dr. Howe said, they tend to become criminal only when they are crazed with suffering, and must somewhere find the money with which to buy the morphine they want.

Today we have come to fear the peddler of morphine because he will sell the drug to teen-agers. It pays him to introduce more persons to the habit. As many doctors keep asking, why spend millions trying ineffectually to get rid of peddlers and their gangster overlords when, underselling them, we could put them out of business overnight?

City Flier's Condition Improved

VANCOUVER (BUP) — Two of the seven survivors of Thursday's Canadian Pacific Airlines 15-death crash in Alaska today took a turn for the better while a third remained in "poor condition."

Officials at St. Vincent's hospital reported Navigator Robert Short, an Australian now living in Vancouver, and second officer Robert Love of Victoria, were in "satisfactory condition." Earlier their conditions were described only as "fair."

Still in critical condition in hospital at Kodiak, Alaska, with serious injuries which included a fractured skull, was Capt. Thornton Tweed, 33, Burnaby, pilot of the crashed airliner.

FRANCE TIES WAR BONDS TO STOCK EXCHANGE PRICES

PARIS (AP)—Premier Guy Mollet today announced that a new loan to pay for the fighting in Algeria will be tied to price of stocks and bonds on the Paris bourse stock exchange, with the idea to hedge investors against inflation.

Subscriptions to the loan will open Sept. 10. If the 150,000,000,000-franc ($428,571,300) quota has not been reached by Oct. 20, taxes will be levied to make up the rest.

Movie Fans Enjoying Winnipeg Price War

WINNIPEG (CP)—Winnipeg theatre fans, making the most of free entertainment while it lasts, filled four drive-in theatres to capacity here Sunday in the first showing in the city's history of motion pictures on Sunday.

The Lord's Day Act was not violated since no charge was made for admittance. The theatres are in the midst of a price war.

The price war started in August, when an independent drive-in began showing free pictures in protest to what the management called "monopolistic practices" by a group of theatres in Winnipeg.

MOUNTIES RECALLED

CHICAGO (AP) — Chicago White Sox Saturday recalled 14 optioned players from the minor leagues including three from Vancouver who will report to the White Sox before the end of the season. The Vancouver players are first baseman Ron Jackson, catcher John Romano and pitcher Bill Fisher.

DIRECTOR FLAYS MORBID CULT FOR DEAN'S DEATH

HOLLYWOOD—A fascination for speed, no morbid preoccupation with death killed the late movie star James Dean, according to George Stevens who directed Deans' last picture.

Stevens was referring to the flood of magazine articles and books on the handsome star of "East of Eden" under such titles as "Jimmy Dean Speaks From Beyond" and "Why Jimmy Dean Wanted to Die."

The director said they were products of "fast-buck promoters" sparking and cashing in on a weird cult for the dead star.

FUTURE FOR CANADA

British Ballerina Dedicated Pioneer

By SYLVIA HACK
Canadian Press Staff Writer

LONDON (CP) — Dame Ninette De Valois has the fragile elegance of a porcelain figurine. But beneath the dainty features of this 58-year-old woman is the power and strength of a dedicated pioneer.

Twenty-five years ago she created Sadler's Wells Ballet, determined to see it win respect and take its place in the theatre world. She is still working on the project.

Now silver-haired, Miss De Valois says cautiously: "In 25 years our roots are not so deep as not to be shaken; but we are very near stability of course — especially since we received government recognition."

ON THE MOVE

Between ballet seasons, directing the senior and junior ballet companies, and a ballet school, Miss De Valois finds time to write her memoirs and go on world lecture tours.

FUTURE IN CANADA

She said that during a Canadian lecture tour in 1950 she found much enthusiasm for ballet and thinks there is a definite future for a Canadian national ballet company.

"I got the impression many good artists disappear into the United States, which is a great pity."

Her next tour planned for this fall will take her first to the United States and probably Canada. "If it does," she says, "I intend to see more of Canadian ballet."

Born Edris Stannus in the Wicklow Hills of Ireland, her family came to England when she was eight and she began her dancing lessons. At 15, she was being billed as the miniature Pavlova.

"There was a time when I played in pantomime — and I've been hissed off every music hall stage in England.

'UNGAINLY MANOEUVRES'

Stratford Players' Version Of 'Oedipus' Hit at Edinburgh

By ALAN HARVEY
Canadian Press Staff Writer

LONDON (CP) — A Canadian attempt to turn Sophocles' Oedipus Rex into ritual drama is gently criticized today in British newspapers, with reviewers expressing the feeling that the presentation would be better suited to an open-air theatre.

Writing of Monday night's opening performance of the Greek tragedy at the Edinburgh Festival by the Festival Company of Stratford, Ont., the dramatic critic of The Times says:

"The production may be wonderfully suited to the Canadian theatre for which it was designed, but transferred to the Edinburgh assembly hall it encounters all sorts of difficulties.

AT WRONG DISTANCE

"The performers are masked and the play is presented less as human drama than as ritual, but whether looked at from the galleries or from below stage level the spectacle is never at the right distance . . . The chief reason would seem to be that the masks are too big for the auditorium."

The masks gave the impression of "being worn by curious creatures behind aquarium glass going through a series of ungainly and rather mysterious manoeuvres," adds The Times.

The Daily Telegraph says the masks are so elaborate that the players seem "dwarfed rather than superhuman."

"The performance, indeed, is stylized throughout and makes a purely formal appeal to the intellect alone . . . My feelings were completely disengaged."

The Canadian company will give three more performances of Oedipus Rex before the festival ends this week. It will also continue with stagings of Henry V, which opened a week ago today. The players will take a week's holiday before returning to Canada.

A New York Times critic cabling from Edinburgh says the "declamatory methods" of Tyrone Guthrie's actors "recalled rather the chanting of responses in a Church of England service or the pulpit manner of some old fashioned preacher."

But, "all being considered, the reception was remarkably warm."

Trotting Record

MONTREAL (CP) — Kahla Key set a Canadian trotting record Saturday in winning the $10,000 invitation trot at Blue Bonnets Raceway in 2.04 4-5.

The eight-year-old brown mare's time shaved two-fifths of a second off the old mark, set at the Blue Bonnets and Richelieu tracks here by Lord Steward, which finished second in Saturday's race.

"The Ladykillers"
Starring Alec Guiness, Cecil Parker, Herbert Lom, Peter Sellers, Danny Green and Katie Johnson
This, in our opinion, is the comedy gem of the year. Those of our patrons who remember Guiness in "Kind Hearts and Coronets," "The Lavender Hill Mob," etc., will know that he is the master of the subtle comedy twist which keep you laughing weeks and months after the show. "The Ladykillers" is the hilarious story of a nap hand of crooks whose carefully laid plans are trumped by the implacable charm and quiet dignity of a "dear little, pixilated old lady," played by Katie Johnson—who just about steals the whole picture herself. Don't let anything stop you from seeing this one . . . in Technicolor too. Plan to see it as early as possible to avoid disappointment.

BETWEEN TIMES
By
MONTE ROBERTS

At long last, the ideal job for a ghost writer has turned up.

This, of course, is the job of not writing the speeches Brock Chisholm is not going to make in the election campaign.

You can't say Dr. Chisholm isn't on the right track. The great number of voters who don't attend election meetings to not hear speeches has pointed the way.

All that is needed now is to not have the election, which was unnecessary in the first place.

But, as we appear to be having an election, hear now from a candidate:

"Dear Monteith:

"I must thank you a thousand times for setting the public straight on this matter of a name. The public must be confused enough as it is what with a local newspaper (not the Chinese Times) publishing a photograph of an 18-year-old, one-pip wonder and labelling it M. L. Tyrwhitt-Drake.

"The children were most confused, indeed. What is that on your head, Daddy? they asked, referring to the fine thatch of hair in the photograph.

"Alas, the slender, well-furred young M. L. of yesteryear has indeed become just plain old Monty Drake with a sunburned scalp and a low calories diet, and the latter personage will forever owe you a debt of gratitude for making this dismal fact plain to all.

"Bless you, Monteith, old man. My old colleagues bless you too. Us eggheads must stick together.

"Your devoted reader,

"M. Lawrence Tyrwhitt D."

"NO OTHER CANDIDATE CAN USE THIS NAME."

Well, bless you, too, just plain Monty. I suppose, in your new life, instead of submitting a statement of professional services rendered, you send a just plain bill.

Financial note: I don't see why the premier should have to borrow $100,000,000 for the PGE.

Why doesn't he get on a TV quiz program and win it?

Only 14 more talking days before election.

ALL THIS AND $2,000, TOO

Winners of wedding contest at Munroe, Wash., State Fair are youthful Gerald Walden, 19, and Joyce, 17, here for three days as guests at Empress Hotel. Tacoma pair were married Sunday at fair, and agree marriage "so far is okay." Pair received more than $2,000 in merchandise prizes at fair.

Saanichton Fair Sets New Record

Attendance Tops 20,000 At 88-Year-Old Festival

Residents of the Saanich Peninsula, Lower Vancouver Island and outside points showed up in record numbers for the largest North and South Saanich Agricultural Society fall exhibition Saturday and Monday.

An estimated 20,000 persons crowded through the gates between 10 a.m. Saturday and 6.30 p.m. Monday to shatter all previous attendance records.

It was the 88th time the society put on its show for farmers, gardeners, housewives, stock breeders, horsemen and women, highland dancers, industrialists and the general public—one of the few remaining such "country fairs" in the west.

The old atmosphere of farmyard smells, dust and livestock noises familiar to some evoked fond old memories of childhood on the farm in many others.

As much as anyone's, it was the children's show, and thousands of them came with their parents or grandparents to eat corn-on-the-cob, candy floss and ice cream, poking inquisitive fingers in the animal pens and getting lost in the jostling crowd.

There were the youthful stock raisers, constantly currying their animals and cleaning pens and stables for their biggest day of the year. The youngsters with the prize-winning animals of today will be Canada's agriculturalists tomorrow.

Canada's Only 4-H Goat Club

Even as 4-H-Clubbers they show a spirit of originality. Saanich claims the only 4-H Goat Club in Canada, whose membership competes keenly amongst themselves.

In the old Agricultural Hall on East Saanich Road were the hundreds of exhibits turned out by school children, small fruit and vegetable growers and housewives.

There was home baking and needle work, the result of untold weeks of patient stitching by the little girls, mothers, aunts and grandmothers of the peninsula.

Sprawled outside were the dusty carnival booths and kiddie rides, the livestock exhibits, horse show, agricultural implement displays, refreshment stands and numberless parked cars.

It was Saanichton's biggest two days of an otherwise quiet, rural life.

Everywhere were the fresh-looking, pretty girls, wearing the colorful summer outfits in the blazing Labor Day sun.

And the kids—kids shouting, kids laughing, kids wailing and running and falling off fences; fathers growling at kids and horses whinnying, cattle moaning, goats bleating, bulls roaring and hucksters crying, in complete but happy confusion.

Many Repeaters in Cattle Class

In the heavy stock judging, always a highlight of the fair, familiar names took the most awards. William Turner and D. S. McHattie cleaned up in the shorthorn section; Alex Turner and Woodwyn Farm ranked high for the Angus breed, and in the Holstein class William Taylor and R. and G. Rendle got the largest share of judge's nods.

In swine, a small field this year, S. J. Hill walked away in nearly all classes.

One of the most unique winners was eight-year-old Peter Cottier, 114 Aloha road, Esquimalt Lagoon, whose guess of 209 brushes was the only correct estimate of the number of kitchen brushes in a large glass jar. Total guesses numbered 682. Peter will get a set of brushes for his win.

Among the uncommon entries was a family of red Chinese chickens called Oriental Silkies dolled up in pastel pink, green, blue, mauve and plain white in their fur-like feathers.

At the other end of the poultry hut was a turkey family—son, daughter, mother all docile and resting in their individual pens. Father, a monstrous bird, filled his cage with spread tail and expanded chest, glaring disdainfully at spectators.

In between, a flock of hens clucked fussily, nervously laying eggs for an egg-laying contest as though their lives depended on it, which they probably did.

Gate committee chairman, V. E. Virgin, allowed it was "the biggest fair they've ever had for attendance, exhibits and every way."

250 Garagemen Put Off Strike For 24 Hours

Meeting Today In Wage Dispute

About 250 Victoria automotive workers due to strike at 11 this morning decided to postpone drastic action in their dispute with 10 local dealers for 24 hours in hopes of a peaceful settlement by Wednesday morning.

Decision followed a meeting of union and management negotiators this morning, where it was decided to call another meeting for 4 p.m. today.

The union asks a five-day, 40-hour work week with 40 hours guaranteed, full union shop, $2.10 an hour pay for journeymen mechanics and 10 per cent raise in other classifications, two weeks' holiday with pay after a year's employment, nine statutory holidays a year and a one-year contract.

Report of a conciliation officer which offered $1.96 an hour, or 17½ cents an hour over the present scale, was turned down by the union.

Towboat Men On Coast Now All Unionized

The powerful Seafarers' International Union has organized deckhands and oilers employed by Island Tug and Barge Ltd. to make the "big three" towboat firms on the Pacific coast completely unionized.

Vancouver port agent for the SIU, Norman Cunningham, said today 75 to 100 men would be covered by a two-year agreement effective from Aug. 1 of this year.

It provides wage increases and changes in working hours, plus two additional statutory holidays per year.

Mr. Cunningham referred to the contract as the standard towboat agreement for this coast. It covers nearly all towing operations, large and small.

TO GET OVERTIME

Employees now work a 40-hour week and will get overtime when asked to work longer hours. Deckhand wage rate is up $25 a month to $196 a month this year; will increase $15 a month next year to a maximum $236 a month.

Formerly required to work 20 days with 10 days off, deckhands and oilers now work 18 days with 12 off and next year will work 15 days and 15 off.

Total statutory holidays now number seven.

The other two big towing firms are Vancouver Tug Boat Co. Ltd. and Straits Towing Co. Ltd. of Vancouver.

Schools Open Wednesday

A number of city and district children committed the unpardonable schoolboy sin today—they showed up at school a day too early.

However, in most cases the youngsters were brought by parents for first year registration. They were referred to scheduled registration periods later this afternoon.

Senior municipal inspector John Gough said this morning there were many phone calls to school board offices by parents confused about starting times for classes.

All of the district's 17,000 school pupils commence classes Wednesday except for those who will attend the new Colquitz Junior High School. They start Monday.

Saanich Firemen Busy at Weekend

$2,000 Damage Caused by Blaze Sunday; Bush Fires Prove Tough

Damage estimated at $2,000 was caused Sunday in a fire which broke out in an upstairs suite of a two-storey building at 971 Cloverdale.

Owners of the building, Mr. and Mrs. M. Helms, were away at the time the fire was spotted by a neighbor.

The downstairs section, used as a kindergarten, was damaged by water. Cause of the blaze is unknown.

The call was one of a number answered by Saanich fire department over the holiday weekend.

On Saturday, firemen fought a stubborn bush fire near Prospect Lake for seven hours before bringing it under control.

A vacant two-room cabin was destroyed in the fire, on Prospect road near Burnside.

Also Saturday, the department extinguished a roof fire which threatened a house under repair at 3287 Alder owned by John Herda.

Young Couple Injured When Car Overturns

His companion, Barbara Glenn, 643 Goldstream, was in good condition.

The mishap was the only serious accident reported by Greater Victoria police departments during the long holiday weekend, despite the record number of cars using the highways.

Two youths escaped injury early Sunday when their car left Admirals Road near the HMCS Naden parking lot and rolled over. The car was demolished.

Cannery Ship Conversion Job for VMD

Victoria Machinery Depot has been awarded contract for conversion of the cannery ship Pacific Explorer back to her original form as a freighter.

The 410-foot ship arrived at Esquimalt under tow today and work, which will take about six weeks costing about $100,000, will commence immediately.

Pacific Explorer has been laid up at Portland, Ore., for several years, after serving as a floating cannery for the U.S. Navy. She was built in 1919, in Los Angeles, and was used as a freighter by several owners. Pacific Explorer was once known as the West Calumb, later the Mormacrey.

Preliminary work will take place where the ship is now berthed, at the 100-ton crane, after which she will be moved into Government Graving Dock.

PETUNIA'S NO DUMB CLUCK . . .

Egg Race Ends in Scramble

Petunia, the poultryman's pal, captain of a five-hen team entered in the Saanichton Fall Fair egg-laying contest, showed the way to victory with a blistering personal performance of two eggs a day for six consecutive days.

Inspired by her example, her team-mates pulled together as a unit and brought the grand total during the eight-day contest to 34 eggs, to win out over eight other teams.

Said her owner, A. C. Phillips: "I knew I could count on Petunia."

But she gave him some anxious moments Sunday. Exercising her feminine prerogative, she became tired of the whole deal and led a sit-down strike which ended only after promises of better setting conditions and a more varied diet.

"I knew she wouldn't lay down on the job for long," said Mr. Phillips, and Petunia justified his faith by producing an egg before sundown Sunday.

Runner-up in the contest were hens owned by Olive Kingcott, Wilkinson Road, and Sid Biggs, Carey Road, who tied for second place with a total of 31 eggs.

The teams of H. E. Hubbard, Metchosin, and C. P. Gilmore came third with 27 eggs per team.

Fair officials said a large crowd turned up at 5 p.m. Monday to watch the finish of the race, the first of its kind held on Vancouver Island.

They were jubilant at the results. The 45 hens laid a total of 223 eggs in eight days.

SHOPPING GUIDE

A Very Special Silver Set . . . Child's Christening Gift

By PENNY SAVER

Did you have a good holiday? After squeezing another day into the weekend, I'm back to roaming around the stores, trying to find good buys for you.

Here's an idea that may help some of you out. When a friend's child is being christened, the thought of a gift sometimes poses a problem, because often the parents will end up with several mugs, silver sets and such. Of course, you'd like to give something that will be a bit different. And, that's what the **silver plate sets** I found are. An **egg cup, napkin ring and spoon** come in a fitted box ready to be wrapped. The pieces can be engraved, or given as they are, plain and very lovely. These are gifts that the youngster will be able to use for years, for they aren't dated like some plate and silverware for children.

An egg cup attached to an English china dish also has a matching spoon, completing a very attractive set. The egg cup is filigree silver plate, and the dish is a floral pattern that will go well with your own set of dishes. The egg cup can be removed for polishing, but as a general rule is washed while still connected to the dish. This set is also $4.

Bar accessories have become very popular gifts. A bar knife that has a hooked fish-tail end has a serated edge for cutting lemons and such. Olives or cherries are picked up with the hooked points, and near the handle is a bottle opener. These come with handles to match other openers.

The new openers are hook types that fit securely over the lid. Press the handle down towards the bottle and off comes the cap, very neatly. A **whangee** handle that looks like bamboo is used for the handle of one set. Opener is $3.95 and knife is $2. An **xylo** handled knife is $1.75, and the opener, $3.50. Regular type openers with this type of handle, which looks like mother of pearl, are $1.50. **Ornate silver plate** openers are $3.50 and knives $2, and **pewter** knives are $2.50 and openers $3.50. **Horn-handled** knives and openers are corresponding prices.

In a fitted **wooden case** that would fit neatly in a drawer or on the kitchen or dining room serving units or on the bar is the opener, a long stainless steel spoon and the hook-ended bar knife with horn handles. This set is yours for $8.50.

Call me at 2-3131 and I'll tell you where to find the items mentioned here in the column.

Bride Holds An Heirloom Prayer Book

A prayer book carried by her mother and grandmother on their wedding days was carried by Lucy Joan Parker when she became the bride of Lawrence Martin Howe in Fairfield United Church, Saturday evening. The book was mounted by a heart of red roses and white streamers. Miss Parker wore a gown of white taffeta with scoop neckline outlined in tiny pin-tuck pleats. Pearls and sequins were embroidered on the low torso waistline, from which swept a full skirt over graceful loops. Her waist-length veil of French illusion was held by a tiara of pearls and sequins.

The bride, daughter of Mr. and Mrs. John (Jack) T. Parker, 103 Bushby street, was given in marriage by her father. The groom is the son of Mr. and Mrs. Henry Howe, Kimberley, B.C.

Rev. T. R. Hayhorne conducted the service in a candle-lit setting of yellow and white chrysanthemums. Organist was Mrs. Rodney Webster.

Mrs. Lyle Robertson, matron of honor, and Miss Barbara Shoemaker, bridesmaid, wore gowns of apricot and yellow taffeta, respectively, styled with low waistlines, full skirts and scoop necklines. Their head bandeaux were of yellow and apricot net and they carried crescent bouquets of bronze and pale lemon feathered chrysanthemums with bronze ribbon.

Lyle P. Robertson was best man and ushers were Trevor James and Glen Valde of Vancouver.

The reception was held in the Flamingo Room of the Crystal Garden, where the newlyweds cut a three-tier wedding cake, which centred a table covered by a hand-crotcheted cloth, a gift to the bride from Mrs. J. Humphries, Port Alberni.

Bernard Duncan, Port Alberni, proposed the toast to the bride.

For motoring Up-Island and to Kimberley, the bride wore a travelling ensemble in fall tones. Her beige knitted suit was complemented by bronze accessories and she wore a corsage of bronze chrysanthemums. Gift of the groom was a copper necklace and earrings set.

Mr. and Mrs. Howe will live at Chalk River, Ont., where the groom has accepted a position at the atomic energy research plant.

Ora Helen Williams Wears Gown Of Lace for Exchange of Vows

Gowned in an exquisite Chantilly lace bridal dress, Miss Ora Helen Williams entered St. Andrew's Church, Saturday evening, to strains of wedding music played by organist C. C. Warren. Miss Williams exchanged vows with Richard Rex Collard in a ceremony performed by Dr. J. L. W. McLean. White gladioli filled baskets backed by tall candelabra holding white tapers were placed in the church and the pews were marked with white and blue ribbon bows.

The bride, daughter of Mr. and Mrs. A. Trevor Williams, 998 Maddison Avenue, was given in marriage by her father.

Her gown of French lace over crisp paper taffeta was princess style with an empire waistline and high Queen Anne collar and long lily point sleeves. The bell bouffant skirt featured a scalloped hemline. Her three-quarter-length veil of illusion net was held to a Chantilly lace bandeau of flowers outlined with lace ruffles. Her bridal bouquet was of blue carnations and sweet peas.

Maid of honor, Miss Lorelai Williams, sister of the bride, and bridesmatrons, Mrs. Wes Vogler and Mrs. Robert Collard attended the bride. They wore ballerina-length gowns of cornflower blue nylon velvray over blue chromspun taffeta. They chose ruffled bandeaux of matching material with small black veils. White carnations with blue centres and sweet peas were in their bouquets. Flower girls, Cathy Shore and Janis Boyce wore cornflower blue nylon velvray over white paper taffeta, and carried bouquets of carnations and sweet peas, miniatures of the senior attendants' bouquets.

The groom, son of Mrs. L. Collard, Peatt road, Langford, and the late Mr. Collard, had his twin brother Robert Collard, as best man. Ushers were Frank Shore and Wes Vogler.

A three-tier square cake decorated with blue roses and silver leaves was in a mist of blue tulle dotted with blue bows centring the bride's table at the reception party held in Lougheed's Banquet Club. Ernest Dyson proposed the toast to the bride.

For a motor trip to San Francisco, the bride wore a navy fitted suit with navy and red accessories and desert tan purse. Her corsage was an orchid.

Mr. and Mrs. Collard will make their home in Victoria.

Double-Ring Ceremony In Centennial United

Rev. Douglas B. Carr heard the wedding vows of Darlene Adrienne Brinkworth and George Patrick Noble, Vancouver, Saturday evening in Centennial United Church. The double-ring ceremony was held in a setting of pink and white gladioli.

The bride, daughter of Mr. and Mrs. Eric W. Brinkworth, 230 King George Terrace, wore a gown of white brocade, styled with full-length, princess-line skirt and lily point sleeves. A Juliet cap held a fingertip wedding veil and she carried a cascade bouquet of pink roses. Her jewelry was a set of pearl necklace and earrings, gift of the groom. She was given in marriage by her father.

Sisters of the bride, Misses Janice and Wendy Brinkworth, were maid of honor and junior bridesmaid, respectively. They wore waltz-length gowns of soft blue antique taffeta with scoop necklines, lowered waistlines and full skirts. The maid of honor carried a crescent bouquet of pink gladioli centred with sweetheart roses, and the junior bridesmaid carried a colonial bouquet of sweetheart roses.

The groom, son of Mr. and Mrs. John S. Noble, of Kimberley, B.C., had his brother, Bruce Noble, as best man. Ushers were Jack Noble, another brother, and Barrie Brinkworth, brother of the bride.

At a reception in Olde England Inn, toast to the bride was proposed by Robert D. Ferguson.

The bride chose a slim-fitting suit of claret tweed with dolman sleeves and black velour accessories for travelling on honeymoon Up-Island. She wore a matching cloche hat and gardenia corsage.

Mr. and Mrs. Noble will live at 4534 West 12th avenue, Vancouver.

Canon George Biddle performed the ceremony in St. John's Church. Organist, J. Ingram Smith, played "My Heart Ever Faithful" and "The Lord's Prayer."

The bride, daughter of Mr. and Mrs. Percy G. Woods, Lodge avenue, was gowned in a ballerina-length dress of peach satin brocade accented with soft tone of yellow and pink. With it she wore a chapel veil of illusion net held by a matching floral headpiece. Her single-strand pearl necklace and pearl earrings were gifts from the groom, and completing her ensemble she carried a bouquet of Talisman roses with pink carnations. She was given in marriage by her father.

Maid of honor, Miss June Blackwood chose a ballerina-length gown of blue brocaded satin with matching gloves and floral headpiece. Her bouquet was of yellow carnations. Miss Anne Woods was bridesmaid for her sister and wore a pink satin brocade gown with matching gloves and floral headdress. She carried a bouquet of pink carnations.

The groom, son of Mr. and Mrs. Albert G. Kingcott, Wilkinson road, had Balfour J. Kelly as best man, and Bruce Cameron and William Kingcott as ushers.

Following the ceremony a wedding reception was held, where George Wetherall proposed the toast to the bride's future happiness.

The newlyweds left for a honeymoon trip to the mainland. For travelling, the bride wore a box suit of champagne cashmere with pink and black accessories.

On their return, Mr. and Mrs. Kingcott plan to live at 832 Tolmie avenue.

WHY GROW OLD?

By JOSEPHINE LOWMAN

Few women ever think of giving themselves a day of their own once a week or at least twice a month. This would seem impossible to the average woman but actually it is not. Once you get the idea over to your family they will co-operate with you.

The fatiguing factor for a woman is the fact that she has to fit so many pieces into the pattern of her daily life—her husband's interests, her children's interests, and often those of her parents and sisters and brothers and friends. In other words she is meeting deadlines all day long every day. Even though they are pleasant they still are deadlines. She seldom can follow her own inclination of the moment.

You will have to be tough about your day and insist that you do only what you feel like doing all day long. You may wish to stay in bed and read, or you may want to go on a picnic in the country and simply sit and soak up the sunshine, or play bridge or just sit on your front porch. Whatever it is, do it.

This procedure will take you out of the daily rat-race temporarily and will return you to everyday living much refreshed. It will restore energy and give you a new outlook. Surely every woman owes herself this much time! Just writing about this makes me realize that I haven't had a day like that for some time and it's about time I did have one.

We are all apt to get into a rut in the way we think. What seemed impossible wasn't at all. After forming the habit of rest periods during the day we wonder how we ever got along without them. When we count up the time required by our beauty and health and good grooming routines we find that they really take only a small chunk out of each day.

And, we are really not so important that our duties cannot do without us completely for a day every once in a while!

If you would like to have the leaflet, "Essential Daily Routine" send a stamped, self-addressed envelope with your request for leaflet No. 19. Address Josephine Lowman in care of this newspaper.

Militiamen Patrol Town In Riot Area

Negroes Start Back to School

CLINTON, Tenn. (AP) — Nine of 12 negroes enrolled in Clinton high school reported for classes today and many of the 796 white pupils stayed away as militiamen, busy during the night quelling a mob at nearby Oliver Springs, patrolled this centre of anti-integration tension.

While some of the white students lined the entrance jeering, six Negro youths went into the school's front entrance just before the 8.30 a.m. opening bell, Three negro girls arrived by private car and entered by a side door.

The comparatively quiet resumption of classes at the school, which integrated white and Negro students a week ago, was in sharp contrast to a tumutuous night in which a national guard force raced to Oliver Springs to put down a gun-shooting mob.

TROOPS CIRCLE AREA

National guardsmen in jeeps circled the block around the school as the students began arriving.

Adjutant General Joe Henry, commander of the guardsmen, mounted the school steps and talked briefly to the white pupils congregated outside. He suggested they go to their classes. The assistant athletic coach, Ronald Gust, joined Henry. He told the pupils "I think we ought to go to school." About 20 boys followed him in.

School officials later estimated attendance at about 50 per cent.

As the school doors opened U.S. Marshal Frank Quarles stood on the school steps and read a federal court order putting the entire citizenry of Clinton under injunction.

Few citizens were in the crowd to hear the order, issued Monday night. The injunction bans anyone from interfering with the peaceful integration of the Clinton high school.

B.C. Campaign Rolls Into Final Drive

By NORMAN CRIBBENS, Times Political Reporter

British Columbia's bitter election battle enters a climactic phase this week with party leaders stumping the province and party organizations going all out to capture voters before the Sept. 19 polling day.

From his hometown of Kelowna today, Premier Bennett started a blitz tour of the Okanagan, while Premier T. C. Douglas of Saskatchewan flew to B.C. to spearhead an all-out CCF drive ranging from Fort St. John in the Peace River to Victoria, Vancouver and Abbotsford.

Mr. Douglas flew to Vancouver today after addressing meetings at Fort St. John and Dawson Creek. He arrives in Victoria tonight at 6.45 and will address a mass CCF meeting in the Central Junior High School at 8 p.m.

PAYING BACK

In his own words, he is "returning the compliment paid us by Premier Bennett when he campaigned against us in the Saskatchewan election."

Speaking with Premier Douglas here will be CCF candidates Frank Snowsell (Saanich), Elvan Walters (Esquimalt), Neil Hindle, William Caird and Mrs. May Campbell (Victoria) and P. H. Thomas (Oak Bay).

When nominations close at 1 p.m. Wednesday, the CCF will have a slate of 51 candidates in the field. This is one short of a complete slate as the CCF is not contesting Tom Uphill, Labor Independent member for Fernie.

SOCRED SLATE FULL

Social Credit now leads the field with a complete slate of 52. Liberals and CCF are close on their heels with 51 each, Conservatives have 18 and Labor Progressive 10.

At Dawson Creek, Premier Douglas declared the CCF was not taking over B.C.'s election campaign for the CCF party.

"We are merely lending a hand."

He said the CCF believed in three kinds of ownership,—private, co-operative and public.

"We believe certain industries are monopolistic in character. They are monopolistic if they control the life of a community. And industry, which controls the life of any community, should be owned by the people."

He said Saskatchewan's power corporation will have brought electricity to 40,000 farms by the end of the year, whereas only 19,000 farms had been electrified in B.C.

"The residential natural gas rate in Saskatchewan averaged 66 cents a thousand cubic feet compared to a $1.16 rate when Vancouver gets natural gas this fall," he declared.

George Gregory, seeking re-election in Victoria as Liberal candidate, left today for a southern B.C. tour in which he will address six meetings in five days.

FRED HUTCHINSON

Nasser Replies Tonight To Suez Control Plan

By JAMES M. LONG

CAIRO (AP)—President Nasser met today with his top advisers, presumably to frame his reply tonight to an 18-power plan for international control of the Suez Canal.

Prime Minister Robert Menzies of Australia also was in consultation with members of his five-country committee. The committee presented the majority plan of the London Suez conference to Nasser Monday.

The committee spokesman said Menzies so far has done most of the talking, but Nasser is expected to have his say at the evening conference. Nasser has rejected international control of the canal he seized July 26.

DENIES ULTIMATUM

Menzies committee spokesman took time to label as nonsense rumors afloat in Cairo that Menzies had handed Nasser an ultimatum.

"The atmosphere of the talks has been friendly with no sign of any hostility from either side," the spokesman said.

Despite the announced cordiality of the meetings, storm clouds still hung over Suez.

British and French military stores poured ashore at the British island base of Cyprus, 230 miles north of the Mediterranean entrance to the canal.

The French news agency said France's national defence department had requisitioned 45 merchant ships for duty with the "Suez squadron" in event of trouble over the canal.

The commander of Egypt's army said his forces are "strategically deployed to meet any situation."

Egypt's secret police arrested another British subject and charged him with spying. He is the fourth Briton to be arrested.

In Paris, the Suez Canal Company, operator of the canal before Nasser seized it, said in a statement it has ordered its pilots and other employees to stay on the job during the current Cairo talks.

Donald, No Daisy, Just Duck With Shattered Personality

BOTHELL, Wash. (AP)—Donald, the misnamed duck, is a creature with a puzzling personality. It isn't just a split one; it's nigh onto being shattered.

In the first place, says Mr. and Mrs. Edward Ringstad, the four-month-old waddler should have been named Daisy instead of Donald.

No. 2: She didn't have much justification for being born at all; a bantam hen, which wanted any old kind of egg to sit on, hatched Donald from a refrigerated one.

Lastly, Donald thinks she's a kitten. She was hatched about a week after the Ringstad's cat had kittens and moved right in on the feline family.

She tried to nurse from the cat without success, but started on a milk diet by eye-dropper. She went along as the mother cat taught the kittens to forage. For the first six weeks she slept with the kittens. She spurns water like any sensible cat.

She refuses to eat grain, preferring cat food. And she's crazy about horse meat.

"There's only one thing cats do that Donald can't," observed Mrs. Ringstad. "She can't meow."

B.C. ELECTION ROUND-UP

Mrs. Murray Hurls Defi at Bennett

Mrs. Margaret Murray, wife of former Liberal Member of Parliament George Murray, will run as an Independent in Peace River South.

The fiery woman editor of The Alaska Highway News, announced her decision after she heard Premier Bennett say that Independent candidates are not acceptable as Social Credit candidates.

"Mr. Bennett cannot issue an ultimatum to me," Mrs. Murray said. "I shall run whether he wants me to or not. But I shall still support the Social Credit government for its northern development policy if nothing else."

Stanley Carnell is the official Socred candidate for Peace River South, which is being contested for the first time in this election.

Smith said he would press for establishment of a railway commission "free of political influence" to control the Pacific Great Eastern Railway. He said he would also press for completion of the highway from Vancouver through Squamish to Lillooet.

John Beltz CCF candidate for North Vancouver, has promised to aid office workers "condemned to 52 weeks closed up in offices."

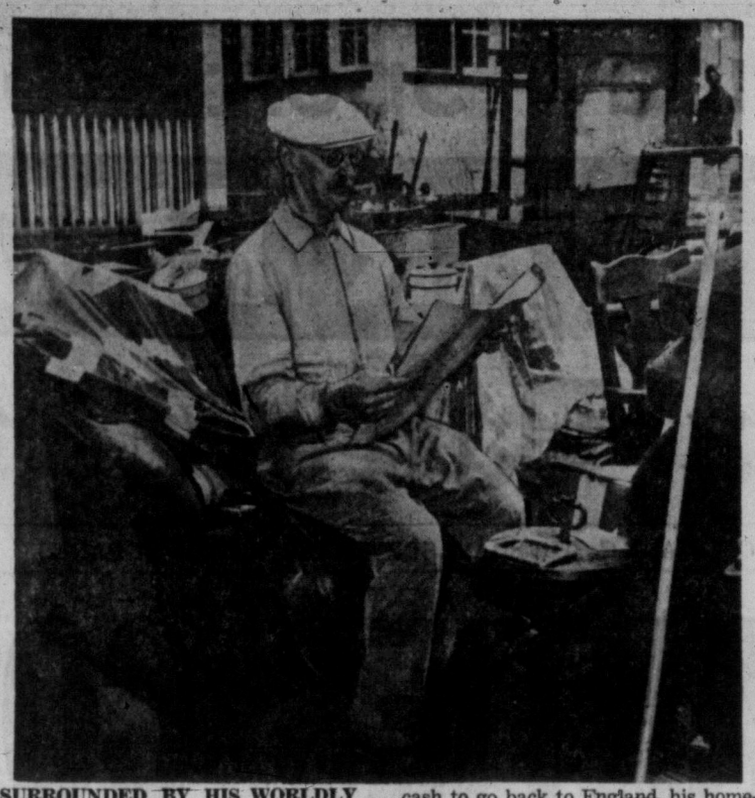
There are 12,011 names on the voters' list for the North Okanagan electoral district. The number is 500 more than were on the last voters' list.

There were 3,000 new registrations this year but more than 2,000 names were deleted from the last list.



SURROUNDED BY HIS WORLDLY POSSESSIONS, John Bickford, 81-year-old pensioner, sits in the rain on the lawn of his Toronto home after being evicted by the sheriff. He claims he was the "victim of a quick deal" because he wanted to sell his home for cash to go back to England, his homeland, to see his son. He said he was promised $8,000 but never received any of it and he claims he has yet to receive any payment. His son died last January and now Mr. Bickford doesn't want to go back to England.

Early Prairie Cold New Threat to Crops

EDMONTON (CP) — Out-of-season cold weather has settled over Alberta and Saskatchewan and the weatherman says farmers in the two provinces will have "at least two nights to worry over possible frost damage" to their crops.

The weather office said Monday cloud had prevented any serious frost damage Sunday and Monday but it would be mid-week before temperatures crept slowly back to September norms.

The coldest Labor Day on record in Edmonton brought no lasting snow to any Prairie points although there were a few snowflakes in the air in a light precipitation west of Calgary in the foothills. The snow, a little of which fell overnight in Edmonton and Calgary, melted as soon as it hit the ground.

A light frost was reported throughout southwestern Alberta Sunday and Monday but it was insufficient to cause real crop damage.

FROST IN CALGARY

Overnight temperatures Sunday fell to a record low for Sept. 3 of 33 in Edmonton and tied the record at Calgary, the coldest spot in the West, at a freezing 28.

The previous low in Edmonton for Sept. 3 was 49.8 on Sept. 3, 1952, while the temperature dropped to 28 in Calgary Sept. 3, 1929.

In Saskatchewan the coldest point was Swift Currrent where the temperature dropped to 33 Sunday night. Prince Albert and North Battleford temperatures were only two degrees higher while Saskatoon and Regina had overnight lows of 36.

Heavy Rains Downgrade Wheat Crops

WINNIPEG (CP) — Government officials said today that heavy rains which halted harvesting last week will likely cost Manitoba farmers thousands of dollars in reduced grades and yields.

Some grain authorities said wheat would drop at least one grade through bleaching caused by rain. Shelling and lower bushels weights would reduce yields by as much as 10 per cent in many areas.

Heaviest losses and longest delays were expected in eastern and northern sections of the province where about two inches of rain fell.

In the Red River valley, and northwestward to the Swan River district, combining is not expected to get under way again until late next week. Officials said that if current unfavorable weather persists, the lull may be longer.

Government officials said there was still a distinct threat that frost will cut into Manitoba special crops. Flax is generally 10 days to two weeks from maturity and soybeans and sunflowers are susceptible to severe frost damage.

Third Russian Nuclear Blast Revealed by U.S. Atomic Chief

WASHINGTON (AP) — A third explosion in the series of Russian nuclear tests in Siberia was announced Monday by the Atomic Energy Commission.

An AEC statement, issued by chairman Lewis L. Strauss, said the latest blast Sunday was about the same size as the two the Russians have acknowledged setting off Aug. 24 and Aug. 30.

President Eisenhower announced the two earlier detonations and for the first time located the site of the secret Russian proving grounds as in southwest Siberia. Moscow radio later confirmed the tests were under way and said the Soviets were perfecting "nuclear weapons" suitable "for arming of different kinds of troop formations."

Whether the devices are atomic or hydrogen bombs had not been revealed. But Eisenhower pinned the size of the first blast at "less than a megaton," which is the equivalent explosive force of 1,000,000 tons of TNT.

Asked Friday if the latest Russian tests would mean any changes in the U.S. defence planning of spending, the president said none were indicated.

AT WILLOWS BEACH

4,000 See Thrilling Powerboat Regatta

The Oak Bay waterfront echoed for close to four hours Monday afternoon with the high-pitched whining of some 20 powerboats competing in the annual Labor Day regatta.

A crowd of close to 4,000 holidayers watched the antics of the bouncing hydroplanes and runabouts from Willows Beach.

The sea was flat and referee Graham Fraser of Vancouver said over-all conditions were near perfect.

Only one accident marred the afternoon. That occured when Jack Butterworth of Port Alberni, driving the 136-inch hydroplane Miss Mischief owned by George Mowatt of Port Alberni, piled into a submerged leg.

BOAT SALVAGED

Butterworth escaped unscathed when the craft flipped over and sank after the shaft and propeller were twisted in the crash and a hole torn in the bottom. The boat was recovered and towed to shore.

Butterworth was travelling at about 45 miles an hour at the time, getting set for the start of a race.

The meet was directed by the Victoria Inboard-Outboard Association and attracted boats from Island and Mainland groups.

George Murdoch, chairman of Oak Bay council's celebration committee, opened the regatta.

The coveted Native Sons of Canada Trophy was won by Jim Simpson of Port Alberni in Nemesis, who drove to victory in the outboard marathon.

Most exciting race of the day was the Crackerbox (inboard runabout) class, won by Ron Bestward of South Burnaby in Firecracker after a five-lap duel with Ken Cameron of Victoria in Hot Canary and Phil Wilkinson, Victoria, in the Maggie 2.

Lucky ticket in the draw for an 11-foot open car-top runabout with six-horse motor was held by Robert C. Watt of 721 McKenzie.

my side of the story

A Continuing Series
By THE DUCHESS OF WINDSOR

Perhaps reports of these small but heartfelt demonstrations of affection for David reached the Palace. In any event, David one day was suddenly summoned to the War Office, to be informed by Field Marshal Sir Edmund Ironside that he was to be assigned to the British Military Mission at Vincennes and was to report for duty as soon as possible.

David heard nothing more from his brother. The civil job was never mentioned again. David and I suspected — perhaps unfairly — that some of the older members of the court had recommended that, rather than encourage any possible revival of the former king's popularity, he be posted safely and obscurely outside the country.

Naturally David was disappointed but he chose not to make an issue of the matter. He still retained the rank of admiral of the fleet and of field marshal in the army, and marshal of the Royal Air Force. Rather than confront the war office with an awkward problem, he cheerfully agreed to waive temporarily his rank and accept that of major-general.

We remained in England only long enough for David to be briefed on his new duties. One forenoon late in September we left Portsmouth in the destroyer Express and were put ashore at Cherbourg in the late afternoon.

Directly on our return to France, David reported to his military mission at French general headquarters outside Paris. Because he would have to live at headquarters and travel a great deal, and as there was no telling when the lull following upon the collapse of Poland would explode into furious action, our first decision was not to open our house but to stay at the Trianon Palace hotel in Versailles.

Being anxious to do my bit, I joined a French relief organization, the Colis de Trianon, that had been started by the indefatigable Elsie Mendl. Its purpose was to pack and distribute comfort kits among the French troops.

Paris on Tiptoe for War's Next Paroxysm

Now followed that odd interlude known as the phoney war—a period when the Wehrmacht stood silent and menacing behind the Rhine and along the northern frontier of France. A considerable part of the French army had meanwhile disappeared into the concrete casements of the Maginot Line, braced for the blow that mystifyingly held in abeyance.

Paris, or rather the part of Paris that I knew, waited as on tiptoe for the next paroxysm.

Wearying of hotel life, I soon decided to take a chance and reopen our house. But it was never again the same. I left it exactly as the staff had closed it for the summer, with the dust covers shrouding the furniture and the rugs rolled up alongside the walls.

The tall windows were hung with heavy black curtains, drawn tightly each night to prevent even a sliver of light from showing.

I took another job, joining the motor branch, called the Section Sanitaire, of the French Red Cross, and contributing my car. This job required my making frequent trips to the hospitals behind the Maginot Line, delivering plasma, bandages and cigarets.

Between the Section Sanitaire and the Colis de Trianon I was busier and perhaps more useful than I had ever been in my life. There were weeks when I did not see David at all, but he telephoned when he could. He too was continuously shuttling back and forth between Vincennes and the French lines.

In Paris it was the unreality of the lull that dominated one's thinking. No bombs fell and the hope grew that perhaps none would ever be dropped.

On the Maginot Line one gained an entirely different view. There, in the presence of hundreds of thousands of men concealed under camouflage or at their underground posts, one sensed that events were under compression, as when a spring is coiled. There was no telling when a button might be pushed, the spring released and savage violence unleashed.

The winter passed. David, like me, was all the while on the move. His personal position, I had come to realize, was delicate and even difficult. There was no precedent in British military protocol for regularizing the role and position of a former monarch who had taken subordinate rank.

There had even been an awkward incident involving his brother, the Duke of Gloucester, also a major-general, but now outranking him as a royal duke in the table of precedence.

Soviets Admit Nina Hides In Embassy

LONDON (Reuters) — Nina Ponomareva, Russian discus throwing champion sought by British police, remained hidden in the Soviet embassy here Monday as her fellow athletes flew home to Moscow.

A Russian embassy official confirmed for the first time that Mrs. Ponomareva was in the Embassy, where she is immune from arrest.

"She will probably leave for Moscow in two or three days time," he said.

Nina, 27, brawny Olympic record holder, was tossed into the middle of a diplomatic storm by five feathery hats which a London store accuses her of stealing.

A court warrant has been issued for Nina's arrest because she did not turn up to face the shoplifting charge. Nothing except her presence in court can satisfy this.

The question is—what will happen when Nina leaves the Soviet embassy to go home? As soon as she steps out of the gates, her immunity ends and she can be arrested.

pal priest who walked into an angry mob to call for "Christian action," was led to safety today by a Texas Ranger when the racial demonstrators began arguing violently with him.

Rev. D. W. Clark of St. Timothey's Church in Fort Worth, Tex., was not harmed and no hand was laid on him.

The mob, which has vowed to keep Negro students out of the high school here despite federal court orders, was estimated at 150, far short of the 400 Friday.

Ranger Capt. Bob Crowder earlier today announced that any Negroes who sought to register would be transferred to another school district immediately. Crowder made the announcement after conferring with school superintendent R. L. Huffman.

The priest told the crowd God had commanded man to love his neighbor.

One man exclaimed "Who is our neighbor?" Another declared "Niggers belong in Africa."

In another double fatality, CNR section foreman Stefan Bylycia of Hutton, and Samuel Beercroft, CNR relief roadmaster, were crushed to death by burning logs that fell from a flat car at Hutton, east of Prince George.

Other traffic victims were Mrs. Gertrude Hawkins, 60, of Vancouver, fatally injured when she was struck by a car Sunday night; Sharon West, 16, of Dawson Creek, killed on the Alaska Highway, 31 miles from Dawson Creek; Douglas Harvey of Dawson Creek, killed when his truck went into a ditch on the Hart Highway, and Mrs. Fred Sweishoff of Grand Forks, who died in hospital at Trail after she was hit by a car Saturday.

Harold Burrows of Burnaby, B.C., was drowned Sunday when he fell from a boat on Lake Tulameen in the Princeton area.

James Patrick McGill, 19, believed from Port Moody, was killed when he fell from a hotel window at Kamloops.

Mrs. Jessie Munson of Vancouver, died instantly when she fell from the back verandah of her home to a concrete sidewalk nine feet below. Police believe she fell through a broken guard rail while shaking out a rug.

In the United States the highway death rate dropped in the closing hours of the Labor Day holiday weekend Monday night and the United States safety council held out hope that the final toll would fall far short of its advance estimate of 480 deaths.

Although millions of homeward-bound motorists were jamming country's highways, an Associated Press survey reported only the relatively low number of 46 traffic deaths in a seven-hour period between 4 and 11 p.m. EDT. That raised the traffic-death toll to 402. In addition, there have been 74 drownings and 62 deaths from miscellaneous causes for an over-all total of 538.

The worst holiday fatality in Canada was at Kenora, Ont., where five persons drowned Monday in a boating accident on the choppy waters of Lake of the Woods.

The victims: Mrs. Margaret Baker, 23; and Mr. and Mrs. Gordon Wieser, both 24, all of Kenora; Mr. and Mrs. Lloyd Price of Warren, Man.

A sixth member of the party, Robert Ebers Baker, 27, of Kenora, husband of one of the victims, was able to swim to shore.

The body of Mrs. Baker was recovered a few hours after the accident. It had remained afloat, suspended in the water by an air-inflated windbreaker. Dragging was started today for the other bodies.

The mishap occurred off Spruce Point near Ptarmigan Bay, 15 miles southwest of Kenora and six miles from Clearwater Bay, where the trip started.

Russia Ready To Buy Canadian Fish Machinery

OTTAWA (CP) — The Russian fisheries delegation touring Canada has opened negotiations with a Toronto manufacturing firm for purchase of Canadian fish processing equipment.

Soviet Fisheries Minister A. A. Ishkov told a press conference today that Russia will buy many machines already seen by the delegation.

He said it wouldn't be reasonable to set up a new industry to build fish processing machinery in the Soviet if the machinery can be purchased now from Canada.

Fisheries Minister Sinclair, who accompanied Mr. Ishkov to the conference, disclosed that the negotiations for purchase were begun last weekend between Mr. Ishkov and the John Inglis Company.

Mr. Ishkov and his associates, who have completed a tour of east coast fisheries, will leave by plane Wednesday for a similar tour of the west coast.

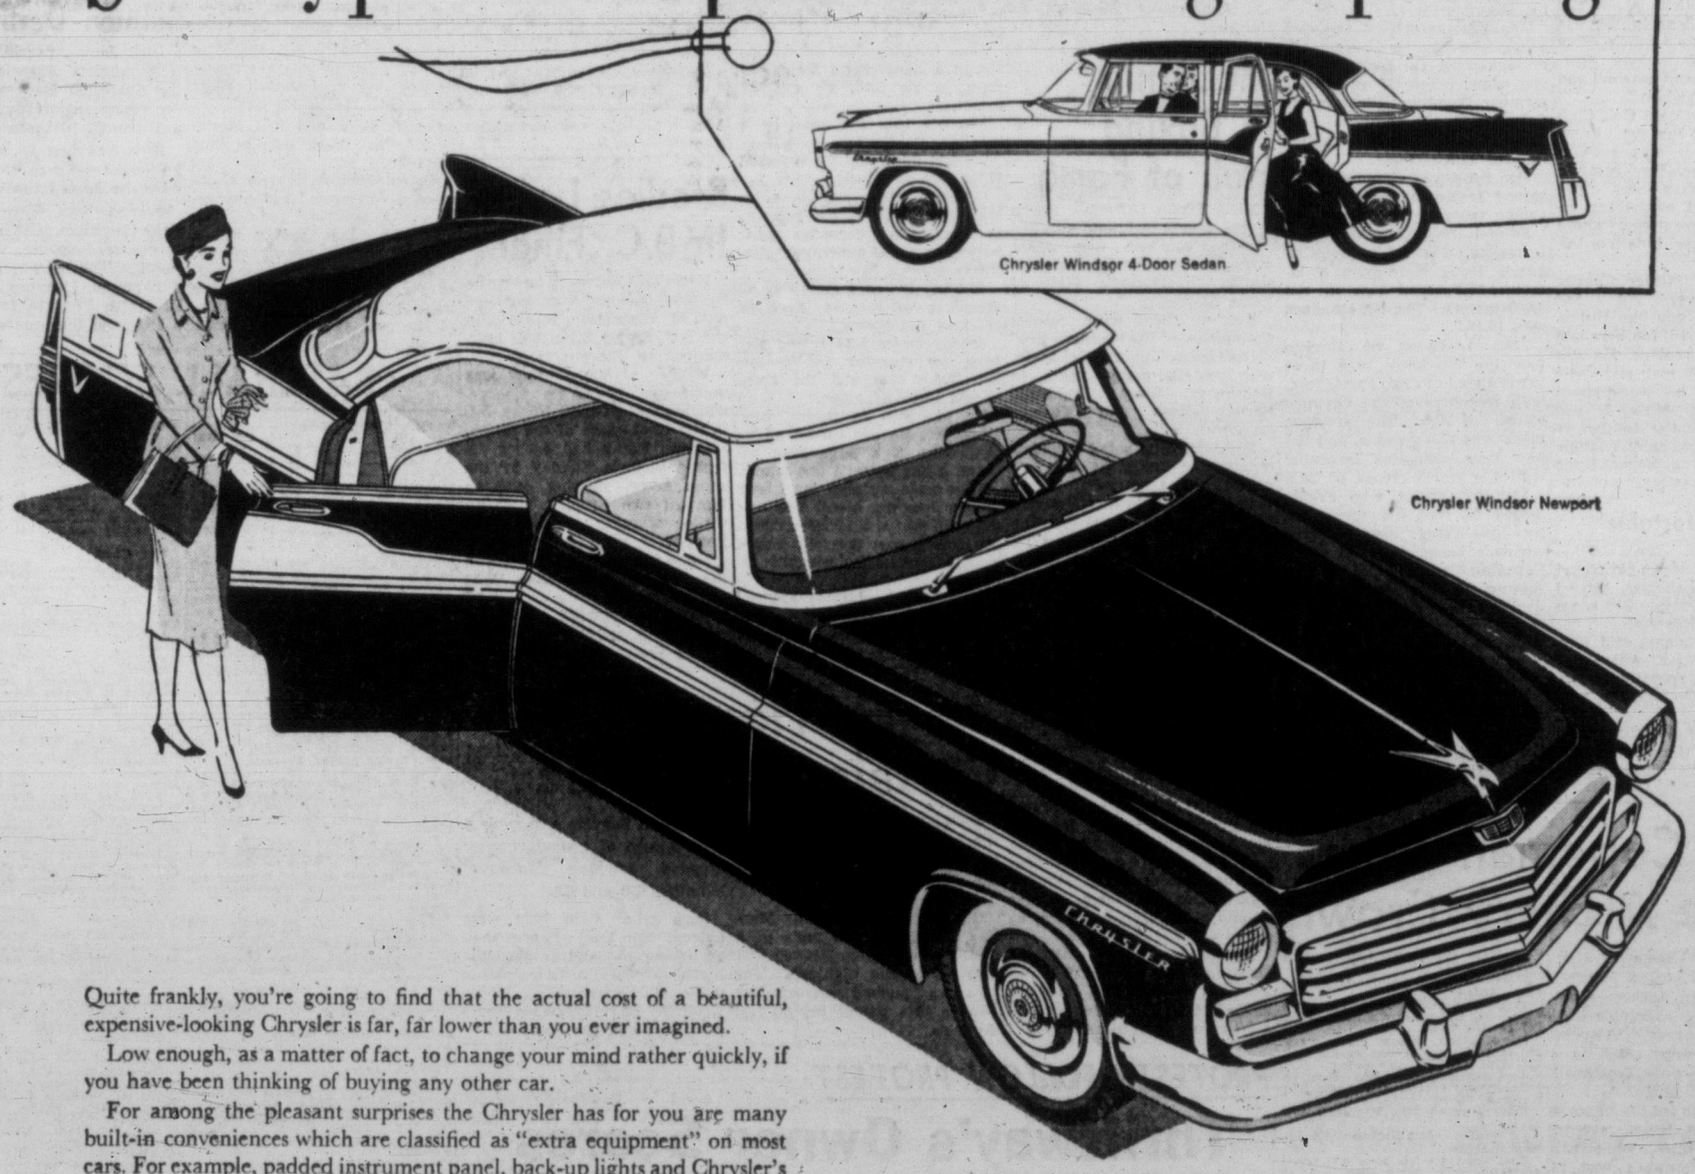
So many pleasant surprises...including the price tag



Quite frankly, you're going to find that the actual cost of a beautiful, expensive-looking Chrysler is far, far lower than you ever imagined.

Low enough, as a matter of fact, to change your mind rather quickly, if you have been thinking of buying any other car.

For among the pleasant surprises the Chrysler has for you are many built-in conveniences which are classified as "extra equipment" on most cars. For example, padded instrument panel, back-up lights and Chrysler's push-button PowerFlite automatic transmission are just a few of the additional conveniences which are standard equipment and, of course, *cost* you nothing extra when you purchase this superb motorcar.

Your Chrysler dealer is in an excellent position to put you into this great car. And you'll find it advantageous to see him *now*.

FRED HUTCHINSON SUCCUMBS . . . . . WHILE PLAYING GOLF

'Hutch' Died, as He Lived—Sport Was His Life

By BILL WALKER

He knew no other life, did Fred P. Hutchinson.

And he died as he lived—in sport.

"Hutch" passed away Sunday on a golf course, suddenly, and many years too soon. He was 44.

Managing director and vice-president of the Victoria Hockey Club (the Cougars), Hutchinson collapsed on the 18th fairway of the Colwood Golf Club. He was dead when his opponent in a club match, E. Brooks, reached his side.

He had complained of feeling tired before the match, and he had remarked on the 16th green, where he was one up, that if he won the 17th he'd rather not play the 18th.

It was necessary, however, and he succumbed shortly after reaching his drive.

But he was like that—stubborn in his affable way, but righteous and a credit to all sport which was his life.

Hutchinson came to Victoria on Aug. 5, 1949, as general manager of the Victoria Cougars in the first year of the re-activated post-war Pacific Coast Hockey League.

He had acted in that capacity ever since.

Last year when ownership of the club changed hands, Lester Patrick relinquishing his interest in the club, Hutch was instrumental in the reorganization. He was named managing director and vice-president.

His life was devoted to sport, and in the brief span of seven years when he came to call Victoria home, he was a respected member of the community, and one who, without fanfare, devoted his time to all sport.

His advice to all was gracious and from the heart.

He crowned his arrival here with immediate success, which was a pattern on his life—from cub reporter to newspaper and sport executive.

He was a former sports editor, executive sports editor of two papers in the Minneapolis-St. Paul area, arena manager and general manager of the St. Paul Hockey Club of the United States Hockey League, and general manager of the Minneapolis Baseball Club of the American Association. He resigned the latter post to accept the hockey position in Victoria.

Hockey fans knew him as an affable, courteous, and highly capable official. Hockey players knew him as a tough taskmaster, but always fair in his dealings. He struck a hard bargain but he stuck to any bargain he made.

If there was a moroseness in his manner from time to time, and there was, it was understandable to those close to him.

A diabetic for many years, Hutch lived almost alone with this ailment.

At times it would knock him down, but he was too stubborn to let it floor him. He was like that in life.

If there was an argument, Hutch would be fair as a listener, and reasonable in his comments. Too, there was always the suspicion that he could have presented a better case for the prosecution. That was "Hutch", and never did he castigate one unfairly.

Several of the Western Hockey League rule changes can be attributable to him.

He was held in high esteem in the hockey world, and was a right-hand man to WHL president, Al Leader in many instances, many times acting in an advisory capacity to the league and other member clubs. All without fanfare.

He played each game as hard as any player. He revelled with the team in victory, and he suffered deeply in defeat.

He asked no more of the players than they give their best. It was his mode of life and he expected others to do the same. He knew no other way.

A member of the Royal Colwood and Victoria Golf Clubs, Hutch played at sport as diligently as he worked at it. He was a former director of the Colwood Club, and also a member of the Pacific Club.

This year, according to coach Colin Kilburn, he "was working harder than ever. He was really looking forward to the season and had planned several innovations for the fans. He was always sincere, but this summer, he worked harder than ever. He felt he had a duty to the public."

Club president, Dr. Reg Wride, "deeply saddened by Fred's sudden passing," said "plans for the coming season were practically completed, and it will be only a matter of carrying out the plans that Fred had made. At the present moment, it is the intention of the executive to carry on until such time as a successor to Fred is named. Fans may be sure that they and hockey in Victoria will not be let down."

This was Fred all over again. He always had everything up to the minute.

His sense of humor was a trademark, particularly on the golf course, and as he teed off for the final hole in this life, he was the same Hutch that many came to admire, and because of which many more wished they could have called him "friend".

For on that final hole, he jokingly remarked to Bud French, playing in another match to that which he was engaged in with E. Brooks:

"Would you like to take my tee shot, I'm beat."

Minutes later, he died, as he had lived—for sport.

Tributes Paid to 'Hutch'

Hockey executives and close friends of Fred Hutchinson today paid verbal tribute to the popular general manager of the Victoria Cougars, who died Sunday while playing golf at Colwood Golf Club.

The tributes praised "Hutch" as an expert in his line and as a friend.

Lester Patrick, former Cougar owner, who brought Hutchison to Victoria—"It's been quite a shock. Fred was an easy fellow to know and he made friends wherever he went. I think his staff revered him. His word was as good as his bond and he always worked harder than anyone else. It's a great loss to hockey and to myself."

Dr. R. J. Wride, Cougar president—"I am deeply saddened by Fred's death. Our association with him had been a particularly happy one as Fred had a great capacity for friendship. His business ability, his astuteness and his dependability will always be remembered and admired. Victoria will miss Fred Hutchinson."

Al Leader, Western Hockey League president—"The Western Hockey League has lost one of its best executives and one of the best general managers in the game. I have lost a good friend."

Joe Dukowski, Memorial Arena manager—"Fred's death comes as a great shock to me as we were close friends as well as business associates. He was certainly one of the top general managers in the business and his detail work was perfect."

Coley Hall, Vancouver Canuck owner—"Hutch's death will certainly be a loss to Victoria and the WHL as a whole. I've known him for a long time, both in hockey and baseball and I'll certainly miss him."

Bill Court, Colwood Golf Club professional—"I just don't know what to say, it was such a shock. Ever since Fred came to Victoria, we have been close friends; we did everything together and we went everywhere together. For me, it is like losing a brother."

Ed Dorohoy, former Cougar coach and player—"It's a sad thing to lose a guy like Hutch. He did a wonderful job here and will be hard to replace. He was a terrific hockey man and there was no one in the world more thorough than him. I had talked with him the day before he died and, ironically enough, we were talking about Lynn Patrick's heart attack."

Babe 'Comfortable'

GALVESTON, Tex. (UP)—Golfer Betty Dodd, an old friend of Mrs. Babe Zaharias, visited the Babe yesterday in her room at John Sealy Hospital.

Hospital attendants said Mrs. Zaharias' condition, which has grown weaker recently in her long fight against cancer, was unchanged.

The Babe and Miss Dodd talked over old times after Babe awoke from a "comfortable night's rest."

Longden Sets New Mark; Rides 4,871st Winner

JOHNNY'S THE BEST NOW

Jockey Johnny Longden looks over the likeness of Sir Gordon Richards, whose world riding record of 4,780 victories he broke Monday at Del Mar track. Longden rode three winners for 4,781 total.

By BOB MYERS

DEL MAR, Calif. (AP)—On a day 'way back in 1927 a willing but completely anonymous young jockey rode a horse with the incredible name of Hugo K. Asher for a win at the fair grounds at Salt Lake City.

The exact date is obscure, the event most inauspicious, but the rider, a man named John Eric Longden, has come a long way since then.

Today Johnny Longden, almost 30 years later and some 24,143 trips aboard a horse around a race track, has won more races than any man in the history of the thoroughbred sport.

The galloping grandpa, 46-year-old Johnny moved into the all-time winner's circle in dramatic manner here Monday when he tied and then surpassed the international record held by England's Sir Gordon Richards.

The mark was 4,870. It had held firm since Sir Gordon retired in 1954.

SETS TRACK RECORD

Johnny hung up a riding triple Monday, climaxed with win No. 4,871 registered in sensational fashion in the feature race of the holiday weekend, the $33,350 Del Mar handicap.

Longden scored on Mr. and Mrs. Dick Griegorian's Arrogate for the second straight year in the Del Mar feature, and just for good measure, piloted the chestnut five-year-old, an ex-Calumet Farm horse, around the strip in new track record time of 1.47 for the 1⅛-miles.

He started the day with two to tie and three to break Sir Gordon's record. He advanced a notch in the second on a favorite, Dennis.

Then Longden tied Sir Gordon aboard a third choice horse, Big Rush, in the fifth, for a $15.70 payoff.

Arrogate took the issue by a nose over Honeys Alibi, with Brisk 'n' Bright third, and the crowd of 21,945 fans went wild.

Longden, who was born in Wakefield, England, but grew up in Taber, Alta., where his father worked as a coal miner, said after the race:

"I'd say it was a great day all around, a real long way since the crackers and cheese."

Johnny indeed was a long way from the crackers and cheese, Salt Lake City and the horse named Hugo K. Asher.

He has won in purses some $15,600,000. He has earned all he has, which is a large bank account, a fine home, a fine family.

"I've made mistakes, but I have always done my best." This was the main part of a Longden thank-you speech over specially rigged loudspeakers in the winner's enclosure.

Next week he flies to England to ride Calgary Court, owned by Max Bell and Alberta Ranches of Calgary.

O'BRIEN CRACKS RECORD

EUGENE, Ore. (AP)—Parry O'Brien cracked his own pending world record three successive times Monday with a final throw of 62 feet, 6⅝ inches in the shotput at an exhibition track meet of Olympic stars.

It was more than a foot beyond his throw of 61 feet, 4½ inches, which is up for recognition as a world record.

The former University of Southern Californa weight man, now with the air force, tossed the shot 62 feet, three inches on his first try and 62 feet even on his second.

Before Monday's performance, O'Brien was the only man ever to throw the shot more than 61 feet. The Olympic record, also held by O'Brien, is 57 feet, 1½ inches, set at the 1953 Olympic Games.

TRIBUTE TO JOHNNY

'Marvellous Achievement' —Sir Gordon

MARLBOROUGH, Eng. (AP)—"It's marvelous, a wonderful achievement and Johnny has my congratulations."

This was the reaction of Sir Gordon Richards, now a trainer, when told Monday night that Johnny Longden had broken his world riding record of 4,871 with three winners at Del Mar, Calif.

"We're old friends, of course—have been for years," Richards said. "Johnny and his wife often stay with us over here and we have a standing invitation from them whenever we go to the States.

"Johnny is coming over to ride in the St. Leger next week and I'll see him and congratulate him then. We'll have a drink together to celebrate his feat."

Four Canadian Marks Fall to Olympic Squad

TORONTO (CP)—The three-day Canadian Olympic training program championships wound up Monday with four Canadian records smashed—three by Western Canadian members of the Olympic team.

The first record of the day was set by Eleanor Haslam, 16, of Saskatoon. The petite youngster edged fellow Olympic team member Dorothy Kozak, 24, of Calgary, in the semifinal 100-metre run in record-making time of 11.9 seconds.

Her time was one-tenth of a second faster than the old Canadian record of 12.0.

Second record-breaking performance was made by Calgary's Doug Kyle with a 14-minute-18.2-second run in the 5,000 metres. The old standard was 15.16.2.

Stan Levenson of Toronto won the 200-metre race three yards ahead of Jack Parrington, both members of the Olympic squad, in 20.9. The previous mark was 21.4 seconds, and the new time compares favorably with the world record of 20.6.

Dorothy Kozak, who Friday leaped 18 feet, 5¾ inches, in the qualifying heat of the women's broad jump to set a Canadian record, Monday jumped 18 feet six inches to increase her distance on the record.

The women's Olympic 400-metre relay squad covered the distance in 47.2 seconds, sixtenths of a second faster than the old Canadian mark. Members of the squad were Miss Kozak, Miss Rever, Miss Haslam and Diane Matheson of Montreal.

MEETING POSTPONED

Victoria and District Football Association has postponed its meeting at the Chamber of Commerce board room, Black Ball Ferry building, until Wednesday night at 8.

McLarnin In Boxing Hall of Fame

NEW YORK (AP) — Seven boxing greats including a native Canadian and one who spent many years in Vancouver were elected to Boxing's Hall of Fame Saturday.

Four of them were former champions of the "modern era"—Irish-born Jimmy McLarnin, who lived for many years in Vancouver, Tony Canzoneri, Barney Ross and Tommy Loughran.

McLarnin was voted Canada's outstanding boxer of the half century in a Canadian Press poll. He also is in the Canadian Sports Hall of Fame at the Canadian National Exhibition in Toronto.

George Dixon, a native of Halifax, and once holder of the weight titles, Jem Driscoll, the Welsh will o'the wisp and one-time British lightweight champion, and Peter Jackson, a formidable heavyweight of the bareknuckle days, were chosen to represent another era of the sport. All three are dead.

Bums Bag Branca

BROOKLYN (AP) — Brooklyn Dodgers, suffering from an acute pitching shortage in the late stages of the National League pennant race, Monday signed one of their former mound stars, Ralph Branca, as a free agent.

Branca, who was with the Dodgers from 1944 to 1953, has been out of organized baseball since last season, when he had a 3-3 record with Minneapolis

Brodies Lose In B.C. Final

VANCOUVER — Victoria Brodies' Bakery was knocked out of contention Sunday in the B.C. Senior B Softball tournament at Vancouver.

Winner of the tourney was undefeated Prince George, which shaded Grand Forks, 5-4, in the final game of the series.

Grand Forks had earlier defeated Victoria Sunday by the same score, rapping out ten hits off two Brodies' pitchers, while winning pitcher Bill Perigodeff spun a four-hitter.

Dixie Harper, who started on the mound for Brodies, was the loser.

Saturday, Harper pitched a three-hitter as Brodies downed Grand Forks, 8-2.

Angels Home Free; Certain of PCL Tie

By virtue of their 100th win this season, Los Angeles Angels have cinched at least a tie for the Pacific Coast League pennant.

They accomplished this Monday, sweeping both ends of a doubleheader from Seattle 11-7 and 5-3 in the nightcap. The losses pushed second-place Seattle 14½ games behind Los Angeles.

Portland Beavers also made a clean sweep of a doubleheader Monday, downing Vancouver Mounties 7-0 and 6-4.

Two other twin bills were halved. San Diego Padres took an opener 10-4 and dropped the nightcap 3-0 to Sacramento while San Francisco beat Hollywood 8-5 and Hollywood came back to blank the Seals 4-0.

Bess Copeman Takes Triple Archery Crown

Victoria and Vancouver archers shared top honors Monday as the Canadian Archery Association regional championships and the B.C. Archery Association championships came to a close at the Victoria Bowmen's Admirals Road range.

Bess Copeman led the Victoria women in the ladies' events, taking three titles, while Bill Carnes was Victoria's best in the men's rounds.

Two existing Canadian records were broken in the CAA shoot, Carnes' 244 in the target clout and Mrs. Mac Jones' 755 in the Hunter's round breaking the old marks.

Three perfect ends were shot during the combined meets. Bess Copeman put six consecutive arrows in the gold from 30 yards, while Vern Craig of Vancouver and Bill Carnes did it from 40 yards.

Thriftway's Owner Scores Detroit Racing Officials

SEATTLE (AP) — Hydroplane owner Willard Rhodes, as hot under the collar as the throbbing engine of his Miss Thriftway, said Monday night if the Thrifty isn't declared winner of the 1956 Gold Cup, the sleek craft will never be raced in Detroit again.

Rhodes' heated statement was another volley in a battle that has raged since the Thriftway was disqualified by the Detroit International Regatta Association in the Gold Cup Race last Saturday for allegedly striking a buoy in the final heat.

The Thrifty, with Bill Muncy at the wheel, apparently had won the bowl by taking a second in the first heat and winning the second and third heats.

The Detroit committee then awarded the Gold Cup to Miss Pepsi of Detroit, which finished ahead of Muncy in the first heat and second to the Seattle boat in the last two heats.

That decision subsequently was reversed and the Detroit Regatta committee tossed the whole problem to the Inboard Racing Commission of the American Power Boat Association following Seattle claims that Miss Pepsi had hit the buoy Muncey was originally accused of hitting.

Monday, William T. Wagoner, Vernon, Tex., owner of the Harmsworth Cup defender, Shanty, and of Miss Seattle, both sailing out of the Seattle Yacht Club, joined Rhodes.

"From start to finish, the Gold Cup was loosely conducted. Nobody seemed to know what they were doing," he said. "There was a lack of organization all around."

Don't Count Redlegs Out

By The Associated Press

Cincinnati Redlegs are getting downright uncooperative in that National League pennant chase. They just won't die.

Remember when they lost three straight in Brooklyn? And when they dropped three or four at Milwaukee? Or when they won only three of seven from the Braves and Dodgers in Cincinnati? It looked like it was time to buy beer for the wake.

Trouble is, the beer, not the Redlegs, wound up on ice.

They had a dandy chance to get measured again in the Labor Day doubleheader at Milwaukee. They blew a 2-0 lead and lost the first game 3-2. Then they blew a 2-0 lead in the nightcap, but bounced back to pack it away on Ted Kluszewski's 34th home run and a long-haul relief job by Brooks Lawrence that beat the Braves 7-5.

The split kept the Redlegs within 3½ games of first place Milwaukee and in a second-place tie with Brooklyn, which split a pair with Pittsburgh. The Dodgers rallied to take the opener 4-3, but then got beat at their own game as the Pirates pulled a squeeze bunt to win the nightcap 3-2.

The other NL twin bills also were split. St. Louis defeated Chicago Cubs 4-2, then lost 8-0. Philadelphia smacked the New York Giants 5-1 before losing 2-1.

In the American, Baltimore's Orioles kept Mickey Mantle homeless — putting him even with Babe Ruth's record 60 - homer pace in 1927 with 47 in 33 games—but lost a doubleheader to New York Yankees 6-1 and 5-0. Second-place Cleveland slipped 8½ games behind, losing 5-2 in a morning game at Kansas City, then winning the afternoon contest 2-1.

Chicago White Sox split with Detroit, losing 11-8 and winning 5-3. Boston walloped Washington twice, 7-5 and 16-0.

Frank Robinson hit his 36th home run, two shy of the rookie record, for the Redlegs in the opener Monday, but Hank Aaron busted his 22nd and 23rd for a 2-2 tie. Joe Adcock broke it up in the ninth with a single after Aaron's double and Lew Burdette had his 18th victory. Johnny Klippstein was the loser, getting banged on the leg by Adcock's winning blow.

Farmers Capture Island Ball Tourney

Farmer Construction pitching mowed down the opposition in brilliant fashion over the Labor Day weekend as Victoria's Farmers won the annual Courtenay $500 baseball tournament with ease.

Veteran Bill Prior capped the three-game undefeated streak of Farmers Monday with a seven-hit pitching job as Campbell River was routed, 13-1, in the final.

Charlie Boyd and Ron Martin helped Prior along with a home run each.

Earlier Monday, Farmers disposed of Vancouver Longshoremen, 6-1, in a semifinal game. This time it was Don Donahue with a three-hit pitching effort.

Southpaw star Bill Garner started the Farmers off on the right track Sunday, with a three-hitter of his own as Farmers downed Vancouver White Spots, 3-0, in the opening game of the tourney.

Dick James Wins Salmon Derby

Dick James, president of the RCN Anglers' Association, won the Cowichan Bay salmon ladder derby fishoff Sunday with a 21-pound, 10½-ounce spring.

Dick had just 20 minutes to go until the 8 p.m. closing time when he boated the winner.

Second was Vern Palliser, Lake Cowichan, with a 21-pound, seven-ounce spring, while Roy Smith, Victoria, was third with a 19-pound, 11-ounce catch and E. Smith Victoria fourth with a 15-pound four-ounce fish.

Vancouver Side Takes Cricket Cup

VANCOUVER (CP)—Vancouver cricketers Sunday regained the Flummerfelt trophy by drawing the return intercity match here. They won the first game in Victoria on Dominion Day.

Batting first, Vancouver lost their first seven wickets for 88 runs, then Wallace Tait and Peter Snelling put on 80 runs for the eighth wicket, and Alan Stead assisted Snelling to add 59 more in an unbeaten 10th wicket partnership.

Tait compiled 77, Snelling made 42 not out, Stead 40 not out, and Jack Kyle hit up 28.

The innings was declared closed at 238 for nine wickets.

Victoria replied with a score of 173 for the loss of nine wickets, Dennis Hendra making 38, Jack Sparks 31 and Ned Larson 25.

Bowling honors for Victoria went to Jim Richards, who took three wickets for 51 runs.

For Vancouver it was Frank Sealey, four for 56, and Alan Stead, three for 45, but Sealey bowled 18 no-balls to somewhat spoil his record.

Marlene, George Take Medal Honors

JASPER Alta. (BUP)—Marlene Stewart of Foothills, Ont., competing in the 26th annual Totem Pole golf tournament at Jasper, topped all competitors with a par of 77, to win the qualifying medal in the ladies' division, one stroke better than Victoria's Marg Todd.

In the men's division Dr. George Bigelow of Victoria led qualifiers with a one-over-par 72. Fred King of Calgary was a stroke behind.

No Decision On Grid Protest

REGINA (CP) — Commissioner G. Sydney Halter of the Western Interprovincial Football Union said Monday that an announcement of his decision on Calgary Stampeders' protest of a 16-15 loss to Winnipeg Blue Bombers would be made public "as soon as I return to Winnipeg and can write it out."

Halter said no official announcement would be made before he gets to Winnipeg.
